Miss Callie Turner is seriously ill. Several important matters are crowded out of the present issue.
 The magistrates are to elect a board of county commissioners, next Monday.
 For good melons, we refer our readers to Mr. John Foust.
 The well at the jail is being cleaned out.
 We have an interesting communication which will appear next week.
 Steps are being taken to form a Hancock and Jarvis club at an early day.
 William Steele raised a half bushel of white wheat from three gills of seed.
 Only six marriage licenses have been issued during this month, four white and two colored.

We are to have a new blacksmith shop in town. The building is now in course of erection.
 The prettiest song of the day, "In the Gloaming," \$5ets. post paid at McSmith Music House, Charlotte, N. C.
 David Camp has gone into the wheelwright business. He broke a buggy yesterday, and has to repair it himself because there is no one else to do it.
 On Monday Graham was quite lively. Many of our country friends were in town and plenty of fruit and melons on the streets.

To TEACHERS OF PUBLIC SCHOOLS:—The County Examiner will be at the Court House in Graham on the second Thursday and Friday in August, but no on Saturday.
 "The Pretty Rose you gave me," is the latest and best song ever sold. Everybody will be singing it in less than three months. 500 copies at McSmith Music House, 40 cts. post paid.

Reports of crops are encouraging. Corn, cotton and tobacco all promise fine crops. In Albright's township where 25,000 tobacco plants were set out last year, at least 800,000 are growing now.
 Lewis H. Holt called at THE GLEANER office Monday morning and presented us with a nice basket of fruit—peaches and grapes. All such favors are gratefully received.

There is a man in our town, who once fasted a week. If we were inclined to call in the aid of our imagination, we could tell as wonderful stories of fasters as are related by the press all over the land.
 We must apologize to our readers, for issuing a halt sheet this week. We ordered the paper more than two weeks ago, but failed to get it, although the manufacturer promised to make it for us immediately.
 We took a trip to Greensboro last week in the interest of the paper. While going and returning, we noticed that the corn growing along the road wears a very promising appearance. We saw some fine fields of tobacco.

The Republican executive committee was in session last week. We have not heard what they did, any more than they have determined to call a convention sometime in August. Perhaps they don't want the public to know what they are doing.
 We received a postal card one day last week, inquiring about a handle factory soon to be built here, and replied that if the news had not yet reached us. If any of our readers know of anything of the kind, we shall be glad to receive information in regard thereto.

Let us know everything of interest that occurs in your community. We can not expect to know everything unless somebody tells us what is transpiring around, and we cannot publish a good paper unless we can get the news. Letters from our readers are always appreciated.
 D. F. Caldwell asks the people of Alamance and Guilford to send him to the State Senate. Wouldn't it be as well to elect the candidate of the party as to choose to represent us, a man who while professing to be a Democrat, comes before the people as an independent candidate.

It is a blessed thing to be remembered, but twice again so when by our lady friends. Not all are so selfish as never to think of the editors in times of plenty and the abundance of good things. In such a time Miss Annie Long did not keep still but brought us a nice basket of most delicious peaches, for which she has our grateful thanks and best wishes.
 On last Friday THE GLEANER force received an invitation from the Rev. D. A. Long to call at his residence at four o'clock P. M., to participate in a watermelon feast. At the appointed hour, we went, editors, printers and all, and a most enjoyable time we had of it. All hands ate water melons to the extent of our capacity, and then we ate an amount of peaches that was surprising. We have formed a resolution to never decline an invitation from Mr. Long, when we can possibly avoid doing so.

Any one having hickory trees to sell, will do well to call at this office.
 WANTED.—I want to hire a good gentle buggy horse, for two or three months. Apply to

 Graham, N. C.

All correspondence must be accompanied by the name of the writer. Anonymous communications will not be inserted. All bear this in mind. We want the name for our own protection. A communication was received concerning a Tournament, which has been omitted for the above reason.
 Rev. Henry Williams, pastor of the African M. E. Church in this place, Martin Van Buren, a trustee of the same church, and Rev. George Hunter, a visiting minister were arrested on a charge of making a forcible entry into the church, and were bound over by J. L. Scott, J. P., to appear at the next term of the Superior Court.

Delegates to the Grand Lodge, I. O. G. T. which meets here on the 10th of August, will be passed over the various railroads at the following rates:
 Seaboard & Roanoke, Raleigh & Gaston, Raleigh & Augusta Air-Line, Richmond & Danville (N. C. Div.) Wilmington & Weldon, Atlantic & North Carolina Railroad—round trip 3 cents per mile each way. Carolina Central, Western North Carolina, Cape Fear & Yadkin V. Rail Roads—one fare round trip. Albemarle Steam Navigation Company—over this line buy tickets to Weldon.

Read the advertisement and the little local ads of Happy McSmith. He tells you that he is determined to sell his Pianos at prices that will compel everybody to buy. McSmith has undoubtedly sold the best Pianos and Organs ever brought to this section, and you may be astonished to know he sells even less than you can possibly buy North or from any Sub-Agent with commission thrown in. But nevertheless 'tis true. Write and give him a trial. His House is the most reliable house in the South. He actually keeps Pianos by the Dozen and 30 to 40 organs on hand here. This House is a big thing for North and South Carolina.

Here I come! Somebody head me off! Everybody, Men, Women, Girls, and Boys must Whistle, Sing or Play the "Hancock Union March." 11500 Copies at McSmith Music House, Charlotte, N. C.
 Going like hot cakes and best of all, giving Entire Satisfaction. Those Roland Child Pianos at W. H. Wakefield & Co's Hardware Store, Greensboro.

 B. A. SELLERS,
 6.16.6w. Company Shops, N. C.

THE GLEANER FOR THE CAMPAIGN.—We will furnish THE GLEANER from now until the first of December, for fifty cents. All subscriptions for the campaign must be paid strictly in advance.
 CORN SELLERS.
 Every man who has a corn crop growing, should purchase one of the Little Speedy Corn Shellers. It will be needed in the Fall. The machine is small enough to put inside of an ordinary hat; but it will astonish the natives by the amount of work it does. It does the work well too. Look out for it. It will call on you soon. J. N. Longest is agent.

HONORED AND BLEST.
 When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubts, and to-day the discoverers of this great medicine, Hop Bitters, are honored and blessed by all as benefactors.—Democrat.

The trustees of the University have elected Charles William Dabney, professor of general and applied chemistry in the University. Prof. Dabney is a son of Rev. Dr. Dabney, President of Hampden-Sydney College. He took degrees at the University of Va., in Chemistry, was professor in Emory & Henry College, and at present is prosecuting his studies in the University of Goettingen, Germany. He comes with the highest testimonials of christian character and literary qualifications.
 A terrible accident happened on the morning of the 21st, at the Hudson River Tunnel. A part of the tunnel caved in resulting in the death of twenty men.
 Two steamers collided on the Detroit River last Wednesday. The smaller vessel, a steam yacht, was cut in two and of the twenty four persons on board, nearly all were drowned.

PUGH'S CORNER, Graham N. C.
 Long means business, when you want goods don't fail to call on him. He knows how to sympathize with the farmer and just what it is to make a living by the sweat of the brow, and how to appreciate a dollar—he will sell you goods as low as any merchant in town.
 I believe it, just think of these prices, coffee 15 to 22 1/2, sugar 10 to 12 1/2, No. 1 molasses 60c, Plows \$3 75 to \$4, and all other goods at bottom prices. Wanted all kinds of country produce, fruits, berries, cherries &c., also leaf and scrap tobacco.

That through the agency of the Republican party they had been enfranchised, and had gained all their present rights and privileges, that they recognized in the Republican party statesmanship and patriotism; they disavowed the report that the convention was called in the interest of the Democratic party, and avowed their intention to support the Republican nominees.

A POOL ONE MORE.
 "For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in bumbling stuff. Six months ago I saw a U. S. flag with Hop Bitters on it, and I thought I would be fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her, she is now as well and strong as any man's wife, and it cost me only two dollars. Fetch jolly pays. H. W. Detroit, Mich.—Frazz Press.

INDIAN DEPREDACTIONS.
 The fair reader shudders when she thinks of the settler's wife watching, from the door of her rude hut, the retreating form of her husband going out to his daily labor—going out perhaps to return no more, for before night-falls a savage hand may have laid him low among the prairie grasses. Or it may be a child, a bright eyed daughter, is scratched away in an unguarded moment, to grace the next day's dance. When the heart-rending details of these savage depredations, we are apt to blame the government for not taking more strict precautions to insure the settlers' protection. But we daily read of the depredations of that arch fiend, consumption, which scarcely a thought of the terrible brood it is making in human life. Tens of thousands of homes are annually desolated by consumption to one by Indian outrage. Like the Indian, consumption often comes stealthily, and no danger is apprehended until the victim suddenly finds himself hopelessly ensnared, and death's fatal arrow ends the scene. Dr. Pierce's Golden Medical Discovery, a powerful alternative, and tonic, has restored thousands of consumptives who had tried every other remedy recommended to them, without obtaining any relief, and are willing to testify its remedial powers.

CARD
 FROM J. Q. GANT
 To My Countrymen:—
 When I examine the Sheriff's tax books, it is there that I find facts and figures to teach me how to appreciate your liberality and constant patronage, which has been far beyond what I could have reasonably hoped for when I began business five and a half years ago.
 I have tried to set you fairly and honestly, for which I have been duly rewarded. B. Davidson and myself will open, at Mr. Davidson's Mill, very soon, a complete stock of goods, where I hope to meet and serve my friends again.
 Thanking you for your past kindness and many favors, I am truly yours
