WHO'S WHO?

For Governor whom shall we elect
That office to adorn?
It strikes me that we should select
For that place Ashley Horne.

We want a man that's broad of view,
Whom all "spite work" would scorn,
Who'd give to every man his due
Well, that man's Ashley Horne.

The farmers all will want a man
That's up in cotton and corn,
To guard their rights, I'm sure they can
Depend on Ashley Horne.

In finance he is eagle-eyed
That man's yet to be born,
Who oftener strikes the flowing tide
Than this same Ashley Horne.

Then rally 'round his standard, boys
This is no "hope forlorn!"
With confidence you may espouse
The cause of Ashley Horne.

THE CHICAGO CONVENTION.

Preparations Already On Foot For the Big June Event.

The Total Number of Seats, According to Present Plans, Will be Almost 11,000.

Chicago, Ill., Feb. 14.—Members of the sub committee of the Republican National Committee, with Chairman Harry New and Secretary Elmer Dover, have gathered in Chicago and will spend the remainder of the week looking into details of the arrangements for the national convention here in June. Their investigations will have to do chiefly with the convention hall, Chicago is so used to entertaining the big political gatherings that the problems of hotel accommodations, rates, etc., have solved themselves long ago and now call for little attention from the arrangements committee.

The convention will assemble in the Coliseum, where the Republican National Convention met four years ago. Old convention hands think it the best proportioned and arranged convention hall in the United States. The outside walls are of stone, with castellated turrets, and the first impression is that of a city armory. Inside the wide concaves of steel, if black, would make the place look like a railway station; but, as they are white, the effect is pleasing, especially when decorated with flags and bunting. The committee intends that the interior decorations at the June convention shall be unusually elaborate and beautiful.

The total number of seats, according to present plans, will be about 11,000, which will include the seats provided in the balcony that extends around the hall. On the platform will be seats for the chairman, the secretaries of the convention and members of the national committee. Immediately behind the platform will be a raised terrace with seats for specially invited guests, probably 1,200 in number. The accommodations for the working newspapermen will, as usual, be found directly in front and at either end of the platform.

Underneath the rostrum, and stretching the whole length of the basement, will be one of the most curious sights of the convention—the paraphernalia and the workers who will communicate to the millions the proceedings of the convention. Into this space will be run more than 500 wires connecting directly with the principal newspapers of the country, and with the agencies that transmit news overseas. There will be fully 200 telephones and twice as many telegraph instruments. A thousand reporters, operators and messengers will man this intelligence machine.

There will be twelve entrances to the hall, exclusive of several stairway entrances from the basement to the platform and guests sections. The Coliseum is located but a short distance from the loop district, in which are all the leading hotels and railway stations, and is easily reached by three or four car lines.

TELEGRAPHIC BREVITIES.

To-Day's Passing Events Boiled Down For Busy Readers.

Special to the ARGUS.

New York, Feb. 15.—Count Loze Szecheny and bride, formerly Miss Gladys Vanderbilt, sailed today for Paris enroute to Budapest, their future home.

Valparaiso, Feb. 15.—After a magnificent reception Admiral Evans' battleships put out to sea today and are steaming for Callas, Peru. Here the fleet will remain until February 29.

Raleigh, Feb. 15.—Governor Glenn left this afternoon for Winston where tomorrow he will make two addresses. He will return Monday.

Raleigh, Feb. 15.—Deputy Sheriff Weatherly, of Greensboro, today arrived with Frazier Jones, whose sentence was commuted to life imprisonment.

Raleigh, Feb. 15.—Gov. Glenn has ordered a thorough investigation of the recent hazing at A. & M. College. B. C. Beekwith is to make the report. It is reported today that two hazers have been expelled by senior class.

Minneapolis, Feb. 14.—Because a lecture bureau has offered him a big sum to take the lecture platform, Governor John Johnson is reported to be seriously considering the offer, with the view to resigning governorship and thus putting an end to all hopes of his nomination for the Presidency.

New York, Feb. 14.—Fire Chief Kruger, right hand man of head office department Croker, was killed today, nobly sacrificing his life in a fire in attempt to save others. He was overcome by gas and toppled down the elevator shaft of a burning building. Four others fell down the shaft unconscious, but they, with others who went to the rescue, were finally all saved, but badly hurt.

New York, Feb. 14.—The wife of the young, Standard Oil, millionaire, Alf Dietrich, who was a Virginia society beauty, worth millions herself, and who eloped with Alf Vanderbilt's coachman, Harry Brenchley, and fled to Europe, where they have since been living together, will return to New York and institute suit for divorce in order to marry her concubine. The acknowledgement for the first time today of Dietrich that the above statement is true, has caused a sensation among the big rich set.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by this disease. It is a disease of the kidneys, and its symptoms are often the result of kidney trouble. It is a disease that is allowed to advance the kidney, poisoning the blood, and attacking the vital organs of the body. The kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a management of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly, you can make no mistake by taking Dr. Williams' Swamp-Root, the great kidney and bladder remedy. It corrects inability to hold urine, and is of unusual necessity of being continued to get relief during the day, and to get relief during the night. The most extraordinary effect of Swamp-Root is its ability to stand the highest test of a medicinal agent of the most distressing nature. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one dollar bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail. Address Dr. Williams' Medical Institute, 207 N. 3rd St., Birmingham, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember his name, Swamp-Root, Dr. Williams' Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

ADVISED TO GO HOME.

Senior Class of A. & M. College Taking Action.

The Letter of Governor Glenn to Dr. Winston, and the Reasons Which Prompted Him to Write the President of the College.

Raleigh News and Observer.

The Senior Class of the A. & M. College have held a closed meeting to take action in regard to the recent hazing at the college, and it is understood, though their deliberations have been kept secret, that they decided to advise those who participated in the hazing last Friday night to return to their homes.

Last Monday morning the first hour classes were suspended and an hour was taken by President Winston in a lecture to the student body at the chapel exercises on the hazing incident. It was the outgrowth of this lecture that caused the Seniors to act.

Upon the hypothesis that those who had engaged in the hazing would bear evidence of it upon their hands, having used nitrate of silver upon the faces of the freshmen, the college battalion was drawn up and the Commandant examined every man, but it had so happened that the father of one of the young men who were hazed went out to the college and told two of the students that every man in college would be examined, and of course every means was taken to prevent discovery.

There are stringent rules at A. & M. against hazing, and an infraction of these rules means expulsion from the college. During the fall term a student was expelled for commanding a freshman to say grace at the table.

The following is the letter Governor Glenn wrote to President Winston in regard to the matter:

"The more I think about it the more thoroughly I am persuaded that the action of the students in using nitrate of silver in blacking faces of the freshmen at the college, was not only cowardly and cruel, but so inhuman that it ought to be dealt with with a most severe hand. I therefore urge you to find out who these parties were and to deal summarily with them, and in addition to this I think that the legal authorities ought to take cognizance of such acts. I believe in fun, and know that boys will be boys, but when boys cease to be gentlemen and act in a cruel manner, they should be treated not as boys but as offenders. Please give this matter your most patient investigation. I saw Dr. Hill the other day and asked him to do everything in his power to ferret this matter out."

The Governor stated yesterday that the reason why he had written the above letter was because that, upon inquiry, he had found that the hazers were masked, that they broke down the doors to the rooms, thereby injuring the State's property, went into the rooms with pistols, used nitrate of silver on the faces of the students, in one or two instances choked the boys, and shaved the heads of several. These facts were furnished the Governor by some of the boys, and in his opinion the acts were so high-handed that as President of the Board of Trustees he felt that it was his duty to have the matter fully investigated, and thereupon he wrote Dr. Winston.

Dr. Winston stated to Governor Glenn over the 'phone that both the faculty and the students were doing all in their power to apprehend the guilty students.

BLOODY LYNCHING BEE

Valdosta, Ga., Feb. 12.—The bloody result of an attempt at lynching here last night, if often repeated will stop the practice.

Jack Long, a white man whose brother had been killed by James Sapp, met the father of Sapp and killed him on the public road. Sapp was a wealthy man and fifty of his friends went to this jail last night to take Jack Long out and lynch him.

Long defended himself vigorously, killing four and seriously wounded ten, and would have cleaned up the entire lynching party had those left not shot him to death.

It is the bloodiest lynching affair of recent years.

NEWS FORECAST OF THE COMING WEEK.

(Special to the ARGUS.)
Washington, D. C., Feb. 15.

Washington, D. C., Feb. 15.—The disinclination of Congress to grapple with the important problems pending in that body will leave the subject of politics to occupy first place in public attention during the coming week. Several important conventions and conferences are scheduled for the week, and there will be the usual amount of activity among the presidential aspirants.

Democrats of Kansas and Oklahoma will hold their conventions the latter part of the week to select their delegates to the national convention at Denver. Iowa Populists are also scheduled to meet in State convention to select delegates to the national convention at St. Louis. In Ohio and Missouri there will be several Congressional district conventions that will be watched by the politicians to see which way the wind is blowing.

Secretary Taft is to spend the greater part of the week in New England, speaking in Connecticut, Massachusetts and New Hampshire.

Mr. Bryan will cast his sphere to the middle West. He will be heard at the State capitals of Ohio, Indiana and Illinois and at one or two other points in the same States.

The most important appearance of Governor Hughes during the week will be in Chicago, where he will present his views on a few national problems at a banquet of the Union League Club Saturday night.

It is reported that a conference of Independence League leaders will be held in Chicago the latter part of the week to discuss the part that organization will take in the presidential campaign. William R. Hearst, the chief spirit of the league and its possible presidential nominee, is expected to attend the conference.

Aside from the political gatherings the most important convention of the week will be that of the Southern Cotton Association in Dallas. The gathering will be attended by delegates representing all the cotton-growing States of the South, who will discuss the present condition and future outlook for the cotton-growing industry.

PUNCH-I-NELLO.

The Drink That Makes Merry and Has No Morning After.

Big Bottling Company Organized Merging Local Plants and Establishing a Branch at Rocky Mount.

The Punch-I-Nello Bottling Company was organized in this city last night, merging in the new enterprise the A. L. Bell Bottling Company and the Coco-Cola Bottling works, of this city, and opening business at once in the operation of these two long established and well-known bottling plants.

The charter of the Punch-I-Nello Company provides for an authorized capital of \$100,000, but it begins business with a subscribed capital of \$10,000, which is ample for all requirements, so much so, that although there were applications for stock in excess of this sum such were declined.

The new company is officered as follows:

- President, W. E. Borden.
- Vice-President, C. B. Miller.
- Secretary and Treasurer and Manager of Home Plant, A. L. Bell.
- Manager Sales Department, A. E. Dannenberg.
- Auditor and Promoter and Treasurer Rocky Mount Plant No. 1, W. H. McDonald.

DIRECTORS.

Geo. C. Royall, L. M. Michaux, C. B. Miller, A. L. Bell, A. E. Dannenberg, W. E. Borden and W. H. McDonald.

This new enterprise begins business under most favorable auspices, and presents to the public the best carbonated drink on the market today—the drink that cheers, invigorates and permanently builds up—the drink that makes merry and has no "morning after."

SLEEP BROKEN BY ITCHING ECZEMA

Skin of Whole Body Covered for a Year—Awful Itching Kept Sufferer Awake Half the Night—Tried All Kinds of Remedies but They Had No Effect.

CUTICURA REMEDIES A PERFECT SUCCESS

"I wish to let you know that I have used one set of Cuticura Remedies—one cake of Cuticura Soap, one box of Cuticura, but two vials of Cuticura Resolvent Pills—which cost me a dollar and twenty-five cents in all. For a year I have had what they call eczema. I had an itching all over my body, and when I would retire for the night it would keep me awake half the night, and the more I would scratch, the more it would itch. I tried all kinds of remedies, but could get no relief. A friend of mine told me to try the Cuticura Remedies which I did, and am very glad I tried them, for I was completely cured. If any of my friends should be troubled with the same disease, I will cheerfully recommend the Cuticura Remedies, and if I know any one who wants to know how I cured myself, I shall be glad to tell them." CUTICURA The Great Skin Cure and Purest and Sweetest of Emollients.

Cuticura Ointment is, beyond question, the most successful curative for torturing, disfiguring humors of the skin and scalp, including loss of hair, yet compounded, in proof of which a single anointing with Cuticura Ointment, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent (Liquid or Pills), is often sufficient to afford immediate relief in the most distressing forms of itching, burning, and scaly humors, eczemas, rashes, and irritations; permit rest and sleep, and point to a speedy cure when most, if not all, other remedies and even physicians fail.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults. PRESUMABLY QUIET AT PLYMOUTH.

Bad Negro Shot a Constable.

No New Developments in Call For Troops Last Night To Protect The Negro From Lynchers.

(Special to the ARGUS.)

Raleigh, Feb. 14.—Governor Glenn, when seen this morning at the Capitol, stated that there were no new developments in the Plymouth call for troops, last night, to prevent the lynching of the negro who shot a constable there. Therefore, the Governor stated that everything is presumably quiet.

From other sources it is stated that the sheriff's telegram was prompted by "abundance of caution" more than any real danger of a lynching.

This afternoon Governor Glenn received a message from Sheriff Jackson, of Washington county, stating that everything is quiet and all fear of lynching is over.

ELECTION NOTICE.

For Special School Tax In Prescribed District in Fork Township, Wayne County.

On a petition duly signed by the citizens of the prescribed district and endorsed by the County Board of Education of Wayne county, the Board of County Commissioners of said county, in regular session on Monday, February 3, 1908, hereby orders an election to be held in the hereinafter described district in Fork Township, Wayne county, at Rosewood Academy, in said district, on Tuesday, March 10, 1908, to ascertain the will of the people within the said special school district whether there shall be levied in said district a special annual tax of not more than fifteen cents on the one hundred dollars valuation of property, and forty-five cents on the poll, to supplement the Public School Fund which may be apportioned to said district by the County Board of Education in case such special tax is voted.
