

CALLS BRYAN A CHAMELEON. Mr. Hearst Has Lost His Faith.

New York, July 16.—A cablegram has been received from William Randolph Hearst, in a reply to a message transmitted to Mr. Hearst from Samuel Gompers, stating that in view of the Democrats stand for labor it would be "an act of greatest patriotism for the Independence party to endorse the Democratic platform," and urging him not to run a third ticket, as it would elect Mr. Taft.

Mr. Hearst's cablegram follows: "Paris, July 16.—Tell Mr. Gompers that I am not authorized to speak for the membership of the Independence League, but according to my personal standards, a purer patriotism consists in laboring to establish a new party which will be consistently devoted to the interests of the citizenship, and particularly to the advantage and advancement of the producing classes. I do not think the path of patriotism lies in supporting a discredited and decadent old party which is neither conscientious nor honest in intention, or in supporting chameleon candidates who change the color of their political positions with varying hue of opportunism. I do not think the best benefit of laboring men lies in supporting the old party because of a sop of false promise, when the performance of that party while in power did more to injure labor than to benefit it. I have lost faith in the party professions of an unregenerate party. I have lost confidence in the ability, in the sincerity, and in the integrity of its leaders. I do not consider it patriotism to pretend to support that which, as a citizen, I distrust, and I earnestly hope the independence party will give me an opportunity to vote for candidates that are both able and honest, and for a declaration of principles that is both sound and sincere."

OLYMPIC GAMES.

American and British Athletes Measuring Prowess in London.

London, July 17.—When the Olympic games opened this morning England was in the lead with 45 points to 31 for the American team, but as most of the track and field contests—in which the Yankee boys are admitted to stand supreme—have not yet been reached there is every reason to believe the Stars and Stripes will ultimately overtop the Union Jack.

In the archery and pistol and revolver contests carded for to-day the American team does not, naturally, expect to make much showing against the Britains, who have this thing down fine.

Speaking of the prospects for his men, James E. Sullivan, American commissioner to Olympic games, said today: "Our team is in fine fettle and not one of my men is overtrained. From this time on our chances to get first place will increase rather than diminish. The field and track contests will put us ahead."

According to the British system of scoring however, it will be easy for England to keep her lead until track and field events are reached, for first only are counted. If first, second and third were all counted, according to American athletic principles, the two countries would be tied within a point or two today.

FIRE AT WRIGHTSVILLE.

Ocean View Hotel Destroyed Early This Morning.

Wilmington, N. C., July 16.—A fire broke out this morning about 7:30 o'clock at Wrightsville Beach and burned the Ocean View Hotel, the smallest of the three hotels on the beach.

Lumina, the large pleasure pavilion, owned by the Tide Water Power Co., was threatened at one time, but by efficient work of the beach fire brigade the building was saved and sustained no damage worth mentioning.

The fire is believed to have started in a restaurant adjoining the Ocean View Hotel.

No lives were lost. A chemical engine from the Wilmington Fire Department assisted the firemen at the beach and rendered valuable service.

GREAT PARADE OF ELKS. Finest Pageant Dallas Has Ever Witnessed.

Tens of Thousands of Dollars Were Represented in the Costumes of the Marchers.

(Special to the ARGUS.)

Dallas, Texas, July 17.—Festivities in connection with the annual National Reunion of the Benevolent and Protective Order of Elks culminated today in a parade which was the finest pageant Dallas has ever witnessed.

In rich and picturesque garb the "best people on earth" turned out in full force just to show their appreciation and hospitality showered upon them by Dallas. There were in line nearly 15,000 Elks, representing about one hundred lodges scattered from Maine to Honolulu and from Canada to Mexico. The line of march extended over a large part of the business section and through streets which were handsomely decorated with flags and bunting. Visitors poured into the city in the early morning hours to witness the pageant and the route was lined from end to end with thousands of enthusiastic and delighted spectators who loudly cheered the steller features of the big show. The bands, of which there were more than a score, also came in for a large share of applause from the appreciative public.

The start of the parade was made between 9 and 10 o'clock this morning. Grand Esquire Sullivan acted as Grand Marshal. The first division consisted of a police escort, officers and members of the grand lodge in decorated carriages and the Dallas lodge acting as escort of honor. Following this division New York Lodge No. 1, the parent organization of the order, held the place of honor, with other State lodges following.

Tens of thousands of dollars were represented in the costumes of the marchers. Hundreds of those in line wore blue serge or white duck suits and straw hats with purple bands. But many more were garbed in rich or fantastic costumes that represented considerable outlay. Some of the lodges from Pennsylvania and Ohio attracted particular attention because of their fine appearance and a picturesque show was made also by some of the lodges from Mexico and from Colorado and the States of the far West. Many magnificent floats, illustrative of the cities whose lodges provided them, were also in the parade.

All the Gold IN GEORGIA Could not Buy-

Riding, Ga. August 27, 1908.
Messrs. E. C. DeWitt & Co.,
Chicago, Ill.

Gentlemen:—In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty-cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic.

May you live long and prosper.
Yours very truly,
C. N. CORNELL.
