CERTIFICATE OF ANALYSIS OF PROLIFIC COTTON GROWER MADE BY MESSRS. LEDOUX AND RICKETS OF NEW YORK.

It is an established fact that the Prolific Cotton Grower manufactured by the Goldsboro Oil Company has few equals and is not excelled by any brand of Guano sold in this State as a Fertilizer for Cotton, Corn or Tobacco. The large number of Testimonials which the Company are receiving from Planters who have used this Great Fertilizer, justify them in recommending it to all who wish to use only a first-class Standard Guano.
