DR. GODDIN'S
Compound Gentian Bitters.

GENTIAN has been known and used as a medicine from the highest and tiquity, many of the complex preparations handed down from the Greeks and Arabians, contain it among their ingredients; and it enters into most of the stomachic preparations employed in modern practice. It may be used in all cases of disease dependant on pure debility of the digestive organs, or requiring a general tonic impression.

In offering the COMPOUND GENTIAN BITTERS to the public, Dr. Goddin does not claim to have made any new discovery; only in the manner of preparation, and compounding it with tonic aromatics which serve to cover the taste, and increase the value of the medicine; and he respectfully refers those who are not familiar with the medicinal properties of GENTIAN, to the United States Department for its medicinal virtues. The leading physicians in this country to whom he has submitted his formula do not hesitate to say that this is superior to any of the official preparations of Gentian laid down in the Dispensatory.

A trial is all that is asked for the Compound Gentian Bitters, in the treatment of the following diseases:

CHILLS AND FEVER,

DYSPEPSIA,
NEURALGIA
RHEUMATISM,
SICK STOMACH,
CHOLIC

Rare Chance for a Good Investment.

In the meantime he invites a correspondence with such as desire to engage the services of a son-in-law, whose good looks, elegant demeanor and good example in the family, will be regarded as equivalent to capital, and a consideration equal to cash.
