MARK THE CONTRAST!

It is worthy of notice that all the "outrages" upon negroes at the South are in the Republican States, where the governors, judges, prosecuting attorneys, and the rest of the office-holders are Republicans. In the Democratic States there is good government, and negroes and white people are alike protected.

[From the New York Sun of Aug 9]

It is gratifying to find so many Republicans who recognize the ability of Mr. Tilden, and acknowledge that he is the man for President. Mr. Tilden's Republican vote in this and other States will be very large. He has won the Republicans over by sheer force of character and a vital reform.

OUR CANDIDATES.

As announced in the last issue, the Democratic party of this county put its candidates in the field, on Saturday the 19th of this month. First on the list, and in importance, is our candidate for Senator from this the 24th Senatorial District, composed of this county and Guilford, which is divided into two Senators, Guilford to furnish the other.

Col. T. M. Holt

was nominated on the first ballot by a large majority of the votes of the different Townships, all of which were fully, largely and well represented. To the people of this county it is needless to say anything of our candidate for the Senate, for he is known not only here, but throughout the entire State, as one of the most judicious, enterprising citizens of the State. He is a man of large fortune, almost exclusively the accumulation of his own industry, foresight and business capacity.

He is in the bloom and vigor of manhood, and, though always taking a becoming interest in the politics of the country, has never before been a candidate for a political place. As a speaker his qualities are in keeping with the characteristics that have made him so eminently successful in life. His manner is earnest and forcible, his arguments the offspring of sound common sense, and to the point. He is one of the largest manufacturers of the State, and one of the largest farmers in middle or western North Carolina. No man better understands the manufacturing and agricultural interests of North Carolina, and upon those two our prosperity depends, and no man will more assiduously labor for their promotion. That he will take an efficient, faithful and useful Senator no one can doubt.

DAN'L WORTH

our candidate for the House of Representatives is also well and favorably known to our people. Neither was he ever a candidate for political office, and he is also a man of considerable fortune, the result of his own labor, economy and good judgment. He is best known to our people as a merchant, though he is largely interested in agriculture, having an extensive farm in Lenoir county, which he cultivates profitably. He is also in the vigor of mature manhood, and has never been a seeker after official position. He is noted for his sound judgment and good common sense. He has never made a political speech, and therefore as a stump speaker his powers are unknown, but upon other matters upon which he has been called to speak in public, he has shown sufficient powers in that line to convince all that he will not be wanting in the ability to lay bare the sophistries by which Republicans attempt to hide the crimes, speculations and frauds of their party.

He comes up to the Jeffersonian standard; he is capable, he is faithful; and, father, no man knows more fully the wants of the people, and no man will be more untiring in their interest than will be Dan'l. Worth, as their representative in the Legislature.

JAS. T. HUNTER

our candidate for Sheriff has been tried for two terms, and everybody knows just what sort of a sheriff he has made and will make, and this county don't care about risking a change yet. He will be elected, so he will, and no doubt about it, so there isn't.

T. G. McLEAN

our candidate for Register of Deeds has filled the office for eight years and is entirely familiar with its duties, and every detail connected with it. He has given universal satisfaction to all parties, and just can't be beaten.

DR. G. W. LONG

our candidate for Coroner is a young physician, of great promise in his profession, of popular manners, and belongs to one of the oldest and most respectable families in the county. He is one of a large family of sons, who, taken together, have done as much for themselves, and are deserving of as much credit, and furnish as just cause for the fond pride of their aged parents, their friends, and the people of the county generally, as any family we have ever known.

JOEL BOON

our candidate for Surveyor is an old citizen of the county, who has already surveyed pretty much every body's land, and knows very nearly all the lines in the county. No better selection could have been made.

JOHN HUTCHINSON

our candidate for Treasurer, is a one armed soldier, with his arm off a little higher up than any maimed soldier in the county. He lives in the village and will always be present to attend to the duties of his office. He is known to every one in the county perhaps, as a generous, kindhearted man. He is competent and deserving. He lost his arm at the command of his State, he volunteered to fight for

you, and risk his life for you; he had his arm torn from his shoulder for you, and now can you do less than to aid him to make a living for himself and family by giving him a little office that he will, well and faithfully fill.

JAMES A. TURRENTINE, WILLIAM L. SHOFFNER, WILLIAM STAFFORD, G. M. HAZELL, and Dr. A. Wilson,

Our candidates for county Commissioners, come last on the list, but no less in importance by a great deal. The necessity of having good men and competent men to constitute our board of commissioners was fully recognized in the selection of our candidates. Capt. Turrentine is a son of the old surveyor, Jno. S. Turrentine, who was well and favorably known in every part of the county. His son Jim is a chip of the old block—a man of fine sense, high integrity and of fine business qualifications.

William Stafford, in the Southern portion of the county, is one of the best business men in the county, and in him the county will have a faithful and competent commissioner who will ever be wide awake to the interest of our people.

William L. Shoffner, from the South-Western part of the county is deservedly the most popular man in his section, and will in his township make, pretty well, a clean sweep. He is in every way well qualified and no better selection could have been made.

G. M. Hazell from the Northern part of the county, is one of the best farmers in the county, and is noted for his fine tobacco, and the skill and judgment with which he manages his farm. He is a man of capital sense, good business qualifications, and enjoys the confidence of all who know him.

Dr. A. Wilson, has been long since retired from the practice, and devoted his entire time and attention to the cultivation of his farm. He was a candidate for the Senate two years ago, for the first time he was ever before the people. He is one of the best farmers in the county as well as one of the cleverest men. No better man for the place could have been found.

So we have told you some thing about the five men who are to take charge of your county affairs, for the next two years. They are all farmers but one and he is a miller. There has but one of them ever been a candidate before the people of the county. If your object is to have your county matters well looked after, and prudently managed, we ask you if you can select five men in whose judgment, fidelity and, qualifications you can more implicitly, trust? If you wish your interest, and the interest of the State well, and faithfully watched in the legislature, where will you find two men, who, your judgement tells you, will better do it than Tom Holt and Dan'l Worth? What two men could have a greater incentive to guard well every interest of North Carolina, of this Senatorial District, and this county. If you wish your county Treasury to be well and honestly managed, and the small commissions connected with it to go to one deserving them, whom would you select in preference to one who at the call of his state risked his life, and left an arm upon the battlefield?

There is no use saying anything about Jim Hunter, and Tom McLean, the people know them and are satisfied with them.
Dr. Long will sit on you, if you come to a violent death, and we will insure you are never dissatisfied with his report of the circumstances.
Joel Boon will snave all your land according to your deeds and find all the old corners. He knows about where they all are, if he does sight with but one eye.

Now, taking the candidates altogether what is the reason why they should not be elected? They are competent, honest, clever, men, with a peculiar fitness for the several offices to which they are nominated; that is seldom ever found, in so eminent a degree, in the nominees of any convention.

JUDGE MERRISON ON THE STUMP

Hon. A. S. Merrimon will take the stump as soon as he receives notice of the appointments made for him by the Democratic State Central Executive Committee. He already has an appointment to address the people of Chatham at Pittsboro on the 7th of September. He has just received a letter from parties in Winston, asking to be allowed to make appointments for him in that section of the State. It is probable that he will canvass principally the range of counties lying along the Virginia line, beginning in Granville, about the 1st of October. —*Sentinel.*

The Republicans of New York have nominated ex-Governor Morgan, for Governor.

A FINANCIAL CAMPAIGN WITHOUT MONEY AND ALL IS LOST

[Special Dispatch to the World.]

INDIANAPOLIS, August 21.—The *Sentinel* of tomorrow morning will publish the subjoined letter from General Kilpatrick to Governor Hayes. The General has been canvassing our State for a week or ten days, and was evidently a careful observer. The *Sentinel* is in possession of the original draft of the letter, and after investigation and comparison with his signature, and considering the manner in which it got possession of the document, is satisfied of its genuineness, and will give the publication editorial endorsement.

GRAND HOTEL, INDIANAPOLIS, August 21, 1876.

DEAR SIR: I have just finished a tour of six counties in Indiana, and feeling any reliable information from this State will interest you I write. In the first place the canvass is well conducted, the people are enthusiastic and determined, and the old war spirit thoroughly aroused; and if it were not for one thing we could rest certain of victory in October. There is an independent party in this State, confined, it is true, to a few counties, but formidable, and it will defeat General Harrison. There is but one way to overcome this movement. The leaders of the Independents are poor, needy and in debt; they must be lectured, documents be placed in their hands that they may be convinced of their folly. A Bloody Shirt campaign with money and Indiana is safe; a financial campaign and no money, and we are beaten. The National Committee has done nothing for Indiana—alone they are fighting their battle and bravely, but unless the National Committee wakes up and does its duty, to you, to the party and the country, defeat is certain in October. I never in all my life felt so certain I was doing my duty in a contest; and my desire for success, my dear sir, is my only excuse for writing you. Your friend,
"J. KILPATRICK."

"TO R. B. HAYES, GOVERNOR," &c.

THE PRESS ON CAMERON'S URGE.

[N. Y. Herald.]
We wish to see all citizens protected in their rights, but this turning of the army of the United States into bands of drummers for the negro vote is pushing partisanship so far that it would be grotesque if it were not infamous.
[N. Y. World, Democratic.]

It was a cowardly trick to hold back such an order until the adjournment of congress, and then issue it. It will do the administration no good and the republican party no good. The execution of it would do both great mischief. There mere threat ought to arouse the indignation of all decent citizens, whatever their politics.

[New York Sun—Independent.]
It is a feeling not of alarm but of indignation that will be raised throughout the land by the military order that was on Wednesday issued from the war department to Gen. Sherman. There is but one thing now to be desired, and that is this military interference of Grant may recoil upon the party for whose advantage it is intended.

[New York Tribune—Republican.]
The effect of the letter will be to revive at the south the dread of federal interference with their election, to encourage among the negroes the hope of having the troops officiously on their side, and, in general, to tempt mischief rather than to avert it. It is a clever piece of work—too clever by half.
[Baltimore Gazette, Democratic.]

It will not help Hayes and Wheeler in the south. On the contrary, it will weaken them, for it puts to whole south on its guard and on its good behavior. They see and understand with painful clearness that every possible pretext to oppress them will be eagerly seized, and they will be doubly careful to give no pretext.

[Phila. Evening Telegraph, Rep.]
"The order of the secretary of war to General Sherman is such a transparent parent trick as to be utterly unworthy of the slightest respect. It cannot be pretended that there is any more necessity now for threatening the south with such an order as this than was when Mr. Williams was told to stop working his outrage mill, but as the administration has given definite notice that it is both, willing and anxious to send 'mere troops' at the call of any republican officeholder in the south who may fancy he has use for them, either in intimidating the whites who might be disposed to vote the democratic, or in driving the negroes to the polls for the purpose of voting for the republican candidates, we may expect that reports of 'heinous outrages' will begin to come in lively style and continue to do so until after the election is over. The time has passed however, when that sort of thing is going to do the republican party any good. There have been plenty of real outrages in the south, but of late years no disturbances have occurred which the state authorities were not perfectly competent to deal with without federal aid, had they been so disposed. A large portion of the so-called outrages, however, have been manufactured out of the whole cloth.

ALABAMA COUNTY CONVENTION.

The people of Alamance County met in convention, Saturday 19th Aug. to nominate candidates for the county office.

The intelligence and worth of the county were present in larger numbers than in any convention assembled here since the war. The convention was called to order by Capt. James A. Graham, Chairman of the Executive Committee by nominating Harrison Harbor Esq., (one of our most venerable citizens) to the Chair. Mr. Harbor upon taking the Chair explained the objects of the meeting in an appropriate speech. Upon motion of Dr. D. A. Montgomery Z. T. Dickey & Benj. F. Long were requested to act as Secretaries.

The roll of townships was called and every Township was out in force. On motion a committee composed of one from each Township was appointed to draft resolutions, viz: Dr. D. A. Montgomery, Capt. C. Foust, Col. Jesse Gant, W. L. Shoffner, Alvis King, L. B. Holt, C. N. Roseney, Col. W. F. Folville, William Holmes, W. J. Stockard, and Dr. Alex. Wilson. During the absence of the committee the time was taken up by a talk from B. F. Long. The committee then reported the following resolutions which were enthusiastically adopted:

Resolved: That we cordially endorse and heartily approve the platform and principles as set forth and adopted by the National Democratic Party at its convention in St. Louis and by the Democratic party of North Carolina at its convention in Raleigh.
Resolved: That in Samuel J. Tilden and Thos. A. Hendricks we have the embodiment of Retrenchment, Reconciliation and Reform—the watchwords of our party.
Resolved: That the State ticket, as nominated by our State Convention, with Zebulon B. Vance at its head is one that should secure the support of every true friend of his State and country.
Resolved: That in Alfred M. Scales our Representative in Congress, we have a worthy servant and we will gladly aid in returning him to his work.
Resolved: That we are opposed to Radicalism in every form and will work for its overthrow.

Resolved: That we recommend the adoption of the proposed Constitutional Amendments, believing them the speediest and best method of improving our organic law, and we know that their adoption will save to the tax-payers of the State more than \$100,000 per year.

Just here the nomination of Senator V as taken up and resulted in the nomination of Col. T. M. Holt on the first ballot, having received two thirds of the vote cast and Daniel Worth receiving the other third.

For the House of Representatives Daniel Worth, Capt. Graham and Dr. Moore were put in nomination. Daniel Worth was nominated on the first ballot. James T. Hunter the present incumbent, was nominated for Sheriff by acclamation. Thos. G. McLean, of the tax-payers of the State, was nominated for the same office without a dissenting voice. Jno. Hutchinson, a one armed soldier, was nominated for Treasurer. Dr. Geo. W. Long for Coroner, and Joel Boon for Surveyor.

The following gentlemen, any of whom would have made good officers were put in nomination for commissioners, to wit: Jacob Waggoner, Dr. A. Wilson, G. M. Hazell, W. J. Murray, J. A. Turrentine, Berry Davidson, Gideon L. Greason, Chesley Moore, William Stafford, Cave Stroud, Jeremiah Garrett, J. L. Scott, J. N. Williams, W. L. Shoffner, Saml. White, John Spoon, Alvis King, W. C. H. Inman, C. Sellers, Dr. Moore, Peter F. Holt, James H. Holt and Jas. S. Scott. The first ballot nominated W. L. Shoffner, William Stafford and James A. Turrentine. The second ballot resulted in favor of Dr. A. Wilson and G. M. Hazell.

The nominations being over, loud calls were made for our next Senator Col. T. M. Holt, who responded in a neat speech of acceptance. In answer to calls, the other candidates came forward and responded in brief speeches of acceptance. The convention adjourned upon the Township Executive Committees to organize, if they had not already been organized, clubs or Township meetings, in their respective Townships, for the purpose of complete organization. The convention then adjourned.

The convention was a grand rally of the staunch and tried citizens of Alamance County and the unanimity and enthusiasm that characterized all the proceedings give token of the deserved and glorious triumph that awaits us in November.
