La X is the way a lazy man wrote La Crosse, Wis., in the address of a letter. Farmers say that both the 'possum nd the 'coon can be found wild on

The average weekly income of working women in New York State is \$2.90. and \$6.10 for men. A recent ball in Santa Barbara, Cal.,

steamed potatoes are far more nutritious than boiled ones. The Caucasian petroleum, which excels all others in illuminating power, is said to be greatly inferior as a lubricant to the American oils.

A world's fair in 1892 in the capital, to commemorate the fourth centennial of America's discovery, is just now agitating the Washingtonians. A thirteen-year-old girl who died some time ago in North Georgia had

never, her father said, heard of death or knew there was such a thing. Paola, Kan., is now lighted with natural gas from a well 310 feet deep. The well is on what is known as the West-

fall farm, seven miles east of Paola. One of the transatlantic steamship lines is said to have determined upon trying the "restaurant plan," the passenger paying for what he orders only. "Mrs. Langtry," says a London gos-

sip, "is coming to America to live, and, what is more, she is to marry Frederick Gebhardt, whose love is far superior to cles and tricycles outdid cavalry in enhis orthography." An inventive genius in Chapinville, Conn., is said to have a wagon so con-

the rear axle is made to churn butter during his daily drives. Forty million people, or one-fifth of the subjects of the "Empress of India," are in a state of chronic starvation. Famine succeeds famine at the rate of

one in every five or six years.

and art schools in Great Britain. Now | trained for military purposes. The comthere are 1,927 of these institutions, mander of the 4th army corps has orwith 87,777 students in science. The dered similar experiments in other garentire educational establishment is un- rison towns, and when sufficiently der government control.

A solution recommended by the Sci-entific American for extinguishing incipient fires consists of crude calcium chloride 20 parts, salt 5 parts, dissolved in 75 parts of water. To be kept at hand and applied with a hand pump.

It is not usually known that German

songs reaching this country are often transformed to such an extent that they would surprise the German authors. Many of our Sunday-school songs are out as the hair is withdrawn. If the German love and drinks songs with new

or whalebone has now been demonstrated the more cozy appearance of the room, times, draw out the hair, and the sub-When, three years ago, two lakes in

Lyme, Conn., were stocked with black bass, they swarmed with perch and pickerel. The bass have been protected by law and have increased largely, but the perch and pickerel have entirely regular action of the heart, with constipation disappeared. A recent careful calculation shows

that England owns nearly three times as large an extent of colonies as all the rest of Europe together. Her colonies are eighty-five times as big as the mother country.

Artificial sponge made of cotton, ren-dered absorbent and treated with antiseptics, has been invented in England. A piece of the size of a walnut has absorbed water until it reached the size of a cocoanut. It is so cheap that it need be used but once.

The oldest Episcopal church in the country—that in Williamsburg, Va. which contains the font in which Pocanontas was baptized, and which has PARASOLS (in all Colors.) Machine Harness, \$7.50 to \$12 50. had among its communicants George and Martha Washington, is said to be

Here is a little romance of democracy from London Truth: "An M. P. had a cook. She was an excellent servant, but she gave warning a few days ago. Upon being asked for the reason she explained that now her own father was an M. P. her family thought that she ought not to remain in service."

Western Kansas wants to be a separate of the purpose of making it a comfortable and pleasant resort for his friends and the traveling public, and it has accordingly been thoroughly renovated and made in every way desirable, and the charges will conform to the stringency of the times.

My motto is: Feed the hungry, rest the weary and make the despondent plant. cook. She was an excellent servant,

Western Kansas wants to be a separate State. Its inhabitants claim that it is the richest part of the State, but the capital being hundreds of miles away and all the State institutions located along the Missouri border, western Kansas is deprived of a fair representation both in State and nation.

Potter Palmer's grand Chicago manion is a curious example of eccentricity. Its style is that of a medieval castle of dark stone, with light-stone trimmings. One of the rooms is Hindoo in its smallest details, another is Italian, and another Flemish. The whole is unmistakably Western-American in its daring oddity .- Boston Journal.

During a visit to the seaside Sarah Bernhardt saw a madwoman daily casting pieces of bread upon the waves. The poor creature explained that she was feeding the fishes so that they would not in their hunger devour the body of her son, who had been drowned at sea. tions. Reasonable Rates. Accessible Location. Excellent Table. Plenty of Ice. All the Delicaces of the Season. Mrs. and Miss Braidy, of Davison College, have charge of the Housekeeping Department. Guarantee more Reasonable Rates than any house with equal attractions and accommodations.

For Circulars and Terms, Address

Was feeding the fishes so that they would not in their hunger devour the body of her son, who had been drowned at sea. The actress made a note of the case, and has now illustrated it in a marble group.

Great indignation has been aroused in the north of Scotland by the report

that Mr. Winans, the American sports-Struy, in Strathglass, Ross-shire. This is the only hotel in the midst of an exquented by tourists. Active steps to de-feat the proposal have been taken and petitions against it will be presented to the local licensing court, to prevent it.

An official in the Indian Bureau gives figures to show that the future millionaires will be Indians. They are decreasing in number at the rate of 5,000 or 6,000 a year, the lands they occupy are increasing in value, and when only a few thousand Indians remain, he says, it is natural to suppose they will be very rich. Judging from the past it is natural to suppose that the longer the Indian lives the worse off he will be.

or the reptile to sting or crush, as the

case may be.

Senator Payne of Ohio is probably the most carelessly-dressed man in the upper house of congress. A correspondent says: "Going up the north end of the capitol the other day in the elevator it was discovered that the senator wore an unlaundried collar and a plain black silk tie which had evidently seen many years of service. It was tied in a half-A recent ball in Santa Barbara, Cal., was attended by representatives of nine-teen nationalities.

Professor Wagner has published analyses supporting his opinion that analyses supporting his opinion that reputation of being very particular in his dress.

A most audacious bill has been laid before the French Chamber. A deputy has actually introduced a measure to disestablish the bar. The bill proposes -with a brutal simplicity-to rob the profession of all its rights and monopoly. It is not a question of control or reform, but simply to dip a sponge in water and wipe the whole transaction off the surface of the slate. M. Michelin's proposal is that every litigant State Lotteries which may be presented at should conduct his own case, and if he our counters. judges it unwise to do so might trust his defense or the conduct of his claim to one friend who should represent him.

Bicycles in the Army.

The statement that bicycles were to be substituted for cavalry horses in some military operations was at first not unnaturally treated as a joke by most people. Yet in the recent maneuvers the Austrian army scouts mounted on bicydurance, and now the cycle is formally adopted in the Austrian military establishment. Another contrivance now in full military use is the balloon, which structed that a crank connected with is adopted in nearly all European armies, while in Germany the aeronautic corps is combined with the railway brigade. Pigeons, too, have become parts of the military force in Germany and France, and to a less extent in Russia, Italy, Spain, and Portugal. In the two first-named countries private homing A New York judge has ruled that a clubs train birds to supplement the milhusband is liable for slanderous words itary lofts, and it is obvious that pigeon spoken by his wife, and on this ruling posts may be very useful where coma verdict of six cents was rendered by a munication by telegraph or signal is injury against a man whose wife had ut- terrupted. Finally, according to the Hanoverian Courier, dogs are kept In 1851 there were fifty-one scientific the yard of the barracks at Goslar to be drilled and set up these four-legged recruits are expected to accompany sentries on their beats, and possibly to perform a service analogous to that of the geese whose cackling saved Rome .-New York Sun.

LEMON ELIXIR.

An Old Citizen of Atlanta, Ga. By the recommendation of Rev. C. C. Davis, used Dr. Mozley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irand biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, much of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief. Dr. Mozley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches from which she could get no relief. The Lemon Elixir has permanently cured her.
