## DR. MURPHEY BURIED. Unusual Tribute To the De- parted.

### All Business in Morganton Suspended at the Hour of the Funeral. Many From Far and Near Witness The Burial.

Morganton, N. C., Sept. 12.—Dr. P. L. Murphy was buried this afternoon at 4 o'clock on a beautifully selected spot on the State Hospital grounds in accordance with his wishes. Services were conducted at the Hospital Chapel by Rev. M. Hollingsworth, assisted by Revs. Womble and Larkin. The love and esteem with which all classes of people held this eminent man were attested by the hundreds who came far and near to pay their last respects. Every business house in Morganton was closed and hundreds of people from Morganton and from the country came to witness the last sad rites.

The Board of Directors were in session at the time of Dr. Murphy's death and remained over until today. They were: J. P. Caldwell, president; C. H. Armfield, A. A. Shuford, J. W. McMinn, J. G. Hall, A. E. Tate, J. P. Sawyer and I. I. Davis. Other relatives and friends from a distance were: Col. Murphy Pearsall, Dr. Thomas, of Wilmington; Dr. Stokes, of Salisbury, and a large number of his relatives from a distance. The pall bearers were selected from among the officials of the institution with a large number of his friends from a distance and from Morganton as honorary pall bearers.

Dr. Murphy's place cannot be filled. The poor unfortunates of the State have lost their best friend. Outside his own family his loss will be more keenly felt in Morganton than anywhere else, especially among the young men with whom he always delighted to associate and to whom his death will come as a personal loss, for they loved and esteemed him. He is survived by his wife and daughter, Miss Mae Murphy, and three sons, Alex, James and Herbert Murphy.

### BOARD PASSES RESOLUTIONS.

The Board of Directors of the Hospital was in session at the hour of Dr. Murphy's death and Capt. J. P. Sawyer and Mr. C. H. Armfield were appointed to draft resolutions expressive of the loss sustained by Dr. Murphy's death. Upon the reassembling of the Board the resolutions presented were adopted. They are as follows:  
"Resolved, That by the death of Dr. Murphy this hospital has lost the man to whose ability, fidelity and work its pre-eminent position is chiefly due; that the insane of the State have lost their best friend; that the State has lost a son whose abilities and achievements have shed lustre upon her name; that his family has lost the best of husbands and fathers.  
"Resolved, That death cannot take away the results of this man's life. These are continual and the blessings of God to future generations.  
"His memory lives though the man may die,  
That lingers bright and loving;  
Just like the star lost from the sky,  
Whose ray survives its ruin."

## WILL NOT COMPROMISE.

### Western Union Company Handling Business as Usual.

(Special to the ARGUS.)

New York, Sept. 13.—Reports that a compromise would soon be reached between the telegraph companies and their striking operators were denied today by officials of the companies, who declare that no negotiations looking to a strike settlement are pending and that there will be no compromise. General Superintendent Brooks, of the Western Union, said concerning the report: "This company is standing now just where it stood from the beginning of the strike. There will be no compromise on our part. We have received no committee and will receive none. Our business is conducted with the same dispatch as before the strike."

## QUEEN OF THE OCEAN. The World's Biggest Ship Beats the World's Speed Record.

### The Lusitania With Twelve Hundred Passengers on Board Makes Her Maiden Trip Across the Sea in Five Days And One Hour.

(By special wire to THE ARGUS.)

New York, Sept. 18.—The big new ocean liner, Lusitania, steamed up to her pier today with the world's record from Queenstown broken by over six hours, and this, notwithstanding it was the Lusitania's maiden trip, and, that fog and bad weather was encountered nearly all the way across.

Her time is five days, one hour and twenty minutes, as against five days, seven hours and twenty-eight minutes best time of the Lucania, which had hitherto held the world's record.

The twelve hundred passengers on board the Lusitania say the trip was the most delightful they ever experienced.

## NOT OPPOSED TO ROOSEVELT.

### Though President of National Negro Con- vention Thinks That The President Made a Mistake in the Brownsville Affair.

(By Special Wire to THE ARGUS.)

Washington, Sept. 13.—"This convention is not opposed to President Roosevelt, because it is not a political convention," declared Rev. Dr. E. C. Harris, the president, in calling the National Baptist (Negro) Convention together at the second day's session. Dr. Morris said there were many negroes in the convention who are for the President although they are convinced he made a mistake in the Brownsville affair.

The speaker said further that these negroes believe the President is "manly enough to correct his error when the time comes."  
Rev. L. G. Jordan, secretary of the foreign mission board, in making his annual report, said that God had no other purpose in permitting the negroes to be brought to this country as slaves than to prepare them to send the Gospel to the brothers and sisters in darkest Africa.

## ANOTHER THAW CASE.

### Chicago Is Having a Sensational Trial.

(By special wire to THE ARGUS.)

Chicago, Sept. 13.—A parallel to the noted Thaw case opened here today, with the trial of Amassa C. Campbell for his life. He killed Dr. Benj. Harris, because of the physician's alleged intimacy with his wife.

The points in the evidence are much like that of the Thaw case, and the defense is emotional insanity.

## Foes of the Saloon in Session.

Norfolk, Va., Sept. 11.—Plans for taking up the warfare against the liquor traffic with renewed vigor are being discussed at the Superintendents and Workers' Conference of the American Anti-Saloon League, which began in this city today. The members are jubilant over the record of the past twelve months, which has seen more states, cities and smaller localities throughout the country go "dry" than probably any other similar period in the history of the prohibition movement.

The conference of the superintendents and workers is to be followed next week by the national meeting of the Anti-Saloon League. Among the eminent speakers scheduled for the national meeting are Governor Glenn of North Carolina, Governor Hanly of Indiana, and Senator Carmack of Tennessee.

## TAFT OFF FOR THE PHILIPPINES. The Steamship Minnesota, Upon Which the Secre- tary of War and His Party are Travel- ing, Sailed To- Day for Yo- kohama.

### The Secretary is Accompanied by Mrs. Taft, His Son Charles, Brigadier General Clarence Edwards, Chief Of The Insular Bureau, Private Secretary Fred W. Carpenter, and George Long, a War Office Messenger.

(By special wire to THE ARGUS.)

Seattle, Wash., Sept. 12.—Secretary Taft is now en route to the Philippines. The steamship Minnesota, upon which the Secretary of War and his party are traveling, sailed from this port today for Yokohama. The steamer promises to break all records if her captain has his way and nothing prevents. Her machinery is in perfect condition and her bunkers filled with the choicest coal. The confident expectation is that the Minnesota will reach Yokohama on September 25 or before.

Secretary Taft is accompanied by Mrs. Taft, his son Charles, Brigadier General Clarence Edwards, chief of the Insular Bureau; Private Secretary Fred W. Carpenter, and George Long, a War Office messenger.

At Yokohama the Secretary and his party will disembark and spend eight days in Japan, including visits to Tokio, Kobe, Nagasaki and perhaps one or two other points. The party will sail from Nagasaki October 4, for Shanghai, arriving there two days later and, after a short stay, will go to Hong Kong. At Hong Kong the party will board the army transport McClellan on October 11, and arrive at Manila on the 14th.

Secretary Taft has planned to spend twenty-two days in the Philippines, most of the time in Manila and vicinity, but a part of it devoted to inter-island visits.

He will leave Manila November 4, on one of the naval cruisers, probably the Chattanooga, or a vessel of that type, for Vladivostok, the eastern terminus of the Trans-Siberian Railroad. He is due to arrive at Vladivostok November 11. The party will enter train at Vladivostok the following day, and will arrive at Irkutsk, the Siberian metropolis, November 16. Irkutsk is the centre of the Russo-Chinese tea trade, the capital of the Governor-Generalship of Eastern Siberia, and has a population of 80,000. The schedule of the Trans-Siberian Railroad allows only two hours at Irkutsk for changing trains, but arrangements have been made whereby if Mr. Taft wishes to stop off and see something of Siberia his car will be sidetracked and attached to the next train.

The journey across Siberia will be made in a special train du luxe, which is considered superior to the Russian State trains. The train will be made up of a diner, observation car and three sleepers. Special provisions, including fruits and vegetables of all kinds will be put on board the train at different points, and everything possible will be done by the railroad management and the Russian officials to make Mr. Taft's trip through Siberia as pleasant and interesting as possible.

From Irkutsk the party will proceed almost without stop to Moscow, a distance of 3,885 miles. Moscow will be reached November 23, and two days will be spent there. Three days later the party will reach St. Petersburg, where another stop of two days will be made to give Mr. Taft an opportunity to meet the Czar. From St. Petersburg the party will proceed to Berlin. The German capital will be reached November 29, and Secretary Taft will spend two days there. The present plan is for the party to take a steamer for New York, at Bremen, Hamburg or Cherbourg, according to the best con-

ditions that can be made, which should bring the party to New York about the middle of December.

There was a gala crowd at the dock today in honor of Secretary Taft's leave-taking. Many people gathered at the pier to give the Secretary and his party an enthusiastic adieu. All the shopping in the harbor displayed their flags, and the picture presented as the big liner slowly drew away was impressive. When the cheers of the crowd reached Secretary Taft's ears and he witnessed the ovation he and his party were receiving, he smiled and raised his hat.

## MONEY GA-LORE.

### Bob Johnson From Death Valley Makes It Lively In Chicago.

(Special to THE ARGUS.)

Chicago, Sept. 12.—Another whirlwind from Death Valley has struck Chicago. It is Bob Johnson, partner of Lucky Baldwin, and his wife, who is a niece of the noted Turf King.

Johnson handed the conductors and porters and train hands \$100 bills each when he left the train, and also tipped the first hotel waiter with a \$100 bill.

Seeing a crippled boy on the street, Johnson handed him a \$1,000 bill, telling him to take that and to get his leg mended.

Johnson carries \$750,000 around in a bag and will not deposit it in any hotel safe.

## A Million Dollar Endowment.

(Special to the ARGUS.)

Oyster Bay, Sept. 11.—After a conference with President Roosevelt by Secretary Strauss and Labor Commissioner Neill on the labor question today, and upon the eight hour law especially, following an investigation by the heads of the labor and commerce departments, they announce that a million dollars will be raised to endow further the Roosevelt federation for industrial peace.

They say the telegraph strike matter was not taken up with the president.

## From Tuskegee to Wall Street.

(Special to THE ARGUS.)

New York, Sept. 11.—The first negro brokerage firm in the Wall street district opened for business today in handsome offices at 35 Broad street. The head of the firm is Robert W. Taylor, who for a number of years has been financial secretary of the Tuskegee institute. Mr. Taylor says he has been prompted to go into the brokerage business by the success which has attended realty companies, mercantile enterprises and other business ventures which of late years have been run by negroes in the interest of their race.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys are poisoned and blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and so only all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root sent free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## POLITICS WARMING UP. Gossip Over in the Fifth Con- gressional.

### Surry County Has a Dark Horse That Is To Be Entered Later In The Game For The Winner.

Special to THE ARGUS.

Morganton, Sept. 12.—A gentleman whose home was formerly in the fifth district was here a few days ago, and let go a live piece of political gossip regarding the moves of the politicians down that way. As is known, Surry county was, up to the meeting of the last Legislature, in the eighth district, but was transferred to the fifth in order, it was stated, to make the eighth surely Democratic. This man states that the real motive behind the transfer was to get a Surry man in that district and send him to Congress next year.

The recent election of Mr. Chatham to the state chairmanship and the bringing out of Professor Holt to divide Guilford county with Mr. Brooks, is all a part of the game that is being worked on the political chess board of the fifth district and at the "physiological" moment the Surry man will be sprung on the convention and the delegates will try to be stampeded for him. Such a thing happened at Winston-Salem some six years ago when Mr. E. B. Jones was nominated for judge, who was not even a candidate before the convention, and it is believed that the trick can be turned again.

He was thirty-eight years of age.

## THE TROUBLE DEEPENS

### Conditions in British Columbia May Lead to War.

(By special wire to THE ARGUS.)

Vancouver, British Columbia, Sept. 21.—The situation here, growing out of the anti-oriental riots, is intensified by the unexpected genius displayed by the brown men for organization.

Many additional officers have been sworn in today.

## A NEGRO SUSPECT.

### Tom Archer Held For The of Mrs. Rorschach In Portsmouth.

### Circumstantial Evidence Brings Him Under Suspicion, Which the Cer- oner's Jury will Investi- gate.

Special to THE ARGUS.

Norfolk, Va., Sept. 11.—Thomas Archer has been arrested here charged with being the burglar who murdered Mrs. Rorschach, wife of Naval Lieutenant Rorschach, early yesterday morning.

The evidence against him is very strong. Archer is a yellow negro, claiming to be in the employ of the Merchants and Miners Transportation Company. The negro denies any knowledge of the crime and says he doesn't know for what he has been arrested.

Police Officer Elliott at 4 o'clock yesterday morning saw a negro enter the house at 1628 Glasgow street, Portsmouth. Archer when arrested was in bed. His shoes were rather wet and his woollen hat, soaking wet, was on a baluster downstairs. The hat brim was pulled down at the front and there are two red spots as of blood thereon.

The police believe that the murderer and victim were clinched when Mrs. Rorschach fired the two shots, the burglar, according to their version, then taking the pistol and firing the fatal shot, it then being that he may have gotten blood on his fingers.

A shoemaker called in says that Archer's shoes had been cleaned as if he had walked through wet grass, as that in the rear of the Rorschach residence.

Archer says he got wet in the severe rain which fell that night. The police say he was nervous when first arrested, and that the accused's wife almost had a spasm.

Coroner Gray Holliday is preparing to hold a post-mortem examination this afternoon and an inquest will follow.

## RAW FROM FEET TO SHOULDERS

### With Eczema—When Indors, Itch- ing (Was Fearful—Prescription Did No Good—Followed Friend's Advice and Found Speedy Relief.

### A PERFECT CURE BY USE OF CUTICURA REMEDIES

"I was raw from my shoulders down to my feet. As soon as I went into a warm room I could not stand the itching sensation. I tried several remedies with no relief, and I consulted a doctor who told me that I had eczema and gave me a box of ointment. I used it about two weeks and got no benefit. I then tried another ointment with the same result. Then I was advised to try the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and commenced to use them. By the time I had used about half of each of them I could see an improvement. After that I continued to use them until I had used four cakes of Soap, three large boxes of Ointment, and two large bottles of Resolvent. In four or five weeks' time, all the eruptions of this period, my skin was as clear as it could be. It is now three or four years since I used them and I wish to state that the Cuticura Remedies are the greatest in the world not only for eczema but for female troubles, from which my wife has been a sufferer for years. Cuticura Remedies, used in connection with one of the Cuticura syringes have done wonders for her. Fred E. Baker, 14 Grotto St., Water-vliet, N. Y., Nov. 30, '06, and Jan. 20, '07."
