

## CURRENCY SUPPLY.

### Big Increase Within Brief Period.

Indications are for a Material Increase Both by Gold Imports and Increase in Bank Note is hTCirculation, n Apparently Being all That is Necessary to Tide Over Crisis.

New York, Nov. 1.—Indications that the available supply of currency would be materially increased within a short time, both by imports of gold and the increase of the bank note circulation, and that the movement of cotton and grain crops would be facilitated in every way possible with the result of increasing our credits abroad were the salient features in today's financial situation, which seemed to be recognized everywhere that the acute stage of the crisis was over and that all that remained was to obtain sufficient currency to resume currency payments upon a broad scale and thus to restore conditions prevailing before the crisis.

The engagements of gold made in New York, Chicago and elsewhere brought up the total import movement within the past week to \$28,750,000. As the amount of gold will afford a basis of credit to four times the amount, or about \$95,000,000, it will in itself afford much relief to the existing pressure.

The action of the Bank of England in raising its discount rate from 4 1/2 to 5 1/2 per cent. was in accordance with expectations in conservative circles. The fact that the increase was not made to 6 per cent., and that the English rate remains 1 per cent. below the German rate, is expressed as an indication that the situation at London is not considered acute.

The prompt response of the national banks throughout the country to the suggestion of the comptroller of the currency that they should employ their United States bonds as largely as possible to secure circulation and substitute other bonds for those pledged against deposits of public money, promises a considerable increase in the available stock of currency. The estimate of an increase in the bank note circulation of \$30,000,000 is considered well within the probabilities. It will require time, however, in some cases for the banks to obtain proper bonds to substitute for their United States bonds.

Mr. Vanderlip, vice-president of the National City Bank, made the fruitful suggestion today that the savings banks would at once improve the general situation and add to their cash if they would sell their holdings of United States bonds to the National Banks.

Even in cases where they do not care to sell, it is believed that they will lend the bonds to the National Banks, as has often been done in the past.

Interest is continuing to center in the movement of the cotton crop from New Orleans and other Southern points, where it is so essential to provide bills against the imports of gold. Secretary Cortelyou, according to Washington dispatches to-day, was disposed to increase deposits of public funds in the Southern Banks as rapidly as such funds become available. This will supply the Banks with the stock of currency so much needed to handle the cotton crop and will enable them to await with less embarrassment than otherwise the arrival of their cotton bills in Europe, and the bringing back of the gold.

The committee of New Orleans bankers, which is in Washington, has suggested that the New York banks can ease the situation by giving the southern banks credit for checks on foreign banks forwarded as soon as they receive telegraphic advices of the amounts. This will enable the southern banks to check against such balances in payment of collections and in making remittances to interior banks throughout the country.

## 80TH BIRTHDAY OF FAMOUS DIVINE.

A Series of Notable Anniversaries for the Rev. Dr. Morgan Dick, the Venerable Rector of Historic Trinity Church.

(Special to THE ARGUS.)

New York, Nov. 1.—The week beginning today contains a series of notable anniversaries for the Rev. Dr. Morgan Dick, the venerable rector of historic Trinity Church. Today was the eightieth birthday of Dr. Dick and almost simultaneously comes the fifty-fifth anniversary of his ordination and his forty-fifth anniversary as rector of Trinity. That the triple anniversary is to be made the occasion for a notable celebration goes without saying among all those who know in what high esteem Dr. Dick is held by the members of his immensely wealthy parish.

Practically all Dr. Dick's ministerial life has been spent in Trinity parish, and nearly half a century of it has been as rector of Trinity Church. He was born in this city on November 1, 1827, the son of General John A. Dix, governor of New York State. He was graduated from Columbia College in 1840, and in 1852 he was ordained. He at once began to work in Trinity parish, which has since become his life's work, by becoming a clergyman at St. John's Chapel, part of Trinity Parish.

There was one year he spent in Philadelphia, but he was soon back at his old post. In 1862 he was made rector of Trinity, which position he has held ever since. Prosperity began to shine on Trinity from that year. Before that there were half a dozen New York parishes equally strong financially. Today it owns great office buildings, numerous tenements and church property of great value. In all, Trinity's wealth is estimated at more than \$100,000,000.

Dr. Dick is wealthy in his own right. He gives much to charity and is interested in many philanthropic undertakings. It is said that he has officiated at more notable weddings than any other clergyman in New York. More than once he has declined a bishopric that would take him away from Trinity.

### To Vote on Liquor in Delaware.

(By Special Wire to THE ARGUS.)

Wilmington, Del., Nov. 2.—The voters of Delaware next Tuesday will have their first opportunity to ballot on the issue of prohibition. The campaign for and against the saloons has been one of the most exciting ever waged in this State and the result is awaited with keen interest. The vote will be by districts. It is generally expected that the larger cities will decide against prohibition, but it would not be surprising if the rural counties went "dry."

## BEAUTIFUL WOMEN.

Paris is Full of Them and Nearly All Use Parisan Sage.

In the beauty show at Paris two years ago Gold Medals were awarded to five different women.

To the most beautiful woman between 20 and 25; between 25 and 30; between 30 and 35; between 35 and 40; and between 40 and 45.

A society reporter who interviewed all five women in the interest of his papers, reported that all of them had beautiful hair and that each of the five enthusiastically attributed her luxuriant hair to Parisan Sage.

Parisan Sage is a discovery of the celebrated Dr. Giroux, who spent the best years of his life to perfecting this great hair tonic.

In giving his recipe to the French people Dr. Giroux said, "Parisan Sage" is the most delightful hair dressing in the world, but it is more than a hair dressing. It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots; it restores gray hair to its natural color.

J. H. Hill & Son sell Parisan Sage at 50 cents a bottle and guarantees it to do all that Dr. Giroux claims for it or money refunded. If you do not reside near a druggist who sells Parisan Sage, send 50 cents to Giroux Mfg. Co., Buffalo, N. Y., and a bottle will be sent

## PRESSING NEED OF A CENTRAL BANK.

Congress to Be Asked to Take up the Question.

Leading Financiers of the Country Deem It a Pressing Need—Cortelyou Silent on the Subject.

(Special to THE ARGUS.)

Washington, Nov. 1.—Although Secretary of the treasury, Cortelyou, would not commit himself to-day, when approached on the subject, it is learned when Congress meets next month, and takes up the currency question, that leading financiers, the country over, will send representatives here to press the idea of a great central bank of issue as a pressing need in the United States. It is a subject that is going to cause a great deal of interesting thought and discussion.

## WILMINGTON CITIZENS PROTEST.

Telegram to Governor Glenn Asks Cessation of Railway Rate Controversy.

Special to THE ARGUS.

Raleigh, Nov. 1.—A special from Wilmington states that 50 leading business men of that city joined in a telegram and sent it to Gov. Glenn, at Atlanta, to-day, requesting it to be read at the conference to-day. In it they say continued agitation of the Railway rate controversy is depressing values, and they demand a restoration of confidence through equitable adjustment of controversy.

## OHIO POLITICS MIXED.

Local Issues Alone to be Settled at Polls.

Will Hold Her Election Next Tuesday Under the New Law.

(By special wire to THE ARGUS.)

Columbus, O., Nov. 2.—Ohio will hold her first election next Tuesday under the new law, which separates municipal elections from State and National elections, and local issues, therefore, alone engage the attention of the voters and the difficulty of forecasting results is increased by the fact that in municipal elections the Ohio voter exercises his independence to a degree and casts aside his political affiliations.

In Cleveland the mayoralty contest, which overshadows every other consideration there, is stirring and aggressive. Mayor Tom L. Johnson, the Democratic nominee, is up for re-election for the fourth time and has for his opponent Theodore E. Burton, who resigned a seat in Congress to enter the contest. If Burton should win it would make him a formidable candidate for governor and increase his chances for succeeding Forsaker in the United States Senate. A victory for Johnson might likewise have far-reaching results, as it would probably make him a possibility for the Democratic Presidential nomination.

The contest for the mayoralty in Cincinnati is one of the most exciting that has taken place in that city in a number of years. Mayor Edward L. Dempsey, Democrat, is a candidate for re-election. A considerable element of the Democratic party, however, was displaced with Dempsey's method in securing a renomination, and the result was the naming of an independent ticket headed by Frank L. Plaff as the candidate for mayor. The split in the Democratic ranks is expected to result in the election of the Republican candidate, Colonel Leopold Markbreit, Colonel Markbreit is editor of the Cincinnati Volksblatt and it is expected he will receive virtually the entire German-American vote.

The enforcement of the Sunday and midnight closing of saloons law is the issue in Columbus. For the first time in its history the local Democratic party has presented a candidate and platform, unequivocally for the enforcement of these laws, and the continuation of the "lid" policy of the present mayor, a Democrat. It was he who made the issue and his party endorses it as being in line with the sentiment of the people. The Republican candidate for mayor and his party managers have not specifically declared for the suppression of saloons on Sunday and their antagonists declare they are being backed by the brewery and liquor interests of Columbus. It is uncertain whether to predict a Democratic gain or loss in Columbus. The party has made a vigorous fight and claim that their ticket will be elected by a substantial majority. The campaign is to come to a close tonight with a great public meeting in Memorial Hall at which Governor Folk, of Missouri, will be the speaker.

The situation in Toledo is complicated by the introduction of an independent movement, headed by Brand Whitlock, the present mayor. Both leading parties have complete municipal tickets in the field.

## Kidney Disease, First Stage Promptly Relieved By Pe-ru-na.

**Catarrh of the Bladder.**  
Mr. James M. Powell, 431 Kensington street, Kansas City, Mo., writes:  
"About four years ago I suffered with a severe catarrh of the bladder which caused continued irritation and pain. I was miserable, and could not stand up or walk for any length of time without extreme weariness and pain. I began taking Peruna and it greatly relieved me, and in eleven weeks I was completely cured, and felt like a new man."

### Kidneys and Liver Affected.

Mrs. Carrie King, 730 North Cascade, Colorado Springs, Col., writes:  
"Peruna has been my favorite and only household remedy for nearly five years. I have suffered for years with biliousness, and kidney and liver trouble. If I caught a little cold, the pains were increased, and backache and headache were of frequent occurrence. However, Peruna cured me—twelve bottles made me a new and healthy woman. For three years I have enjoyed the best of health. I keep Peruna constantly in my home, if my husband or I catch cold or feel indisposed, a few doses of Peruna never fail to restore us."

Mr. M. T. Gaffney, Corpus Christi, Texas, writes:  
"I can certify to the truthfulness of Peruna as a catarrh cure, and am recommending it to every one. I am practically well of the catarrh in my nose, throat and head."

THE first stage of Bright's Disease of the kidneys is known as the catarrhal stage. Catarrh of the mucous membrane lining the kidneys is the first act of a drama that often ends as a tragedy. To stop the catarrh is to head off the disease. If Bright's Disease can be relieved during the catarrhal stage all will be well. Peruna has achieved a reputation for mitigating catarrh of the internal organs. This explains why Peruna has been used with so much success in kidney diseases.

Mr. William F. Lothamer, former president of the Boss Barbers' Union, a noted politician and at one time chairman of the Democratic State Central Committee, writes from 1908 South 4th Ave., Minneapolis, Minn.:

"For years I suffered with severe disease of the kidneys. I would have pains all over my body, and at times have such dizziness in my head that I could not see nor work. Nights I would often be awake with pain so I could get no rest. I spent hundreds of dollars on doctors and drugs, and had ceased to have faith in either."

"My druggist told me one day of the praise his customers gave to Peruna, and advised me to try it, offering to return my money if it did not help me. I purchased a few bottles. I kept getting better. The medicine did its work, and in four months I was a well man."

## A Valuable Prescription

FOR RHEUMATISM, KIDNEY AND BLADDER TROUBLES.

Published by permission of the Eminent Specialist, DR. G. E. FLOOD

We are glad to be able to publish for the benefit of our readers Dr. George Edmond Flood's famous prescription for rheumatism, kidney and bladder troubles. Dr. Flood's remarkable success in treating rheumatism and all diseases of the kidneys and bladder has placed him first among all Specialists on these diseases. He attributes his success almost entirely to the following prescription. It is the result of years of investigation and experience. We publish it just as it came from the doctor direct to us:

Blend Extract Cascara Aromatic 1/2 ounce  
Concentrated Barkola Compound 1 ounce  
Aromatic Elixer 4 ounces

Directions: One teaspoonful after each meal and one at bedtime.

Children One-quarter to One-half Teaspoonful After Meals. This prescription can be filled at any good Drug Store, or, better still, the ingredients can be purchased separately and mixed at home simply by shaking in a bottle. If not in need of it now, we would advise our readers to cut this out and save it.
