THE VETERANS

MARCH AGAIN

Spectacular Day of the Big Reunion of Confederate Veterans.

All of the States Were Well Represented, Among Them Georgia, Carolinas, Mississippi, Virginia, Louisiana, Texas, Arkansas, Tennessee, Missouri, Florida and Kentucky.

(Special to the ARGUS.)

Birmingham, Ala., June 11—This was the spectacular day of the big reunion of Confederate veterans, when gray-haired and age-worn soldiers who wore the gray marched once again shoulder to shoulder. The courts and city offices, the banks and many stores and factories were closed, and the people made the occasion a holiday.

During the early hours of the forenoon crowded strains brought large numbers of visitors from all points within a radius of 100 miles of Birmingham. These, added to the great throngs already in the city, made the crowded one of the largest ever seen here.

It was shortly after 11 o'clock when the signal guns to start the parade were fired. The start was made from Sixth avenue and Nineteenth street, from which point the line of march extended through First avenue, Twenty-first street and Fifth avenue, thence counter-marching on Twentieth street to Sixth avenue, Twenty-first street to Park avenue and on Park avenue to Nineteenth street, where the procession disbanded.

The reviewing stand was located in front of the Confederate monument at Capital Park. The reviewing stand was occupied by Governor Comer, Mayor Ward and other State and City officials and especially invited guests from other States, including the wives and families of distinguished veterans. The principal features of the closing day of the 18th reunion Confederate Veterans today was the great parade, 3 miles long, through the principal streets, led by the newly elected commander, Gen. Clement A. Evans, of Georgia. As the grizzled veterans in gray marched by great outbursts of applause greeted them on every side, and Gen. Evans in particular was vociferously applauded.

General George P. Harrison, commander of the Alabama division, was the chief marshal of the parade. Marshal E. J. McCrossin headed the column with Chief Bodeker and two platoons of mounted police. Next in line were the State and City officials in carriages, the Alabama National Guard, the Howard college cadets, Major General Harrison and his staff, and General Cabell and his staff, followed by the sponsor's carriage and the Forest cavalry.

Then came the Confederate veterans, representing the department of the Army of Northern Virginia, the department of the Army of Tennessee, the trans-Mississippi department and the other divisions.

All of the States were well represented, among them, Georgia, Carolinas, Mississippi, Virginia, Louisiana, Texas, Arkansas, Tennessee, Missouri, Florida and Kentucky.

During the night the final decorative touches were made, and today the line of march was one great display of flags and bunting. The most elaborate decorative decorations were to be seen along Twentieth street, through which brood thoroughfares the procession counter-marched for six blocks. Handsome awnings spanned the street at regular intervals. At Capital Park the Confederate monument and the reviewing stand were surrounded by a court of honor.

The applause, which was spontaneous and loud all along the line of march, became a veritable tempest as the veterans moved past the reviewing stand.

STRONG FACULTY.

Board of Trustees Elect Full Corps of Teachers For Our Public Schools.

The Board of Trustees of the Goldshoro Public Schools has completed the selection of a faculty for the coming year, and in all the career of these schools, growing as they have from year to year, and requiring the addition of teachers to the faculty from year to year, we do not recall a faculty so strong, and none so large, as that which will have the care and training of the children of the community in these schools during the coming year. Every member of the faculty has been selected by Superintendent Woltz and considered by the Board of Trustees with a view to special fitness for the work assigned to them in the grades. They are all teachers of ability and experience who have already won distinction in the profession. The people of Goldshoro are indeed to be congratulated that the children of the community are to have such a faculty in the schools they attend.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with red-wetting, depend upon it, the cause or one difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free also pamphlet tell. HIS LIFE

FOR HIS WORD.

A Hero Who Deserves to Live That the Country at Large May Give to Him Higher Honors.

Gov. Hughes Wins Out in His Anti-Race Track Gambling Fight in New York Legislature To-day By a Vote That May Cost a Life.

Albany, June 11—The anti race track gambling bill, making it a felony to bet on horse races in this State, passed the Senate today by a vote of 27 to 26, the deciding vote being cast by senator Otto Feolker, who rose from his sick bed, contrary to the advice of his physicians, in order to honor his promise to Governor Hughes, the father of the bill, that he would be in his seat and vote for the bill if he lived until 2 this afternoon.

Feolker had to be helped to his feet to answer when his name was called and immediately after his vote had been recorded by the clerk he sank unconscious to his seat and was carried from the Senate chamber.

His condition was critical at 3 o'clock this afternoon.

EUROPE AGAINST TAFT.

Americans Residing Abroad Oppose Taft.

Special to the ARGUS.

New York, June 10.—Edward H. Butler, proprietor of the Buffalo News, has just returned from Europe and reports a decided anti-Roosevelt sentiment on the other side of the water, particularly in France and Germany, where they believe the "big stick" largely responsible for the recent financial panic that has so crippled international commerce, as well as all business at home and abroad. But in London he found a sentiment ready to believe Roosevelt's denial that he precipitated the game.

Americans residing abroad, many of them, hope Taft will be defeated, because he is Roosevelt's candidate.

Chicago, June 10.—National committee to-day seated Taft men from the eleventh and thirteenth Missouri districts. There is a little doubt now among administration leaders that the ticket will be Taft and Cortelyou.

TAFT AND CORTELYOU.

Forecast of the National Republican Ticket.

Chicago, June 11.—This afternoon the National committee took up the contested seats from Texas. It is expected that the Taft men will be seated, though vicious charges that federal patronage was used in the State to help Taft are not denied by many strong supporters of the War Secretary.

It looks today as though Cortelyou may not get the nomination for second place by acclamation.

There is a boom for Congressman Shehan, of New York, and he is coming forward very strongly. It is freely predicted, however, that the ticket will be Taft and Cortelyou on the first ballot.

David B. Hill to See Europe.

New York, June 11.—Former Governor David B. Hill will be one of the notable absentees from the Democratic National Convention at Denver next month. Mr. Hill sailed on the steamship Baltic today and will spend the greater part of the summer in Europe. It is his first trip abroad.

AT CHICAGO.

Contest Committee Hopes to Get Through and Get Home Today.

Chicago, June 12.—National committee hopes to-day to dispose of the last of the 229 contests for seats in the National convention and go home.

There is no doubt as to the outcome of every contest. No Taft man will be refused his seat. The allies realize this. Considerable nervousness, however, is occasioned by the demands of the labor organizations as represented by president Samuel Gompers, of the American Federation of Labor that an anti-injunction plank be put in the platform; for it is confidently asserted that if Gompers falls with the Republicans he will take his anti-injunction plank out to Denver and make an effort to have it mailed into the Democratic platform. At the same time, the Manufacturers' Associations are represented here by president James W. Van Cleave, opposing the plank, so platform writers find themselves between two fires, as to injunction and anti-injunction planks. It is understood to-day that friends of Governor Hughes are so confident of the popularity of the New York chief executive, so greatly increased by the passage of his anti-racing bills, that he may decide to remain in the Presidential race.

CROOK SHOTS POLICE

Noted Officer Fatally Wounded by Noted Criminal Ex-Convict To-day in Buffalo.

Buffalo, June 12.—Detective Sergeant Jeremiah Lynch, oldest member of the local police, and prominent in the capture of Leon Czolgosz, assassin of President McKinley, was shot this forenoon and probably fatally by Otto Suedorf, a desperate crook just released from Auburn state prison, after a twelve years sentence for holding up and robbing the paymaster of the American Radiator Company.

Lynch undertook to arrest Suedorf as a suspicious character, when the latter drew a revolver and fired, Lynch getting the bullet in the groin.

He was removed to the Emergency Hospital, where his death is now expected any minute.

Suedorf was closed in upon by the crowd in the street and after a desperate fight was thrown down and dragged to police station.

MITCHELL FOR GOVERNOR.

He Is Favored for Chief Executive of Illinois by President Gompers of Labor Federation.

(Special to the ARGUS.)

Chicago, June 11.—Samuel Gompers, president of the American Federation of Labor, is due here to-night, and will argue the anti-injunction plank of the platform of the Republican National convention.

Mr. Gompers, who comes from Washington, is reported as saying "I have no candidate. I am for measures not men."

Asked as to his attitude towards John Mitchell, late President of the United Mine workers, for Governor of Illinois, he said "I am heartily in favor of Mitchell for Governor. He is the kind of man needed in public life."

Further than this Gompers would not commit himself.

Harry and Evelyn Said to be Cooling Dove Like Again.

(Special to the ARGUS.)

New York, June 13.—Dan O'Reilly says today that Harry and Evelyn are absolutely reconciled and she will call on him every day in jail at Poughkeepsie.

On the other hand Col Bartlett, employed by Mrs. William Thaw, mother of the prisoner, transferred to the Poughkeepsie institution where he can have homeopathic treatment, says Harry must choose between his family and their cash and Evelyn, for Mrs. Thaw, the elder, has no use for Evelyn and desires never to set eyes on her again.

PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—Life Was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Coldharbour Lane, Camblewell Green, Eng., Jan. 12, 1907."
