

THE JACOBI MONUMENT.

The Recognized Place For It Is Goldsboro.

Some short while ago the ARGUS, noting a growing sentiment throughout the Odd Fellows Lodges of the State to erect a monument to their late brother Mr. N. Jacobi, of Wilmington, the father of the Odd Fellows' Orphan Home, advanced the claims of Goldsboro as the fitting place for that monument to be erected on the campus of the home here.

The following letter, therefore, recently received by Mr. Junius Slocumb, of Neuse Lodge 1, O. O. F., of this city, explains itself:

My Dear Sir and Brother:

In compliance with the following resolution, passed by Salem Lodge, No. 36, at Winston-Salem, N. C.,

"Resolved, That secretary of Salem Lodge, No. 36, I. O. O. F., Winston, N. C., be and is hereby authorized to request the Grand Master to appoint such Committee and Treasurer, of a fund to begin solicitation of funds, of Lodges and individuals, who wish to subscribe to same, to erect a Statue or Monument, on the grounds of the Orphans' Home, Goldsboro, to the memory of the late Nathaniel Jacobi, and that the Grand Master do issue or have issued, a letter to all Lodges in this jurisdiction, asking their co-operation in this laudable enterprise.

"Resolved, That the same be subject to the Grand Body, at its next session, May, 1908, and that the Monument or Statue be the property of and erected by the Odd Fellows of the State, who, recognizing Brother Jacobi's love for the Home, do show in this suitable manner the appreciation of every lover of our Orator, of his memory."

I have appointed you on the following committee to accomplish this most proper and worthy undertaking:

Eugene P. Albee, P. G. M., Chairman.
R. J. Jones, G. Treasurer, Wilmington.

Junius Slocumb, P. G. M., Goldsboro.

Joseph G. Brown, P. G. M., Raleigh.
John F. Bruto, P. G. M., Wilson.
Jas. P. Sawyer, P. G. M., Asheville.
W. H. Weatherly, P. G. P., Elizabeth City.

Please advise Bro. Eugene P. Albee, Chairman, of your acceptance.

Yours fraternally,
PERRIN BUSBEE,
Grand Master.

Mr. Junius Slocumb, P. G. M., Goldsboro, N. C.

PAY TO SOLDIERS.

Who Served During Spanish-American War.

(Special Wire to the ARGUS.)

Raleigh, N. C., Dec. 27.—Governor Glenn yesterday received the pay roll for the soldiers in the Spanish-American War from the War Department, and he is now prepared to pay what is due the soldiers for the few days' service before they were mustered into the American army.

The amount to each individual soldier ranges from \$2.65, the minimum to \$50, the maximum, according to the rank of the soldier and the amount of service he rendered. The total sum amounts to \$28,000.

Governor Glenn will send the amount due, less the cost of collection, to the veterans upon proof that they were soldiers in the American army, and actually in camp during the time for which the allowance is made.

New York, Dec. 27.—Miss Edith Wardrop, heiress and ward of W. S. Kellem, died at 5 o'clock this morning in Lincoln Hospital.

She was stricken with a strange sleep last Thursday while watching a fire engine pass her home, and all efforts to rescue her have been vain.

Miss Wardrop, who was sixteen years old, and pretty, remained under the coma for 180 hours.

IN STATE WATERS.

'North Carolina' Receives Service at Cape Lookout.

Raleigh News and Observer.

Governor Glenn has been notified by the Navy Department that the battleship "North Carolina," when fitted for service, will receive the silver service to be presented by the State in Cape Lookout harbor.

Governor Glenn made the request of the Navy Department several weeks ago that the armored cruiser, bearing the name of the Old North State, receive the service in home waters after its commission, and respecting the sentiment of the people of North Carolina, the request has been granted.

TO-DAY'S MARKET.

(By special wire to THE ARGUS.)

New York, Dec. 28.—The stock market opened at general advance and continued so, but, with few exceptions they were fractional.

The cotton market opened with the room bears disposed to hammer the list, counting on a heavy prospective movement during the coming week to help them out, and, after the call, succeeded in holding prices up to the opening level.

Dec. 10:85, Jan. 10:34, March 10:61, April 10:68.

Chicago, Dec. 28.—The grain market opened with wheat 3-8 cent higher. May wheat 106 1-2, Corn 58 3-4, Oats 53 5-8, Pork 13:10.

BURGLARS BIG HAUL.

He had Better Left his Wealth in the Bank.

(Special to THE ARGUS.)

Asheville, Dec. 28.—The establishment of Charlie Moscardi, an Italian fruit dealer on Patton Avenue, this city, was burglarized last night and between three and four thousand dollars stolen.

The burglars got away so hastily that they left \$25 in small change.

Moscardi recently drew all his money from the banks here on account of the financial panic, and the fact doubtless came to the ears of the perpetrators of last night's raid.

THE LATEST FADS AND FASHIONS.

(Special to the ARGUS.)

There is a new belt which is very smart made of black patent leather punctured with large holes which are rimmed with German silver. The buckle is very heavy and matches the rims.

Lingerie waists when made over a lining of some delicate shade have a much dressier look and are more attractive than a plain white. Indian linen made over pale pink chiffon and hand-embroidered through both makes a charming waist.

There is a new brooch that jewelers are now showing which pins on a bar-quet. It has a humped bar across it through which the stems are put and then it is fastened to the coat or bodice. These brooches are set with diamonds or some precious jewels.

A very inexpensive and novel hat-pin is a tiny fur head of brown black, gray or white which is worn in a turban or one that is trimmed with fur. The jewelers are showing these pins in high prices when set with brilliant eyes of precious or semi-precious stones.

The very newest fad in jewelry is the tiny ring watch, which is worn over the gloved finger. The cheapest of these cannot be found less than \$100 and when rimmed with gems they make an expensive piece of jewelry. They are small and well proportioned and look well on the slenderest hand.

If one possesses a sealskin coat of an old style, it is an easy matter to remodel it into a jaunty jacket. It may be trimmed with lighter furs which set it off to a good advantage, or what seems to be the latest idea is embroidered white satin or perforated broad-cloth making broad revers, deep girdle and gauntlet cuffs.

A novelty in evening gloves has been shown in one of the New York shops. They were long white gloves stitched with colored silk on the back and at the top were V-shaped insets of kid to match the stitching. This was not the only color seen, for there were yellow gloves with black trimmings, soft shades of mode with brown stitching and black with insets of gray, white and red.

The fad of wearing a bouquet of flowers tucked into the corsage is having considerable attention paid to it. At present the most modish flowers are mallowais, roses and violas. It is not difficult to get the first mentioned blossoms and they wear well so the real ones are chosen rather than the made, ones; however, roses droop so quickly and violas are so hard to find that the artificial flowers are preferred. The roses are worn singly with an enormous long stalk.

New York, Dec. 28.—When the opera season commences, people begin to think about opera coats. There are coats, or better, capes, that are enveloping and graceful and are shown in the pale shades of broadcloth. Some are lined with heavy satin and wadded. These coats are trimmed with ermine and heavily braided. Chiffons and nets, laces and hand-embroideries are seen on them. Velvet of the softest make is often used instead of broad-cloth.

Some beautiful tea gowns are being made of striped materials in gauze and satin and chiffon. One especially attractive empire gown was seen in a fine cobwebby lace dyed in the old gold tone ornamented with crystal bugle embroidery in the same tone and made over a clinging satin foundation of the same color. The shoulder draperies and bottom of the skirt were bordered with a narrow line of dark fur. Another gown of Atlantic blue liberty satin had as a trimming wide bands and motifs of course flet dyed to match the satin and was embroidered very heavily in blue and gold. Heavy golden tassels were the ornaments used on the high wing-like sleeves.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of Many Winters By Using Pe-ru-na.

"I Attribute my Extreme Old Age to the Use of Pe-ru-na."

Mr. Isaac Brock, 118 Years Old Last Birthday.

ISAAC BROCK, a citizen of McLennan County, Texas, has lived for 118 years. For many years he resided at Bosque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

Some time ago, by request, Uncle Isaac came to Waco and sat for his picture, holding in his hand a stick cut from the grave of General Andrew Jackson.

Mr. Brock is a dignified old gentleman, showing few signs of decrepitude. His family Bible is still preserved, and it shows that the date of his birth was written 118 years ago.

Born before the United States were formed.
Saw 22 presidents elected.
Pe-ru-na has protected him from all sudden changes.
Veteran of four wars.
Shod a horse when 99 years old.
Always conquered the grip with Pe-ru-na.
Witness in a land suit at the age of 110 years.
Believes Pe-ru-na the greatest remedy of the age for catarrhal troubles.

IN speaking of his good health and extreme old age, Mr. Brock says: "After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so.

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 118 years I have withstood the changeable climate of the United States.

"I have always been a very healthy man, but, of course, subject to the affections which are due to sudden changes in the climate and temperature.

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy.

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine.

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease.

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

In a later letter, Mr. Brock writes: "I am well and feeling as well as I have for years. I would not be without Peruna." Yours truly,

Isaac Brock.

A letter dated July 8, 1906, written for Mr. Brock by his wife, Sarah J. Brock, states:

"Last winter I had just gotten up out of a spell of sickness, when I commenced taking Peruna. I think it improved my health very much."

In a postscript, Mrs. Brock adds: "He receives a great many letters inquiring about what Peruna will do. I do not answer them all, as I think they can get a bottle and try it."
