New York, Sept. 24 .- While there was no new developments at Demecratic national committee headquarters today with regard to the charges that have been made against Governor C. N. National committeemen here declare thatist is not solely a question of the verity of the charges against Governor Haskell, but of the political effect of having a man on the committee against whom charges of such character have

It is dearned, however, that not withstanding the attitude of many national committeemen, the whole question of Governor Haskell remaining on the committee rests primarily with Mr. Bryan and National Chairman Mack, and that nothing will be done until Mr. Bryan has made a careful investigation of the Haskell charges and given the fullest consideration of the facts. Mr. Mack said today that he had receixed no communication from either Mr. Bryan or Governor Heskell.

New York, Sept. #6 .- The New York Times, the paper that first published the new noted & Cleveland article endersing Tait, publishes this merning a letter from F. S. Hastings, executor of Cleveland's will, in which he says that he has indisputable evidence that M. Cleveland did not write nor sign that article and that it should not be credited to him. It had already been proved a forgery by analysis and a fabrication of false-

All the Gold IN GEORGIA Could not Buy-

Roding, Ga. August 27, 1966.

Gentlemen:

In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscults, doctors' presorietions and Dyspepsia remedies that flooded the market. I could not digest anything I ste, and in the Spring 1902 I picked up one of your Almanace as a poor emaclated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saves. I bought a fifty cent bottle of KODOL DYS-PEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA GOULD NOT BUY. I kept on taking it and in two menths I went back to my work, as a machinist, and in three months I was well and hearty.
