B. F. FONVILLE. August 19th 1876.

Address to the People of the United

COLUMBIA, S. C. Oct. 7, 1876. To the people of the United States.

In a period of profound peace, with the laws unresisted and the process of the courts unopposed, the Governor of South Carolina has by proclams tion declared that in the Counties of Aiken and Barnwell, it has become impractible to entorce, by ordinary course of judical proceeding, the laws of the State, and that it has become necessay for him as Governor to call forth and employ the mil tary force of the State to enforce the faithful execution of the law.

He has slso alleged that certain or. gamzations and combinations exist contrary to law in all the counties of the State, which are engaged in promoting illegal objects and in committing open acts of lawlessness, and he has threatened to declare martial law and suspend the writ of habeas cer-

The charges preferred by Governor Chamberlain against the citizens of threatened usurpation of power is tyranical and unwarranted, and his extraordinary proclamation can be explained only upon the assumption that Gov. Chamberlain with a similar disregard of law and of fact, is deters mined to resortito most extreme measures to prevent the otherwise certain defeat of himself and his cerrupt par-

There have been disturbances in Aiken county, non political in their haracter, they have long since ceas ed, all the parties for whom warrants were issued promptly surrendered hemselves to the law. Pertect peace and the profoun est quiet prevail. No armed combinations hinder the processes of of the courts, and the Republican County Convention. last week, held a continuous session of venty days without molestation.

The disturbances in Barnwell were Republican in their origin, beginning in the resistance by an armed band of negroes of the arrest of a robber, for whom a warrant had been duly issusued. This band tore up a railroad, wrecked a train, fired upon and wounded the sheriff of the county, and were dispersed by a so-called armed band of whites, who had been duly summoned by the sheriff as a posse, with the sauction of the Judge of the

Court, then in session, This posse, after performing their duties quietly dispersed. So far from opposing the law, the whole people desire the prompt dispatch of business in the courts and the entorcement of the law by the civil arm. The white population turovghout the State have volunteered their services to the Governor to maintain the law and he has refused them in a libelous communication, intended solely to furnish a pretext to force the introduction of Feder | troops to be placed under the control of irresponsible and unscruand control the electi n.

The Democratic nominees in seven teen of he thirty-two counties in the State have held meeting, attended by thensands of citizens of both races and parties. The Republicans have held nectings when and where they pleas. ed and not a single act of violence has vet occured. On the 18th u't. the Democratic Executive Committee invited the Republican cunvassers to s joint discussion at their meeting.

This invitation was renewed on the 28th ult., and accepted by the Republican Executive Committee on the 5th inst., upon the usual terms. The proclamation of the Governor is utterly at variance with the ection of the Executive Committee of his own party. The latter acquieses in free discussion; the former in effect, suppresses debate, and substitutes armed force for free speech. We assert earn estly, with a full sense of our respon-sibility, that no condition of things exists in the State which justides so extraordinary a proceeding on the part of Gov. Chamber:ain.

Its sole object is to irritate and to provoke collisions, which may be the excuse for an appeal to the administration of the United States to garrison the State. We shall counsel our peo-ple to preserve the peace, obey the isws and calmly await the day of their deliverance from this wanton despot

To the people of the United States we submit our wrongs, confidently relying on their wisdom and justice to rebube this daring attempt to regulate the ballot by the bayonet, and evush

the liberties of a people. (Signed)
