

Goldsboro Messenger

GOLDSBORO, N. C.

THURSDAY, FEBRUARY 11, 1886.

GEORGE H. HUBBARD AND E. SEWELL.

An Emma Abbott sang in Charlotte last night.

Read the new advertisement of Mrs. E. W. Moore.

Dr. H. M. Harper, of Kinston, was in this city on Monday.

Wilmington is to have the Game-well fire alarm system on and after April 1st.

Next Easter falls on the latest date on which it possibly can occur—April 25th.

The display of Valentines at Whitaker's bookstore is decidedly the handsomest ever seen in the city.

The poor house overseer position must be a fat place. We expect to hear of a plenty aspirants for the position after this.

An invitation has been extended Rev. Dwight L. Moody, the famous revivalist, to visit Raleigh while on his Southern tour.

Mr. Stephen G. Worth has purchased the Evening Star and Daily Weekly News, of Fayetteville, and Monday assumed both editorial and business management.

Our Mr. Rom. M. Johnson will be at Clinton during Sampson Superior Court commencing the 22nd inst. We hope that our delinquent friends will bear this in mind and go to Clinton prepared to settle arrears with him.

Wilmington Star: The many friends of Mr. John W. Savage, formerly of this city, but for the past five years a resident of Alexandria, Va., will regret to learn of his death, which occurred in that city on Saturday morning last.

Read the new advertisement of Messrs. Royall, Borden & Co., announcing that they are sole agents for Eastern Carolina for the Vienna Bent Wood chairs. Call and examine the different styles of these comfortable and durable articles.

The Warm Springs Syndicate have purchased one hundred and forty acres of land near the depot for \$50,000. Major W. W. Rollins and Capt. G. M. Roberts are the grantors. Among the improvements contemplated is a mammoth hotel.

The reception of Miss Kellogg in Sumpter, S. C., her birthplace, though she had not been there since a child, was a rousing one. The company marched from the depot to the hotel singing "Home Again," Miss Kellogg seeming overwhelmed with delight.

Newbern Journal: The many friends of Miss Hannah A. Oliver will be pleased to hear of her safe arrival at Enslwood, N. J. The trip was pleasant and she suffered no inconvenience from it. We are pleased to hear there is hope of her speedy recovery.

Attention is directed to the new advertisement of Messrs. Slocum & Bain, agents for Mott's patent fire proof paint for roofs. Call on these gentlemen for estimates and add protection to your dwellings and other buildings by having them covered with a coat or two of their paint.

Raleigh Visitor: Rev. Geo. C. Needham, the distinguished evangelist, will arrive in this city on Saturday from Charlottesville, Va., and begin at once a series of meetings to be held in the First Baptist church. Mr. Avis, of Louisville, Ky., accompanies Mr. Needham, as a leader of the song service.

Hillsboro Observer: Mr. O. B. Cates, who lives near Cole's store, in this county, missed two of his teeth some time last year. After Christmas the hogs were found, shut up in an out-house, where they had been fifty four days without anything to eat or drink. The hogs were very thin when found, but now they are fat and healthy.

A dispatch from Asheville says that on Saturday was consummated the sale of 76,000 acres of land to Dr. C. Whittier, of California. The land lies in Swain county, near Charleston. It is one of the largest real estate transfers that has occurred in many years in this section. The consideration was \$76,000. The town of Whittier is to be located on it.

The New York South says: The Old North State is booming under the influence of tobacco, and the prosperity that the weed is bringing to it is something phenomenal, while the wonderful growth of more than a dozen towns has been the result of the cultivation of tobacco in their immediate sections. More than one hundred factories have been erected in the State during the past twelve months.

Pork township, in this county, had a sensation last week in the shape of an elopement of a married woman with a young man, both of whom were residents of that section. They took as many house-furnishing goods (the property of the husband) as they could conveniently carry and departed for parts unknown. The parties to this shameful transaction deserve no sympathy but out of consideration for the duped husband we withhold the names.

The fact is not generally known in the State, remarks the Wilmington Review, that the Chadourn & Conwayboro Railroad, in Columbus county, has already been constructed, ballasted, ditched and equipped from the former point to Mount Taylor, a distance of fourteen miles, and that the road is in such good condition that trains can be run up it at a speed of thirty miles per hour. Mr. William H. Chadourn is President of the Company, and the road, as far as it has been built. The present terminus of the road is in Columbus county, its limits extending to the South Carolina line.

The Argus of yesterday gives the following particulars of the escape on Tuesday, of Marcellus Braswell, colored, who was sentenced to the work house at the recent term of Wayne Superior Court. While the guards were taking the prisoners out of the jail cells Braswell walked round the inside passage of the jail to a back window, that was open, and jumped out. He was not missed until the guards brought the prisoners out into the court yard and counted them, not ascertaining how he had been absent. They did not find his tracks beneath the window at the back of the jail. His escape can hardly be attributed to carelessness—unless probably the leaving of the back window open be carelessness.

The Grand Lodge of Knights of Pythias met in Raleigh Tuesday morning. The reports of the grand officers show the order to be in a healthy condition. The Grand Lodge is free from debt and has a \$700 cash surplus. The following officers were elected for the ensuing year: S. C. White, G. C.; Nathan O'Berry, G. V. C.; W. L. Jewett, G. P.; John L. Dudley, G. K.; R. S.; R. T. Scanlin, G. M. E.; C. D. Benbow, G. I. G.; G. O. G.; E. M. Pavie, G. M. A.; Eugene G. Harrell and J. A. Bonitz, supreme representatives.

Wilmington Review: Everyone who feels an interest in home enterprise and home productions should see the pine straw matting now being manufactured by the Acme Company. We think that, as soon as they become well known, they are destined to supplant, to a great extent the cocoanut matting now so much in use. The advantages they possess over the cocoa are many and obvious. They are much cheaper and more durable than the cocoa and are pure and odorless of the pine. Messrs. Cronly & Morris, the agents here, shipped some of the matting last week to Bellevue Hospital, in New York, and with this week make a shipment to the Baltimore Infirmary.

GOLDSBORO JOTTINGS.

Personal Mention and Items of Interest at Home.

COLDS are quite prevalent.

ST. VALENTINE'S Day next Sunday.

SPRING house-cleaning will soon be in order.

ANOTHER boom for the lazy man! The invention of a self-winding watch is announced.

MISS MINNIE WILLIAMSON, of Sampson county, is on a visit to the family of Mr. C. T. Carroll.

MRS. JAMES H. SMITH left Tuesday to join her husband, who is assistant agent at Warm Springs, N. C.

MR. LEVI EINSTEIN, of Boston, eldest son of Mr. and Mrs. M. Einstein, is on a visit to relatives and friends in the city.

The festivals given Monday and Tuesday evenings, by the ladies of the Presbyterian Church, were liberally patronized.

MR. F. B. LOFTIN, of the Goldsboro bar, has moved to Kinston, where we wish him much success in the practice of his profession.

MISS HARRIET UZZELL, of Lenoir county, and Misses Lida and Sue Whitfield, of LaGrange, are visiting Mrs. J. M. Latham.

MESSRS. J. A. BONITZ, E. G. Porter and W. T. Hollowell attended the Grand Lodge of Knights of Pythias, which met in Raleigh this week.

The dwelling on James street, now occupied by J. B. Whitaker, Jr., is for rent. Possession may be obtained within the next week. Apply to Col. Geo. W. Collier.

MR. WM. L. VINAL representing the Boston Star Concert Company, is in the city, and will probably arrange for the appearance of his Company here at an early date.

We are pleased to note that the county authorities are making the much needed improvements upon the court house square pointed out in a recent issue of the MESSENGER.

From a private letter, we learn that our friend, Mr. Jas. A. Robinson, will locate at Winston, his former home. Jim is a good fellow and has our most sincere wishes for abundant success.

MR. NATHAN O'BERRY represents Raleigh Lodge in the meeting of the Grand Lodge of Knights of Pythias at Raleigh, this week. In Mr. O'Berry's hands the interests of our local lodge are safe.

MR. JAMES HOLMES has accepted a position as "commercial tourist" for the tobacco manufacturing establishment of J. Y. Whitaker & Co., of Durham. Success to you, Jim. You will work for a clever house.

MR. JOSEPH ISAACS has purchased the Hiram Ginn place on John street, and is already making improvements upon the premises. He proposes to remodel the old dwelling and erect a new one upon the same lot.

Two of our citizens were honored with high positions at the late session of the Grand Lodge of Knights of Pythias. Mr. N. O'Berry is Grand Vice Chancellor and Mr. J. A. Bonitz one of the representatives to the Supreme Lodge.

STONEWALL Lodge, No. 426, Knights of Honor, will hold a regular meeting this (Thursday) evening. The District Deputy Grand Dictator will probably be present and some important business for the good of the order will be presented. It is hoped that there will be a full attendance upon this meeting.

The Carolina Music House Band will leave this morning to furnish the music at a celebration to take place at Wake Forest College to-morrow. This band, under the leadership of Mr. R. B. Proctor, has attained a wide-spread reputation and its services are more frequently sought for public entertainments than those of any similar organization in the State.

We direct the attention of our farmers to the treatise on tobacco culture to be found in our issue of to-day. It was written for the Durham Fertilizer Company, by Messrs. Alex. G. and N. H. Fleming, of Granville county, who are endorsed by prominent citizens of Durham as "being entirely reliable and are considered among the best and most successful growers and curers of fine bright tobacco in the country." Those who may prefer this treatise in pamphlet form can obtain the same from Capt. J. B. Edgerton, agent in this city for the Fertilizer Company.

The Castello Brothers' 25 cent show gave performances in this city on Monday and Tuesday of this week. The horizontal bar exercises, the ground and lofty tumbling, and the rope and wire performances were first-rate and the general opinion of those who attended is that these fellows are "being entirely equal to, or better than, any ever seen here. The Castello Brothers went from here to Snow Hill and will, we believe, make a tour of the Eastern part of the State. They travel through the country and consequently will visit many places that have not had a circus since the days of ante-bellum.

The following visitors were in the city last evening in attendance upon the marriage of Mr. Nathan Metzger and Miss Auguste Kern, viz: Mrs. E. Herscher, Mrs. S. Westheimer, Miss Fannie Metzger, Mr. N. Frankfurter, Mr. Max Pincus, of Norfolk, Va.; Mr. and Mrs. E. Lieberman, Mr. Elias Hanf, of Philadelphia; Mr. J. Koeneher, of New York; Mr. A. Weil, of Wilmington, N. C.; and Miss R. Lisberger, of Richmond, Va.

GOLDSBORO is now the headquarters of the Singer Manufacturing Company for Eastern Carolina and the branch offices of Newbern and Wilmington have been consolidated with the office in this city. This branch is now in charge of Mr. C. E. Stenson, who has many years of practical experience in the Sewing Machine business. Mr. A. E. S. Lindsey is book-keeper and Mr. A. B. Hollowell special agent for the large territory now under the supervision of the Goldsboro branch. Besides these, about fifteen men are employed as agents and canvassers. The Company's office, under the New Arlington Hotel, is being remodeled to meet the demands of the increased business under the new arrangement.

MR. NATHAN METZGER was united in marriage, at 7 o'clock, last evening, to Miss Auguste Kern, youngest daughter of Mr. Louis Kern, formerly of Detroit, Mich., but for the last several years a respected citizen of Goldsboro. The ceremony, which was beautiful and impressive, was performed by the Rev. W. E. Starkey, at the residence of Messrs. Fuchler & Kern, and was witnessed by quite a large number of friends and relatives of the contracting parties from home and abroad. The marriage was one of the most brilliant that has ever occurred in the city and the array of wedding presents was extensive and magnificent. The happy bridal couple left for the midnight train for Washington, D. C. They voice the heartfelt sentiment of a host of friends in expressing the wish that the pathway of the young couple may be ever strewn with pleasure and happiness, and lighted by the radiance of prosperity's brightest beams.

OUR COLORED SCHOOLS.

The Goldsboro Normal and Classical Institute.

Our colored citizens are making a commendable effort to establish a Normal and Classical Institute in Goldsboro for the training of competent teachers of their race and such studies in the other branches. It is a fact apparent on all sides that before they can make much headway in their schools they must have teachers that are competent to teach and who are otherwise more impressed with a strict sense of morals in which a large number of those now engaged in teaching the colored children are much wanting. The projected Normal and Classical Institute, we are assured, is designed to advance the standard of the colored teachers by a higher degree of service and in this good work the institution will have the hearty cooperation of all good citizens. While endeavoring to make the institution self-sustaining in the near future, for a while at least, the projectors of the enterprise rely in their success of the enterprise upon philanthropic aid, and they hope to enlist in their efforts the sympathy and substantial support of the friends of education at home and abroad.

The Friend's Freedmen's Association of Pennsylvania has already taken a most generous interest in the work. They have recently sent here an excellent teacher in the person of Miss Louise S. Dorr, who for thirteen years presided over the Johnson Normal school at Raleigh, and is to be the principal of the Normal and will be assisted by other competent instructors.

A COMMENDABLE CONFERENCE.

National Convention of Charities and Correction.

[Charlotte Observer.]

From Mr. J. H. Estill, vice-President, we learn that the thirteenth national Conference of Charities and Corrections, will meet at St. Paul, Minnesota, on Thursday, July 15th, and will remain in session until Wednesday, 21st.

The object of the Conference is "to obtain and diffuse information respecting benevolent charitable, penal, and reformatory work, and to bring the care and the cure of the insane, the saving and the protection and reformation of children and youth; the whole subject of prison management and reform; the education and the care of the blind, the deaf and dumb, and the feeble-minded; the prevention and cure of pauperism; the management of work-houses, and poor-houses; in fact, every matter devised for ameliorating the condition of the defective, dependent and delinquent classes of our fellow-beings. Papers on the different topics will be presented by distinguished men, supposed to be the best informed in the country on the subjects discussed. Practical men will be present in large numbers, who have devoted years, perhaps a lifetime, to the study of a specialty. Theories will be tested by the light of experience. The best methods are thus discovered. The mistakes (sometimes very costly) of the older States may thus be avoided by the new, and every advantage is given to those desirous of improving existing institutions or founding new ones.

The National Conferences have steadily increased in importance and usefulness. The Twelfth, held in Washington City, D. C., last year, was attended by 400 delegates, and thirty five States were represented. The indications are that the Thirteenth will be still larger. A very large and well organized local committee of 70 members have made, and are making, admirable arrangements for the comfort and convenience of the delegates. The hotels of St. Paul are excellent, and have made very liberal reductions. Negotiations are now being conducted for favorable railroad arrangements throughout the United States.

Col. W. F. Beasley, of Oxford, N. C., is one of the vice-presidents, and Mr. J. H. Mills, of Thomasville, is State corresponding Secretary.

Great addition to the Crockery and Glass Ware department at

M. E. CASTEK & Co's.

Picture Frames of all kinds, sold cheap at Fuchler & Kern's. Motto Frames 25 cents.

KINSTON ITEMS.

Paraphrased by Our Regular Reporter.

Several counterfeit dollars were passed on our people on Monday of last week. The careless can easily be duped by them, but the watchful can detect them in the dark.

Mrs. Emily Pope, wife of W. J. Pope, of this county, died of consumption, on the 2nd inst.

Ralph Lee, colored, spoken of last week as breaking into Mr. Surges' meat house on the night of the 25th, had a quick trial and was sentenced to the penitentiary for six years.

Mr. Green O'Reary, an aged gentleman, formerly of Edgecombe county, died in Kinston of paralysis, on the 5th inst.

Mr. W. H. Whitfield, who killed J. J. Sellers some weeks ago, had a hearing before three magistrates, and was discharged, the evidence showing that he did it in self defense, was by the late grand jury indicted, but Messrs. W. E. Starkey, W. W. Grainger, W. L. Kennedy, J. A. Pridgen, J. R. Davis, J. M. White and A. M. F. Cameron quickly bonded him in the sum of \$1,000.

Messrs. L. Harvey and Lafayette McCullen have bought out the insurance business of Bryant McCullen, Jr., and he will leave soon for Washington, D. C.

A number of our citizens showed their public spiritedness last Saturday by liberal subscriptions to improve and beautify the court house lot, after having responded to several calls during the day to assist the poor and the sick round about us.

Sheriff Sutton and J. F. Hill took five recruits up to the penitentiary last Monday. Isaac Stubs, 7 years; Rysas Brown, 5 years, both for burglarizing Jesse L. Kennedy's barn and stables, O. P. Stallings, (white) one year for stealing a preacher's valise, and a negro boy for throwing stones at and into a train of cars.

J. W. Grainger and J. P. Nunn went up to Goldsboro last Monday.

Practically Intelligent.

A month or six weeks of the rough, wet weather usually prevalent in February and March, will injure an unpainted, or a poorly painted tin roof more than years of exposure during the dry, warm seasons of summer. Influenced by this self-evident fact, many of the practical, intelligent citizens of Goldsboro are now having their roofs painted with the AMBITIOUS ASPHALT PAINT, for which Messrs. Hess & Wright are the agents and contractors here. See W. H. Borden, Dr. Kirby, Chas. Dewey, Dr. Miller and W. F. Kornegay, about this matter; then take down your Cyclopaedia and read up on Asphalt, and the wonderful durability of the substance. Prices to suit these close times, and all work warranted.

FOR THE CHILDREN!—Basket Flannels in Pink, Blue and Red. Also Jerseys in Brown, Blue and Garnet, at
