enizer - woldseuge Township met in the Court House on Friday even ing last, and closed its labors by nominating a straight out ticket. The meeting was well represe .ted. The nominations are now complete. We hoist the ticket on our masthead, and in so doing pledge it a hearty support regardless of person alities or prejudice. If these who h ve been so unanimously chosen, do not, in the estimation of some, come fully up to the standard, the fact is to be deplored. But it calnot be expected that everybody should feel satisfied with the noninations, and of course, we allow to hear of some dissatisfaction. So retary Boutwell made a long speach fir as the nominees are concerned we believe they are plain and outspoken. There is neither equivoca and Texas, and style themselvs "Con tion nor subterfuge about them. They are all in perfect harmony ministration insisted on countenacing with the true Denocratic ring, and commend themselves to the earnest .consideration and support of every in rower is known simply as citizen, regardless of color, and pol the "Republican" party, and, unitics, who desires that the affairs of this township shall be managed with | ies of that party, and did not endorse a view to the promotion of the general welfare. gentlemen composing this ticket are in every particular, that goes to make up good and suitable men for the position for which they have been chosen, a head and shoulders above any opponents the radical faction of this township may bring against them. Toat this fact is duly ap, reciated by the public we feel well assured; and that they will command much more than the party vote is an absolute certainty.

No vestage of life now remains except in certain tissues, which, even ic properties; the capillaries are contracted so as to drive into the veins the blood they contain; the irritably of the muscles its demonstrated when placed under the influence of the vo'tric pile; the uterus can excel the infant within, even when the heart has ceased to heat, etc. Those last phenon ena of life soon disappear, then the blood decomposes, its liquid parts infiltrating the ti-su's, and its solid clements being deposited either on the heart or on the sides of the vessels. Then follows decomposition, which slowly and misteriously reduces the whole to water, carbonic acid and am monia being the products into which

The Virginia Election in the Cabinet.

A Washington special in the New York Tribune gives some details of the Cabinet, at which the election in Virginia was considered. The Tribune correspondent says :-

In these dispatches, las' evening, a brief statement was given of some of the proceedings of the Cabinet meet-

the clfactory nerves are insensible to | the neighborhood, but she as persistswear to a lie. After exhausting all failing to prevail upon her to accompany him to the woods, he determined to resort to other means. So last Friday, while in the field at work, he attacked Jane with great violence. knocking her down several times, kicking and beating her most inhumanly. and would no doubt have killed her, as he said he would, but for the interference of the other negroes present. The fiend now feeling that he had done his work pretty effectually, took to the woods and has not been heard f r some time after de th, retain organ of since. On Friday night, Jane, after suffering great agony, gave birth, pre maturely, to a child which lived some eight hours. The Coroner was sent for, a jury summoned, and aft r hear-

ing the evidence and examining the child, which bore marks of violence, gave in a verdict to the effect, that the child come to its death by reason of the beating of its mother, by Lunn Barnheart, her father.

The evide ce in the above case shows a brutal and inhuman conduct on the part of the fiend, Lunn, which has but few parallels. -Salisbury Exammer.

REDUCE THE TAX LISTS .- Acting pon the recent decision of the Supreme Court, in the University Railroad case, the Public Treasurer and Auditor, says the Standard, have issued a circular to the Com nissimers of the several counties, advising hem to revise the tax lists, and n t cillect the taxes levied for three railrad. The amounts appropriated to the dif lerent railroads referred to respectively are: for the University rairoad \$300,000, for the Edenton & Siffolk railroad \$850,000; for the Easters and Western railroad (the proposed road from Henderson to Mt. Airy,) \$2000, 000, making a total of \$3,154,000. which must be deducted from the State

TREASURY DEPARTMENT, Raleigh, July 221,1869 To the Chairman of the of ommissioners of the County of -Sin: The Supreme Court of the State has decided in the case of the University Railroad Company's, the Governor and Treasurer, that special taxes levied to pay interest or bonds author zel to be issued for the purpose of building railroads, which were not begun and unfinished at th time sippi. THE NORTH CAROLINA EXCURSIONISTS. - About 5 o'clock yesterday afternoon the excursion train from Wilmington, N. C., arrived in our city, bringing nearly 300 persons. The train left Wilmington at 4 o'clock in the morning with a goodly number, but at every station along the route additions were made until the number had swelled to 300.

Our old acquaintatice, Captain George Morri-on, had charge of the excursion train, and contributed to the comfort of his passengers by his attention and Courtesy: Conductor Browning was also along, and his old friends were much pleased to see hum aga D.

When the train arrived at the depot the excursionists separated, sime of them remaining in Portsmouth, others going to Norfolk and Baltimore. -but the majority went down on the excursion to Old Peint and the Capes. Among the visitors stopping in Ports.nouth are the Mayor of Wilson and a number of the beautiful ladies of the Old North State. The excursionis s return on Thursday morning .-Norfolk Virginian.

A preliminary examination into the killing of militiaman Putney, and the mounding of Mass, was heard before Mayor Harrison yesterday. A large number of members of the company wis examined, and much of the testimony was very irrelevant. Jeff. Baction swore to seeing Sargeant W. S. Walker hayonet Putney as Putney was seizing a musket after threatening to kill the guard. Michael Connolly testified to having seen Sargeant Wm. Bell bayonet Moss; and Hil swore that Connolly ran when the strug gel commenced, and could not see the scuffle, because his back was turned. No evidence was adduced against Hood, who is now confined at Gold -boro. Walker was committed to jail without bail; and Bell was committed in default of \$5,000 bail to await the result of the wounds of Moss. Putney was buried yesterday. Moss is quite weak from the loss of blood and is not out of dan zer. - Standard
