

PROCEEDINGS

Of the Board of Education of Wayne County.

GOLDSBORO, Sept. 7, '86.

The Board of Education of Wayne county met this date.

Present—J. A. Bonitz, Chairman; Jas. F. Oliver and Albert Aycock. E. A. Wright, ex-officio, Secretary.

The Chairman called the meeting to order, and the Board proceeded to the transaction of business in the following order:

It is ordered that the \$37.50 deposited by committee of District No. 37, white, be paid to the parties to whom said amount is due on their making to said committee a proper title to the school house site of said district.

The committee appointed by this Board to condemn a site for a school house in District No. 34, colored, reported having discharged their duty, and as a result of their work, submitted a deed made by Dock Best and wife for a one acre site as condemned bounded as follows: Adjoining the lands of O. F. Worrell and Furney Hamilton. Beginning at the corner of Dock Best and Furney Hamilton's line and runs south 50 yards with O. F. Worrell's line, then west 60 yards to the Furney Hamilton line at a patch and then east to O. F. Worrell's line corner of Dock Best's and Furney Hamilton's—the beginning, containing one acre more or less.

The matter of District No. 36, white, being called up, Mr. C. L. Gurley reported his willingness and readiness to make a deed for school house site in said district, and it is ordered that said deed be filed with the Secretary of this Board.

The application of citizens of District No. 32, to be transferred to District No. 36, white, being withdrawn, the matter is dismissed from any further consideration.

Elder J. W. Gardner offered his resignation as a commissioner of District No. 41, white, which was not accepted.

It appearing to the satisfaction of the Board that two of the committee heretofore appointed in District No. 45, white, have failed to qualify as the law directs, Mr. W. W. Rose and Moses Pipkin are appointed to fill the vacancy. Said committee is authorized and empowered to procure a proper school house site for said District centrally located as possible.

A special allowance of \$25.00 is made to District No. 45, white.

The committee of District No. 22, colored, appeared before the Board and it being made to appear to the satisfaction of the Board that Mr. Owen Ginn, having signed the vouchers of Robert Taylor through the apprehension that he was a commissioner of said District No. 22, and the vouchers since having been rectified by the proper committee—the further consideration of this matter is dismissed.

Mr. G. W. Barwick is appointed a commissioner of District No. 17, white, Indian Springs township.

It is ordered by the Board that the committee of the several school districts in the county shall appoint a competent member of their body to take the school census of their respective districts—the census to be composed of all "bona fide" resident citizens of said districts between the ages of 6 and 21, and that the census be returned to this Board, without fail, by the 1st Monday of November, 1886.

Application was made to the Board for the formation of a new school district out of Districts Nos. 24 and 25, white, Saulton township and District No. 41, white, Stoney Creek township, which is postponed until next meeting, and all citizens of the districts specified interested are notified and requested to appear before this Board at that meeting and make known their objections, if any they have.

Application of Mrs. Martha Price and Mr. J. J. Hood to be transferred from District No. 6, white, to District No. 5, white, Grantham's township, is allowed and it is ordered that the school children of the two families be included in the next census of District No. 5, white.

The place of Mr. L. N. Barlow, including the family of Mr. W. T. Gresham, by order, is attached to District No. 14, white, (Mount Olive) and the committee of this district will include all the white school children living on said place in the next census of District No. 14, white.

Mr. Matthew Pope's resignation as commissioner of District No. 38, white, is accepted and the filling of the vacancy there made is deferred until next meeting of the Board.

The County Treasurer made the following quarterly report for the quarter ended Aug. 31, 1886, which on motion was received and ordered to be spread on the minutes.

Report of John H. Edwards, County Treasurer, for the quarter ended Aug. 31, 1886, viz:

GETTING QUIET.

The People of Charleston Accepting the Situation.

CHARLESTON, September 7.—At 5 o'clock this morning Mayor Courtenay arrived from New York. He was met at the depot by a number of friends, and learned from them something of the condition of the city, the people and affairs. He said the destruction was greater than he could realize without seeing Charleston, but that the people must not lose heart. They were brave, brainy and generous, and with enterprise and pluck would rise again. Then he was driven to his home to see the desolation and get some sleep. He will visit the city hall this afternoon, confer with the city officers and others, and call for an extra meeting of the council for to-night or to-morrow.

So great was the jam of the people for assistance about the city hall that the relief committee deemed it advisable to remove their headquarters to a more capacious and stable building, and are now in the Hayne street first-floor front of the Charleston hotel.

At 7 o'clock there were twenty-one mule carts standing in front of the rooms awaiting orders. They were dispatched there to transport provisions, tents, clothing, etc., to the sufferers, and from the depots and from supply houses to the base of supplies. The committee say the number of people who are receiving assistance is diminishing, owing to the general acceptance of transportation to other points. The committeemen are congratulating themselves upon this happy solution of the relief problem. If the people who can work, and who can find it to do, would begin to push themselves there would be little need of help from the outside world a fortnight hence except in the way of replacing the buildings destroyed.

Telegrams continue to pour in, offering aid and asking about work for mechanics. Five or ten thousand carpenters and bricklayers and ten thousand laborers could readily find employment here. There is twice as much determination shown to-day as on yesterday to clean up things—repair buildings and continue business. A hum of industry is seen everywhere.

The streets are filling with people, and carts have just begun to remove the debris, which is heaped up in such quantities as to block the alleyways and impede progress in other thoroughfares. The majority of the business houses are conducting their trade as usual, and only those too much wrecked to be occupied are closed. The commissioners of the city public schools have had a conference, and have concluded that the damages sustained by the school buildings will delay their reopening for at least two months.

THE WOUNDED CARED FOR.

The last patient but one has been removed from the wreck of the city hospital. This was a colored woman who was injured at the premises of Dr. Forrest, in King street, Tuesday night. She is suffering from a fracture of the skull and is dangerously ill. Six men transported her on a pallet from the hospital to the agricultural building. The only patient remaining at the hospital is a colored man who cannot be removed at present. The damage to the confederate home is much greater than at first supposed. The roof was greatly damaged, many holes having been made in it and parts of it having been shaken from the house. The upper parts of the side walls have been thrown down, and the inside of the house is much injured. The plastering in nearly all of the rooms is cracked, and indeed it seems that every part of the building is damaged. The home sustained serious injury from the cyclone of last year, and had just been repaired. All of these repairs are totally destroyed, and much greater damage has been done by this latest convulsion of nature than by the cyclone. The friends of the home hope that they will be enabled to repair the damage done to their institution by donations from philanthropists and friends of education in all parts of the country. This refuge for the widows of the confederates and institution for the proper training of the soldiers' orphans appeals strongly to the liberality of the whole country.

This morning's News and Courier ridicules the suggestion made by Prof. Simon Newcomb that there is danger of a tidal wave at Sullivan's Island, and declares that the danger to the island and this city is over.

PINE NEWSPAPER WORK.

As strong as the pictures have been drawn of the destruction, United Press reporter has seen nothing over drawn. The local press men have been con-

fining their description to facts, for the reason that they have had enough of facts and no need of fiction or fancy. Few instances are known in American journalism where better reporters work has been done than in this one case. Probably thirty transient correspondents have visited here during the past week, but not more than a dozen have remained long enough to do any consequential work. The others fled precipitately when they learned that what had been said of the scene was true and that not all had been said. The local press writers have confined themselves to plain matter of fact. A great city lay in ruins before them. It was to be described and there were many facts of importance that no fancy writing could be indulged in.

The street car service has been badly deranged and now is disorganized. The telegraph office was ruined. There were no messengers, few hacks and the only way left for the news producers was to walk, walk, walk and write, write, write. For sixty hours it was not a question of how much could be gotten out by wire. The best newspaper talent the country afforded has been present and in reviewing the week's work no class deserve more praise than the one which has withstood hardships of almost continuous running, with little sleep and little to eat, and who was expected to reproduce a faithful picture to the world of a catastrophe which was beyond the power of pen description.

MORE SHOCKS.

There have been slight shocks here at irregular intervals of from one to three hours all day. The most distinct were felt before 10 and at 10:30 o'clock. At some places the men at work tearing down buildings and occupying delicate, if not dangerous, positions, paused and looked significantly at each other, but no interruption was experienced and no panics ensued. In looking back over the terrific and destructive shocks of a week ago to-night the inhabitants came to regard later shocks as harmless and declare it well to take very positive shocks to cause fear.

DEATHS YESTERDAY.

At 3:45 this afternoon, while the rain was drizzling down, a crowd of sufferers of all colors gathered in front of the supply warehouse and clamored for their relations. They were a pitiable lot of people, ragged, gaunt and sad. The rations consist of half a pound of pickled pork, a quarter of a pound of tea, half pound of rice, a quarter pound each of sugar and coffee, and a pint of syrup, and a loaf of bread or pound of crackers. Six deaths were reported to-day from the effects of quakes.

CONTRIBUTIONS.

Up to 7 p. m. the contributions received from different parts of the country for earthquake sufferers is \$97,986. Of this amount \$8,862 came in drafts, checks and money, \$49,974 was received by authorized drafts, and \$39,150 was received since banking hours this evening, \$20,000 of which came from John Crosby Brown, treasurer of the New York chamber of commerce, \$15,000 from Drexel & Co., bankers, of Philadelphia, received from contributions.

LEMON ELIXIR.

DR. MOZLEY: Allow me to thank you most kindly for the bottle of Lemon Elixir. I am not much of a believer in medicine, but being overtaken by excessive office work, I concluded to try your Lemon Elixir. It proved all and more than you claimed for it. It acts like a charm on the liver, stomach and bowels, gives a check to nervousness and produces what I craved most, namely, pleasant and refreshing rest. I can recommend your remedy as a delightful tonic in all cases of indigestion, biliousness and nervous prostration. Sold by T. L. Moore, 101 N. 3rd St., Atlanta, Ga.

—Job printing done in good style and at lowest rates at the MESSENGER Press Rooms.

NOTICE!

I have this day sold to my brother, Mr. D. L. FARRIOR, my entire stock of merchandise in the store on the corner of West Centre and Chestnut streets. He will hereafter conduct the business at the same stand, and I bespeak for him the same generous patronage that has been so liberally bestowed upon myself.

I also notify all who are indebted to me that I shall be in Goldsboro for several weeks for the purpose of settling up the accounts due me, which remain my property, and I must insist upon early and prompt settlement.

J. D. FARRIOR,
Goldsboro, N. C., August 21, 1886.

Agreeable to the above announcement I have taken charge of the business heretofore conducted by my brother, J. D. Farrior. I would respectfully solicit a liberal share of public patronage and hope by square and honest dealings to merit the same.

Respectfully,
D. L. FARRIOR,

Harper's Young People.

AN ILLUSTRATED WEEKLY.

The position of Harper's Young People as the leading weekly periodical for young readers is well established. The publishers spare no pains to provide the best and most attractive reading and illustrations. The serials and stories have strong dramatic interest, while they are wholly free from whatever is pernicious or vulgarly sensational; the papers contain natural history and science, travel and the facts of life are presented with names and dates, giving the best assurance of accuracy and value. Illustrated papers on athletic sports, games, and pastimes give full information on these subjects. There is nothing cheap about it but its price.

An epitome of everything that is attractive and desirable in juvenile literature.—Boston Courier.

A weekly feast of good things to the boys and girls in every family which it visits.—Brooklyn Daily.

It is wonderful in its wealth of pictures, information and interest.—Christian Union, N. Y.
