There were quite a number of visitors in the city yesterday from Newbern.

The crop outlook at present seems to be highly encouraging throughout this section.

The first annual commencement of the Greenview Institute will take place June 14th and 15th, in Skinner's Opera House. On Tuesday at 11 a. m., Rev. T. W. Babb, of Hertford, will deliver the literary address.

Maj. H. L. Grant now turns out about 18,000 brick a day at his brick yard near this city. He is running two press machines for making front brick. We are pleased to learn that he has contracts amounting to over 600,000 brick to be supplied this season, mostly to Wilmington.

Raleigh News-Observer: Letters patent have recently been issued to Judge Walter Clark and Mr. Geo. H. Glass of Raleigh, as patentees for two new inventions, viz: "Telephone Circuit Breakers" and "Improved Telephone Signal and Switch." Both these patents were issued April 27th, 1886.

At the late Medical Convention there were sixty-one applicants for license to practice. Of these forty-six passed and were granted license. Six were rejected and nine withdrew their applications. Among those licensed were J. A. Faison, Wayne; R. W. Tait, Duplin; W. B. Crawford, Goldsboro, and Archie McKinnon, Robeson.

A little five-year old daughter of Mr. S. A. Green, near Williamsboro, Vance county, was playing, with a lead pencil in her mouth, when she fell on the ground, sticking the pencil down her throat. It inflicted such severe injuries that she died in a few hours. She was the grand-daughter of Mr. John G. Morgan.

Raleigh Recorder: Rev. Dr. Theo. Whitfield, of Goldsboro, after attending the Convention in Montgomery, ran down to Clinton, Miss., to visit his relatives. The brethren soon discovered his gifts as a preacher and put him hard at work preaching in protracted meetings. He is there now and the interest and needs of the work are such he can't get away.

Thanks to Miss Fannie Everett for an invitation to attend the annual closing exercises of Statesville College on Wednesday and Thursday of next week, June 2 and 3. Miss Everett, we are delighted to know, has met with more than anticipated success at Statesville, but deservingly so, for she ranks justly among the best and most thorough educators in North Carolina.

We are indebted to our young friends Cadets, J. N. Bassett, C. W. Grammer, J. C. Cox, W. J. Jones, C. N. Edgerton and J. L. Thompson for an invitation to attend commencement celebration of the Washington Literary Society of the Davis School, at LaGrange, on June 7th. The annual address before this society will be delivered by Mr. S. A. Ashe, of Raleigh.

The State Immigration Department gives information that Mr. T. H. Smith, of Frederick, Ind., is a practical fruit grower and would like to engage in the business in North Carolina, if he could secure a party willing to go in with him. He thinks a factory convenient to fruit, would be a big thing for the parties interested and also add to the general welfare of our State.

The finest specimens of silk cocoons we have ever seen, were placed on our table by Mrs. Oscar G. Thompson a few days ago. Mrs. Thompson takes deep interest in successful and profitable, Miss M. C. A. Bonitz has also succeeded nicely in her first years experience, and contemplates going more largely in the business another season.

MR. J. FRANK DOBSON has been appointed a Justice of the Peace by Superior Court Clerk, Grady, to fill the vacancy occasioned by the removal of Ed. Griswold, who now resides in Tennessee.

If you are a friend to the Graded School now is the time to prove it by coming promptly forward and subscribing a reasonable amount towards its perpetuity. "A friend in need is a friend indeed."

MR. JOSH T. JAMES, the veteran editor of that sterling sheet, the Wilmington Review, is in this city in attendance of the Episcopal Convention, accompanied by his estimable lady. They are the guests of J. A. Bonitz, Esq.

SMALL strawberries are selling at four and five cents a quart. Finer varieties at three and four cents. The berries supplied here this season by Mr. J. N. Wood are the finest we have ever seen in this market.

The present session of our Graded School will close to-morrow (Friday) with appropriate exercises. A most cordial invitation is extended to the patrons and to our citizens generally to be present and we trust that a large number will avail themselves of the invitation.

THE Woman's Christian Temperance Union will be addressed by Dr. Reynolds at the Opera House on next Friday afternoon, at 5 o'clock. All ladies interested in prohibition and local option are earnestly invited to attend. The usual Thursday meeting will be dispensed with this week.

PROF. G. E. T. WINSTON, of the University of North Carolina, whose European letters to the MESSENGER, two years ago, were such a source of delight to our readers, arrived in the city yesterday afternoon and delivered an address upon prohibition at the Opera House, last evening. We go to press too early to give an account of the address but we dare say that it was an able effort.

If the Graded School is allowed to go down it will cost the people of Goldsboro just as much or more for the education of their children as it will cost to sustain the Graded School and two or three hundred children, whose parents are unable to bear the expense of private tuition, will be deprived of the excellent facilities afforded by this school. Then let us be guided by the principle of the greatest good to the greatest number and firmly resolve that no such calamity as the downfall of our Graded School shall occur.

FOR the information of certain parties we deem it proper to state that the grounds and magnificent Graded School building are the school property of Goldsboro township, and that Goldsboro has much cause to feel proud of its ownership. It would be a credit to any city. The property was sold to the Board of School Trustees by the former owners for \$10,000, about half its value, which included about three years free rent. Payment was made in school bonds running ten years, and bearing only 7 per cent interest. The property and spacious grounds are well worth \$20,000.

THE many friends of Mrs. D. J. Broadhurst, will learn with regret that she is quite sick at the residence of her father, Col. J. J. Baker, in this city.

DR. J. D. ROBERTS, Superintendent of the Eastern Insane Asylum, delivered an address on the subject of "Medical Jurisprudence" before the Medical Society at New Bern, which is highly complimented.

We learn with regret of the death of Mr. David Carroll, which occurred at his residence in this city, after an illness of several weeks, on Tuesday morning of this week. Mr. Carroll was in the 65th year of his age. His remains were interred in the city cemetery yesterday morning, by the side of his wife who died only a few months ago. For many years Mr. Carroll had been a member of the Baptist Church and died in the faith of a joyful resurrection.

ABOUT 7 o'clock last Monday evening a fire was discovered in an unoccupied room over Mr. J. D. Farrow's store, on the corner of West Centre and Chestnut Streets. The alarm was promptly given and as promptly responded to by the fire department and by our citizens generally. The chemical was the first to get on a stream and this, with the aid of buckets, suppressed the flames before the steamer got to work. The damage was not very great and was covered by insurance. The building is the property of Dr. M. E. Robinson. With the disastrous conflagration of 1884 fresh in their memory there was considerable excitement and anxiety among our citizens when it was learned that the fire was in the business part of the city.

We do not say it merely because it is customary to say it at this season of the year, but in all earnestness we say let strict attention be paid to the sanitary condition of our city. Vigilance should be exercised by the authorities and by the citizens generally, and one should be a check upon the other; that is to say, if the authorities fail in their duty the citizens should call them to account and if the citizens are derelict the authorities should insist upon prompt observance of the law. Goldsboro has the reputation of being an exceptionally clean city, but sometimes corporations and individuals fall into the habits of carelessness and neglect, and that will not do when the well being of a community is involved. Again we say let due diligence be exercised.

THE GRADED SCHOOL.

Let Every Public Spirited Citizen Come to Its Rescue.

We have succeeded thus far in securing a little more than half of the subscription necessary to conduct the school another year. There are yet a large number of our best citizens who have as yet not contributed. Some of them have signified a willingness to do so, and we have reasons to believe and hope that others will do likewise. All who are disposed to do so will please respond at once. A meeting of the Trustees is to be held on Monday next when the future of the school is to be determined, and a corps of teachers re-elected should the financial prospects warrant such a course.

That the status of the school may not be misunderstood, it may be well here to state that the institution is to be conducted under the supervision of the present Board of Trustees, until other machinery can be secured, on the co-operative system, free only to the children of all who subscribe to its support as they may be benefited or as their means justify, and free to orphan children and such others as the Trustees may see fit to admit on the grounds of poverty or inability to pay. (Otherwise the regular tuition fees, now charged for non-residents) of \$10, \$15, \$20 and \$25 for the yearly term, will be charged and children of such parents as are able to contribute but do not, will be required to pay this in order to secure the benefit of the school.

A list of those who have contributed with amounts subscribed will be published in the MESSENGER of next Monday. We hope to swell the amount considerably by then.

THE EPISCOPALIANS.

Annual Convention of the East Carolina Diocese.

The annual convention of the Episcopalians of the East Carolina Diocese opened at 11 o'clock, a. m., yesterday, with divine service, at St. Stephen's Church.

The congregation was the largest, probably, that has assembled in the church for many years.

The choir of St. James Church of Wilmington, together with the Bishop and clergy, entered in procession; it was not our pleasure to be present, but we have heard the music spoken of in most complimentary terms. Mr. E. G. Thorp, claim agent of the Atlantic Coast Line, who has the reputation of being one of the finest organists in the South, presided over the organ.

The Morning Prayer was offered by Rev. N. V. Drane, and the Lesson was read by Rev. Nathaniel Harding.

The sermon was delivered by Rev. Israel Harding.

The Epistle was read by Rev. W. Ambler, and the Gospel by Rev. Dr. Huske.

The Holy Communion was celebrated by the Bishop, assisted by Rev. Drs. Huske and Hughes.

The convention will probably be in session the remainder of the week.

KINSTON ITEMS.

Mr. Mark E. Haskins and Miss Mary E. Gooding, both of Jones county, were married on Sunday the 23d, inst. Dr. H. D. Harper officiating.

Mr. Jarman Beckton, one of Lenoir's esteemed citizens, died at his home on the night of the 21st inst. He had worked all day and eat supper and retired for the night as usual, but was dead before morning, having lived but a short time after his family learned that he was sick.

A very heavy rain and hail visited parts of Jones and Lenoir counties on Saturday, doing much damage to crops.

FOR COUNTY SUPERINTENDENT.

MT. OLIVE, May 22, '86.

Editor Messenger:—As the time is near when the magistrates will elect a county superintendent of public instruction, allow me to suggest for that position the name of a highly esteemed and I think thoroughly worthy friend, Capt. Alsa J. Brown, of White Hall.

Capt. Brown is well known to the writer to be a thorough Christian gentleman, a good scholar, and was, during the war, one of the best and bravest officers in Lee's army. He was promoted to the position of Capt. of Co. "B," 38th N. C. troops for gallant conduct on several battle fields. A few years ago he was severely and permanently disabled by a falling tree, which prevents him from doing manual labor to support his family, and anything that he can, he is willing to do to earn an honest living. I am satisfied the Justices would do well for the county of Wayne to give the superintendency to Captain Brown.

THE MESSENGER Real Estate Agency, GOLDSBORO, N. C.

Our recent articles on immigration, designed to induce Northern capitalists and settlers with means to invest and locate in North Carolina, has brought in quite a number of letters of inquiry from parties who contemplate seeking homes in the South, asking for description of places for sale. We have also had numerous offers from land owners who wish to dispose of portions, or all, of their surplus lands, but with no definite description of lands or prices.

This has induced us to establish the Messenger-Real-Estate-Agency in connection with this office, and our Mr. J. HOWARD BROWN will give to this department his personal supervision.

In order to reach the desired class we have arranged to run an advertisement in some 1000 newspapers in the Northern and Western States, offering to mail specimen copies of the MESSENGER and to furnish such information as may be desired, to all who will apply, and in this way we hope to reach the most desirable class of people and to bring the advantages of North Carolina before the very people who seek homes in the South. The MESSENGER will also be placed on file in a large number of Hotels, public Reading Rooms and Real Estate Exchanges in other States, and thus the advertisements of all wishing to sell lands will receive the greatest publicity.

Our advertising rates are \$5.00 for a two inch advertisement, to be inserted in our weekly edition every alternate week, for three months. In addition to this we will enter the lands so offered upon our printed circulars containing list of lands for sale by the Agency, and endeavor to secure a purchaser by giving these circulars a large distribution.

We invite correspondence with land owners in all parts of the State, as our Agency is for the whole State, and we shall give no preference to any section. The mountains present attractions for some, the middle section for others, and the seaboard, for still others.

We are now in correspondence with parties looking for large tracts for colonization, and with manufacturers seeking factory privileges and inducements for investing capital on joint account with established or projected enterprises.

We also expect to organize excursions from the North and West of farmers and others wishing to visit North Carolina, and shall afford them unusual facilities for inspecting every part of our State and direct them especially to the lands listed and advertised by this Agency.
