PRESIDENT TO VISIT CAPE COD.

Arrangements for the Laying of the Corner Stone for the Pilgrim Monument.

The President Will Come From Oyster Bay to Provincetown on the Mayflower, and Will be Met Here by Governor Guild.

(By special wire to THE ARGUS.)

Provincetown, Mass., Aug. 15.—Arrangements are rapidly nearing completion for the laying of the corner stone for the Pilgrim monument next Tuesday, when the presence of President Roosevelt and many other distinguished guests will render the day of a commemorative significance probably without a parallel in the history of New England since the dedication of the Bunker Hill monument in Charleston.

The president will come from Oyster Bay to Provincetown on the Mayflower, and will be met here by Governor Guild, who will journey from Boston in the gunboat Newport, attended by a brigade of the Massachusetts naval militia.

The corner stone for the monument will be laid with imposing Masonic ceremonies by the Grand Lodge of Masons of Massachusetts, J. Albert Blake, of Malden, grand master. The grand master will be assisted in laying the corner stone by President Roosevelt, who is a member of the order.

The principal address of the day will be made by the president. The poem will be by Nathan Haskell Dole, of Jamaica Plain, and a dedicatory hymn written by Dr. William Elliot Griffis, of Ithaca, N. Y., will be sung. Other addresses will be made by United States Senator Henry Cabot Lodge and Hon. William C. Lovering, of Boston. The conclusion of the ceremonies will be marked by the firing of a salute from the ships of the North Atlantic squadron in Provincetown harbor.

FIRST SHOT FIRED.

Capt. J. J. Thomas Says That Mr. A. C. Green, of Wake, Opened the Battle of Gettysburg on July First, 1863.

Raleigh News & Observer.

Capt. J. J. Thomas, president of the Commercial and Farmers Bank, who served gallantly in the Confederate army, speaking yesterday of the monument to be erected at Gettysburg by Charles H. McConnell, private in the 19th Indiana, and told of in yesterday's News and Observer in a communication from Col. W. H. S. Burgwyn, of Weldon, declared that the most remarkable in the world, as it would commemorate the defeat of the Indiana regiment, this by the 26th North Carolina.

Capt. Thomas was in the battle at Gettysburg, on July first, 1863, and he stated yesterday that the shot which began the engagement was fired by Mr. A. C. Green, a prominent farmer of Wake county, then a member of the 47th North Carolina, a battle in which the 26th North Carolina was decimated, its commander, Col. John R. Lane, of Chatham, being wounded by Mr. McConnell as the 19th Indiana was on the retreat and Col. Lane was advancing with the colors. A few years ago Col. Lane and Mr. McConnell met here in the Yarborough House, this for the first time since the war.

Capt. J. J. Thomas, who was in that battle, was the assistant division quartermaster and was a member of the 47th North Carolina in Pettigrew's Brigade.

PUTS IT UP TO NEILL.

The President Deaf to All Appeals.

Requests From Numerous Boards of Trade Disregarded—All Communications on the Subject Referred to the Commissioner of Labor.

Oyster Bay, L. I., Aug. 15.—President Roosevelt will not concern himself personally with the telegraphers' strike, according to the best information obtainable here today.

Appeals to the President to take some action looking to a settlement of the strike were received at the executive office here today, from boards of trade and commercial bodies of a large number of cities. The applications were similar in character to those formulated today by the Chicago Board of Trade. Each emphasized the importance of direct action by the President.

The communications have been referred to Commissioner of Labor Charles P. Neill. It is understood that no instructions or recommendations have been forwarded to Mr. Neill. From the first, Mr. Neill has been active in an endeavor to effect a settlement of the trouble. It is stated here that he has as yet made no report to the President nor has he received any messages from Mr. Roosevelt touching upon the matter in hand.

EDWARD AND FRANCIS JOSEPH MEET.

The Meeting Took Place Today at Ischl, the Favorite Summer Residence of the Austrian Emperor.

(Special wire to THE ARGUS.)

Vienna, Aug. 15.—The meeting today of Emperor Francis Joseph and King Edward at Ischl, the favorite summer residence of the Austrian emperor, is officially stated to be merely a friendly meeting and without political significance. While this is doubtless true in a measure it is nevertheless a practical certainty that questions of deep international importance will be discussed by the two rulers.

Emperor Francis Joseph is desirous of bringing about a final reconciliation between King Edward and Emperor William of Germany and it is probable that at his meeting with King Edward at Ischl he will assume the role of intermediary.

A REAL SENSATION.

In an Atlanta Paper Today W. E. Christian Publishes Personal Card.

He Viciously Assails the Family Record of Mr. E. R. Preston, of Charlotte, who recently Clandestinely Married Christian's Only Daughter.

Special to THE ARGUS.

Atlanta, Ga., Aug. 15.—Atlanta is stirred over a card published by W. E. Christian of this city, and signed by him, in which he unsparingly assails the family record of Mr. E. R. Preston, a young lawyer of Charlotte, and who creditably represented Mecklenburg county in the late General Assembly of North Carolina.

Some days ago Mr. Preston clandestinely married, in Charlotte, Miss Julia Jackson Christian, the only daughter of Mr. W. E. Christian, and only grand daughter of the late Stonewall Jackson.

Miss Christian resided in Charlotte with her grandmother, Mrs. General Jackson, her own mother dying when she was an infant, and the courtship between her and Mr. Preston had been of long standing and was strenuously opposed by Miss Christian's family; but she reciprocated Mr. Preston's affections, and at length recognizing that her family would never relent in their opposition, she, as has been so often done in the course of true love before, eloped and married the man of her choice.

And now the irate father, so far forgets himself in his wrath, and that "all the world loves lovers," as to appear in the public prints and assails the family record of the Preston family, that dates back as far and is as distinguished as that of the Christians or the Jacksons, the Prestons being of historic renown and distinguished lineage, familiar to all students of our early colonial and national history and of Confederate times, Col. Preston, the father of young Preston, being a member of General Jackson's staff.

Mr. Christian in his card today gives as the reason why he and his son, who is now a student at West Point, opposed the marriage was because of the existence of epilepsy in the Preston family, charging that Mrs. Preston, mother of the groom, died of epilepsy in an infirmary.

Extracting verbally from Mr. Christian's card, which is lengthy and full-some, he says: "We have pleaded with her for over 12 months, personally, through physicians, and otherwise, to prevent her from throwing her young life away by this marriage, but she has been trapped, and my friends throughout the South who know the circumstances are deeply grieved that this splendid innocent girl should have been practically ruined so far as her descendants are concerned, as Mr. Preston's mother died of epileptic fits, and his grandfather Preston died in the same manner."

Until Mr. Christian published his card no such hereditary defect was ever dreamed of in the Preston family, and young Preston's brother, who lives here in Atlanta and is held in highest esteem, says that he himself had never before heard of it.

MISS MCKINLEY DEAD.

Founder of Daughters of American Revolution. Passed Away at Kirkwood, Georgia; Was Cousin of Late President McKinley.

(By special wire to THE ARGUS.)

Atlanta, Aug. 17.—Miss Junia McKinley, a cousin to the late President William McKinley, and the founder of the first chapter of the Daughters of the Revolution in the United States, and one of the best beloved women in Atlanta, is dead at her home in Kirkwood.

Miss McKinley was a member of an old honored Georgia family, and at the early age of sixteen years she organized a private school in Atlanta and it is said taught the children of practically all the prominent families of this section.

Owing to the ill health of her brother, Nathaniel McKinley, Miss McKinley three years ago discontinued her school and gave her attention to his care and nursing. The majority of her relatives preceded her to the grave. Residing with her and her brother was her niece, Miss Estelle Wheelen.

In addition to her great work in the Society of the Daughters of the Revolution Miss McKinley found time to take a prominent part in the work of the Daughters of the Confederacy, the Colonial Dames, the Daughters of 1912 and the various societies of St. Luke's church of which she was a consecrated member.

During the Spanish-American war Miss McKinley enlisted with the Red Cross society and for her efforts of mercy was awarded a gold medal of which she was very proud. Miss McKinley had for several years held many honorary offices in the various societies to which she belonged.

Miss McKinley took the keenest delight in genealogical research and was conceded to be the most accomplished and best genealogist in the Southern States. It was she who proved to the world that Napoleon Bonaparte, the great emperor and warrior, was of royal birth. In delving among her genealogical histories Miss McKinley ascertained that Napoleon was descended from the Italian royalty.

Up to the time of her death Miss McKinley carried on a very interesting correspondence with Jerome Bonaparte and Princess Mathilde Bonaparte.

Miss McKinley's family home was at Newnan, Ga. In addition to her brother, Nathaniel, Miss McKinley is survived by her brother, Joseph McKinley, of Mobile, Ala., and a sister, Mrs. Fannie Scales. The funeral arrangements will be announced later.

Letter to D. E. Smith.

Goldsboro, N. C.

Dear Sir: Say milk is worth 8c. a quart.

- If 1-3 water and sold at 8c, the milk in it fetches 12c a quart.
- If 1-2 water, 16c.
- If 2-3 water, 24c.
- If 3-4 water, 32c.

That's rather too stiff for milk; but watered paint is sold in all those proportions.

Pure paint (Devoo) is sold for \$1.75 a gallon.

"Paint" at that price and 1-3 white-wash fetches \$2.62 a gallon for the paint part of it.

"Paint" 1-2 whitewash fetches \$3.50 a gallon for the paint in it.

"Paint" 3-4 whitewash fetches \$7.00 a gallon for the actual paint it contains.

And people are paying all these prices for paint, when they buy adulterated paints. There are 200 such; only 8 pure paints; only one Devoo.

Yours truly,
F. W. DEVOO & CO.
P. S.—Yelverton Hardware Co. sell our paint.

A Sustaining Diet.

These are the enervating days, when as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

TAFT TO MAKE LONG TOUR.

Will Make a Circuit of the Globe Before Returning to Washington.

Is To Represent The Administration At The Opening Of The Philippine Congress On October 26.

Special to THE ARGUS.

Washington, D. C., Aug. 17.—Secretary of War William H. Taft, will tomorrow set forth upon one of the trips which have been so marked a feature of his political career. According to his plans he will make a circuit of the globe before returning to Washington the latter part of November or early in December.

Secretary Taft is to represent the Administration at the opening of the Philippine Congress on October 26, and from the Philippines he will return by the Trans-Siberian Railway to St. Petersburg, returning from there to the United States by way of Paris and London.

The trip across the continent to Seattle, from which port the Secretary of War will sail for the Philippines, will be a leisurely one, with stops at a number of points to deliver speeches. These speeches will be of a political character and will mark the real opening of the Taft campaign for the Presidential nomination.

The first of these speeches is to be delivered at Columbus, Ohio, next Monday night. He will speak at that time under the auspices of the Buckeye Republican Club of the capital city of Ohio. This speech is awaited with keen interest in political circles and it is expected to sound the keynote of the Taft campaign. The Secretary of War on this occasion is expected to answer the attacks on himself in connection with the tariff revision question, to defend the position of the administration with respect to the Brownsville affair, and appeal to the voters as the representative of the Roosevelt policies. The speech will be a direct reply to the challenge recently issued by Senator Foraker.

After leaving Ohio Secretary Taft is scheduled for speeches in Kentucky, Oklahoma, Missouri, and at Denver, Portland and Seattle. He will arrive at the last named place in time to sail on the Manchuria on September 10.

The trip to Manila will be made by way of Japan and China. The stay in the Philippines will be short. The return from the Far East will be made by the way of the Trans-Siberian Railway and Europe. It is stated that this route has been adopted in order that a week or more may be saved in getting back to Washington. But as the Secretary travels up through China and then over the battlefields of Manchuria, he will be traversing a region where at the present moment commercial and political problems of the first magnitude are being worked out. Mr. Taft will travel unofficially as soon as he has discharged his mission in Manila, but the tour through the Far East of a man so high in the Administration will be watched with interest by the competitors of the United States.

On his journey around the world Mr. Taft will be accompanied by his wife, his son, and his secretary. A fourth member of the party will be Mentico Taft, a Filipino, who adopted the Secretary of War as his father a year or so ago.

Apart from the political results of his trip, Secretary Taft will have established a record for a cabinet minister's wanderings. Very few men of his position have ever traveled around the world while in office, and it is calculated that when he sees this city again he will have concluded 150,000 miles of journeying to and fro on the face of the earth since he became a member of the President's official family.

A HIGH-GRADE COLLEGE FOR WOMEN. Twelve departments under specialists. Excellent buildings and spacious grounds. Every precaution against fire and disease. Takes a limited number and gives individual attention. Founded half century ago and run solely upon its merits. For catalogue address HENRY JEROME STOCKARD.

MRS. CAROLINE KRAMER. Fort Collins, Col., writes: "The majority of women who are suffering from disordered periods and other pelvic troubles, have such strong faith in doctors that they allow them to experiment on them for kidney, liver or stomach troubles until they become completely discouraged and their money is gone.

"This was my unfortunate experience for nearly two years when my attention was called to Peruna.

"I hardly dared believe that at last I had found the right medicine, but as I kept on using it and was finally cured, I could only thank God and take courage.

"I have had most satisfying results from the use of your medicine and have advised dozens of women who were suffering with woman's ills to use Peruna and let the doctors alone.

"Those who followed my advice are better today and many are fully restored to health."

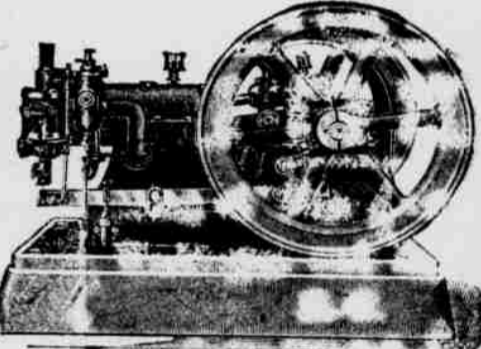

Mrs. Wilda Mooers, R. F. D., No. 1, Lents, Ore., writes: "For the past four years I was a wretched woman, suffering with severe backaches and other pains, leaving me so weak and weary that it was only with difficulty that I was able to attend to my household duties.

"I used different remedies, but found no relief until I had tried Peruna.

"Within two weeks there was a change for the better and in less than three months I was a well and happy woman.

"All the praise is due to Peruna."
