

CRAIG'S LEAD

INCREASES.

He Led in Saturday's Voting.

The Seven Counties, Including Davie, Which Have Held Primaries Since the Last Record, Increase the Lead of the Young Man From the West, and all of these Counties are in Neutral Territory.

Charlotte Observer.

Six counties held primaries Saturday—all of them in neutral territory. Those voting represent 44 convention votes, including Davie county, which held its primary Thursday, and of these Mr. Craig received 21.31; Mr. Kitchin, 15.91, and Mr. Horne, 6.78.

Mr. Craig's lead is 61.43, while at the same period last week it was 56.04; a gain of over five votes.

Of the votes given from the seven new counties included in the tabulated statement five are estimates, but they are from the county chairmen and based on careful estimates, which are approximately correct. Lincoln county, which was scheduled to hold primaries Saturday, did not pass upon the gubernatorial candidates and it is understood that that county's delegates to the State convention will go uninstructed.

Thus far 58 counties have voted, including Rowan and Hertford, whose delegates were uninstructed, and 40 counties remain to be heard from. Mr. Craig's friends are jubilant over yesterday's results, feeling assured that their candidate will keep up the pace he has maintained from the start, with a possible interruption next Saturday when the rest of the Fifth district counties will be heard from. The interruption, however, will be only temporary.

Counties	Vote	Craig	Kitchin	Horne
Alexander	5	14.50		.50

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & Co., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

IMPORTANT BILLS LEFT OVER

The Adjournment of Congress Leaves a Number of Important Measures High and Dry.

(Special to THE ARGUS.)

Washington, May 23.—The adjournment of congress leaves a number of important legislative measures that were not acted upon, the number being so great, in fact, that many persons are inclined to regard the sixtieth congress as a "do-nothing" one.

One of the most important measures enacted was the child labor law for the District of Columbia, which may well be taken as a model for all similar legislation throughout the country.

The session also served to secure to labor the liability of employers, insured the continuance of the Hepburn rate law, stopped race track gambling in the National capital, and passed several other measures which are equally meritorious.

A partial list of the more important bills that have been put over for another session includes the bill for publicity in connection with campaign contributions, some ten or fifteen anti-union bills, reduction of tariff on products of Philippines, the Administration bill to amend the Sherman anti-trust law, removal of the duty on wood pulp and print paper, prohibition in the district of Columbia, to make Porto Ricans citizens of the United States, the Appalachian-White Mountains forest reserve bill, bill to provide for the United States to own its own embassies, swamp land reclamation bill, revision of copyright laws, establishment of Federal grain inspection, and retirement of superannuated Federal clerks.

CUT IN COTTON PRICES.

The largest jobbers in cotton goods in the West, Marshall Field & Co., are responsible for the latest cut in cotton fabrics. They say the cotton mills have been demanding prices not justified by the price of labor and raw cotton, and they have therefore reduced prices to a point 35 per cent. below those which were current before the panic occurred in October. The Marshall Field firm had been persistent bears all winter, but their latest cut outdoes all previous efforts in that direction.

Some of the New York houses are, however, endeavoring to maintain prices, and possibly the Chicago cut of 35 per cent. will not become fully established. It is really based on low-priced cotton, and spot cotton is worth 11 cents, and the tendency is upward. The Chicago firm's policy seems to be based on the price of contracts in New York, which has distant relation only to the real price of real cotton. A cotton bag will soon be a novelty in New York, and Marshall Field & Co. should look for quotations of cotton in the land of cotton itself. They sell goods freely in the South, and they should not appear so strenuously on the bear side of the South's great staple.

NOT A CANDIDATE.

To the Editor of ARGUS:

DEAR SIR:—I regret very much that business matters prevented me from being present Saturday at the assembling of the Democratic county convention. If I had been there I should have asked the convention not to endorse me for delegate-at-large to the Denver convention. I greatly appreciate the consideration shown me by the convention in this endorsement, but I am not a candidate for the place nor shall I be. My brother, R. F. Aycock, is a candidate for Corporation Commissioner, and there are many men in North Carolina, unobtrusive but earnest Democrats, who have done much service for the cause of Democracy, and whose labors have been unrewarded, who would be delighted with the honor of going to the Denver convention. It would be ungracious in me, who have been honored by my party beyond my deserts, to stand in the way of these gentlemen.

Very truly yours,
C. B. AYCOCK.

COURT NOTICE.

Jurors who are summoned for the first week of the special term of the Superior Court of Wayne county, are hereby notified that they need not attend said court until Tuesday morning, June 2nd, 1908; and all suitors and witnesses in cases set for Monday, June 1st, at said court, need not attend until the day following, as there will be no session of said court on Monday, June 1st.

By order of Judge Guion.

JAS. R. HATCH,
C. S. C.

May 19th, 1908.

POLITICS AND POLITICIANS.

Ambitions and Prospects of Men

Strutting and Fretting Their

[Hour on the Stage.

(Special to THE ARGUS.)

Washington, D. C., May 26. Senator Johnston, of Alabama, favors the nomination of Governor Johnson, of Minnesota, as the Democratic candidate for the Presidency.

Former Governor Edwin Warfield, of Maryland, says a national Democratic ticket headed by Governor Johnson, of Minnesota, and Governor Folk, of Missouri, would sweep the country at the November elections.

Governor Charles M. Floyd, of New Hampshire, predicts that the Democratic convention at Denver next July will name William J. Bryan, of Nebraska, for President and John A. Johnson, of Minnesota, for Vice President.

Ruth Bryan Leavitt, daughter of William J. Bryan, will, it is said, take the stump in Colorado, Wyoming and other Western States, and will make political speeches in favor of her father, if he is nominated for the Presidency.

Henry F. Staple, candidate for the Democratic nomination for governor of Missouri, is opposed to State-wide prohibition. He declares that it is forcing some communities to a thing which they by a vote of their people have declared against, and that consequently it is undemocratic and un-American.

Certain leaders of the temperance movement in Pennsylvania declare that the next gubernatorial campaign will be waged on a local option issue, and that State Treasurer William H. Berry will be the candidate of the forces opposed to the nomination of the saloon in Pennsylvania politics.

Political signs in Texas point to the re-election of Governor Campbell for another term. He succeeded in maintaining an attitude of neutrality in the recent fight on Senator Bailey and it is not likely that either faction in the Democratic ranks will seriously oppose him for another term.

BASEBALL TICKETS.

Opportunity Offered Young Ladies to Win Season Ticket.

The tickets to the opening baseball game were received from the printer this morning, and quite a number of young ladies have begun to sell them. The committee who are looking after the distribution of the tickets are unable to guess just who wish to enter the race and on this account would be glad for the young ladies wishing to begin work to phone Mr. Paul Borden or Mr. Herman Weil and tickets will be promptly furnished them.

The two young ladies who sell the greatest number of tickets to the opening game will each receive a season ticket, good at all games played in Goldsboro during the season.

The ladies who enter this contest not only stand a chance of getting free admission to all games but at the same time are helping the Athletic Association.

A STATEMENT.

In looking over the records of the High School for the last two years, I find that an error in the ninth grade records gave the Well prize for the girls to the wrong person. I made the error last year in finding the averages for the year, and those averages were accepted this year as correct and were not examined again. The correction of the error gives the prize to Miss Eunice Edmondson instead of Miss Nellie Witherington by 1-63 of a point, and the prize has been re-awarded accordingly.

This statement is made in justice to all persons concerned. I regret very deeply, for the sake of both young ladies, that the error should have been made.

W. C. RANKIN,
Principal High School.

In this connection the ARGUS is pleased to note the very gracious and cordial spirit with which Miss Nellie Witherington yielded the prize to Miss Eunice Edmondson upon the fractional error as above, and the latter has presented the \$20 in gold to the Library of the High School to be expended in the purchase of new books, which is indeed very generous.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
