

THE GLEANER.

GRAHAM, N. C., APRIL 24, 1882.

Happenings at Home.

The GLEANER will hereafter be published on Thursdays.

Farmers are busy now.

Mr. Jas. H. Holt is having his dwelling roofed with tin.

Holt, Erwin & Holt are getting in a fine stock of goods.

We yield considerable space to correspondents this week.

Read the Hardware advertisement of H. F. Vass & Co.

Loafers in Graham are scarce now, they are getting other employment.

Read Holt, Erwin & Holt's advertisement in another column.

A new lot of nice furniture has just been received by Jas. M. Turner.

Mrs. A. Tate has been quite sick for several days but is now improving.

Senator Ransom is due our thanks for various favors in the way of speeches sent us.

Mrs. R. S. Hunter and Miss Mary Albright were in Raleigh last Thursday and Friday.

A part of last week there was not an idle horse in town—the supply at the livery stables was exhausted.

If you have a good work horse to sell bring him to W. L. Hunter who will be found at the Sheriff's office.

We call your attention to the advertisement of J. F. Trolinger, dealer in No. 1 Peruvian Guano and Star Brand Fertilizer.

Be certain to read S. A. White's Machinery advertisement. Call on him or write to him. He is agent for first class articles.

Sash, Doors, Blinds, and all kinds of Hardware at H. F. Vass & Co's.

Four car loads of iron ore from the mines near Chapel Hill passed this place a few days ago en route for some point in Pennsylvania.

"ROUGH ON HATS."

Cleans out rats, mice, roaches, flies, ants, bed-bugs, skunks, chipmunks, gophers. 15c. Drug-gists.

The Editor will attend the Press Convention this week—it convenes at Elizabeth City, and will not return before Saturday evening.

Tate & Co., of Mebaneville, begun the manufacture of smoking tobacco some ten days ago, and have received some orders already, one for a thousand pounds.

The editor is not responsible for the views of correspondents, but nothing will ever see daylight through the columns of this paper unless the real name of the writer is known.

Mr. R. A. Noell has plates of the latest New York styles of suits. The Spring styles are elegant, to say the least. Call at his tailoring shop and examine them, and let him take your order for a nice suit of clothes.

"SUORUPAIRA."

Quick, complete cure, all annoying Kidney, Bladder, and Urinary Diseases. 5c. Druggists.

We learn that Rev. J. N. Garrett has resigned as Principal of Friendship Academy for reasons that are considered justifiable. This is to be regretted, for he was doing a good work and was a good teacher.

BEAUTY REGAINED.—The beauty and color of the hair may be softly regained by using Parker's Hair Balsam, which is much admired for its perfume, cleanliness and dandruff eradicating properties.

The Editor of the Sunday School Worker, Rev. Pressley Barrett, spent last Tuesday in town, and during his stay called on us. We were glad to learn that the Worker is receiving that support which the earnest efforts of the Editor entitle it to.

Paint your houses, whitewash your fences, sweep your yards and put everything about your house, inside and out, in order. Don't wait for nature to do all. She is dressing the field and forest anew, and will be too busy to do these little things for you.

Yeargan, Petty & Co. are offering special bargains in Hosiery and White Goods. Cochoaco, Pacific and Merrimac Lawns No. 1400 at 8 1/2 cts. per yd., H'dk's at 50c, 75c and \$1.00 per doz. Tom White, of Alamance Co., solicits orders for the house and guarantees satisfaction.

The fixtures of the well north of the court house are out of repair and have been for some time. Since the coming of warm weather water is more in demand, and it is high time this well be put in order. It is hoped the Commissioners will give this matter attention.

Mr. Junius H. Harden, of the firm of P. R. Harden & Son, has just returned from the northern cities and has bought one of the largest and most complete stocks of goods that has ever been offered to the public in this place. Such enterprising men as Messrs. P. R. Harden & Son will commend a liberal share of the public patronage. People will do well to go and see their stock before buying.

The annual report of the N. C. Agricultural Experiment Station for 1881, has been received. We have only been able to give it a cursory examination. It is a pamphlet of about 175 pages. It contains a history of the station and extensive analyses of various commercial fertilizers, manure, soil, water, &c., which should be of interest and claim more attention than heretofore.

Scott & Donnell have commenced the work preparatory to building their cotton factory. The well is being dug and the brick yards cleaned off. Now let our tobacco manufacturers put on more steam, and those who have surplus capital build other factories, and in five years Graham will have changed into a live business town.

We were in Durham last week. The tobacco trade was not as lively as it had been three or four weeks previous. Parrish & Blackwell were in good spirits, as they should be, for they have sold a sight of the weed lately. Mr. E. C. Hackney, one of the editors of the Recorder, is busy electioneering—he has a mayoralty bee in his bonnet. Hope he will come out ahead, he's a fine fellow and will make an efficient officer.

MARRIED.

FONVILLE-MITCHELL.—At the late residence of T. R. Mitchell, dec'd. On the 19th of April, by E. C. Murray, J. P., Mr. G. L. Fonville to Miss MATTIE J. MITCHELL, all of the county of Alamance.

The Publishers of the Richmond, Va. Enquirer heartily recommend Dr. Bull's Cough Syrup and says: 'It has been well tried in our office and composing room, and has cured our city editor of a very bad case of Bronchitis.'

William L. Long, of Long's Mills, Randolph County, was in town last Saturday and called in to see us. We were glad to make his acquaintance, personally. He is well known in this county and before the war was the leading lawyer at the Alamance bar.

The violation of any of nature's laws brings its warning by the feeling of discomfort. Exposure will induce colds, throat diseases, consumption, etc., all of which give warning by a troublesome cough. Use Dr. Bull's Cough Syrup in time, and remove both the causes and effect of your discomfort.

Nothing contributes so much to the success of a newspaper as a good list of paying subscribers. If you can't take our word for it come up and subscribe for the GLEANER, and pay off the old score. Plenty of good wholesome food and carrying will make a horse sleek, active and vivacious. Do you see?

A farmer of Wake County has this 'bottle' posted up in his field: 'If any man's or woman's cows or oxen gits in these here oats his or her tail will be cut off, as the case may be. I am a Christian, and pay mi taxes, but darn a man or woman who lets his or her critters run at large.'—Evening Visitor. That fellow wants every 'man or woman' to keep up 'his or her critters.' Evidently he is in favor of a stock law.

Do you always look over our advertisements? If not, do it. They tell you what is for sale and who has it, and by this means you are saved the time and trouble of going to a dozen different places, trying to find the thing you want. Those who read the advertisements always make the best trades. And another matter we call to the notice of our readers, it is this: Don't grumble because your paper has a few more advertisements and a little less reading matter in it about this time of the year, when a vast majority of the people are more interested in finding out where they can buy the best goods and other things needed than what happens in Patagonia, Belloochistan, Kamtchatka, or some other distant country equally unimportant so far as we, here in Alamance, are concerned.

"Wells' Health Renewer" restores health and vigor, cures Dyspepsia, Impotence, Sexual Debility. \$1.

STATE AND GENERAL.

The fruit crop in Indiana, Ohio, Kentucky and Virginia received serious injury by frost.

A mill to cost \$500,000 is to be erected at Weldon, N. C., by Robert Peoples, of Northampton County.

\$4,123,000 have been recommended by the House Committee for the improvement of the Mississippi River.

Barnum's monster elephant, Jumbo, is the most notable arrival that has reached New York port in some time. He has cost \$30,000 already.

Roscoe Conkling has a brother, Fred A. Conkling, who is favorably spoken of in connection with the nomination for Governor of New York on the Democratic side.

We learn from the Torchlight, that T. Lawton Williams died at his home in Fishing Creek township, Granville, Co, on the 9th inst, at the advanced age of 87 years.—That Oxford will have a lady photographer set up in that town in a short while. Her name is Mrs. Davisson.

Durham Plant.—From the first of April, 1881, to the first of April, 1882, Parrish & Blackwell paid to the R. & D. R. Co., on freights received at this point, \$19,958.07. Is there a firm in the State that can beat it?—On Saturday night, the 8th instant, Mr. Wm. Stanley had a fine young mare killed by the train between Durham and Chapel Hill turnout.—Farmers from the southeastern part of Durham County tell us the wheat is taking the rust.

At the recent term of Orange County Superior Court Frank W. Roberts was convicted of the slander of a young lady. Judge Graves sentenced Roberts to two years confinement in the county jail. Motions for new trial and arrest of judgment were overruled. Defendant appealed to the Supreme Court and gave bond in the sum of \$1,500. The injured girl was declared by the jury to be pure and innocent of the vile charges which was in accordance with the testimony.

The Richmond and Danville Railroad Company's statement of the earnings of the road for the six months ending March 31, 1882, is as follows: Gross earnings, \$2,028,377.18, which is an increase over the six months ending March 31, 1881, of \$212,022; expenses for the six months ending March 31, 1882, \$1,212,738.82, being an increase of \$170,000 over same period last year. The net earnings for the six months just ended are, therefore, \$810,638.36—an increase of \$42,031 over the six months ending March 31, 1881. As will be seen, the expenses are very little more than 50 per cent. of the gross earnings.—Richmond State.

A BIT OF HISTORY.—About 108 years ago the mother of Mr. Elijah B. Hester, who died some weeks ago, moved from Granville to this county and brought in her pocket a walnut which she planted in the yard, now known as the Elijah B. Hester place. This walnut soon sprouted and grew to be a very large tree, and in the year 1872 was cut down, sawed into lumber at the old Kerner mill, and purchased by our townsman, Mr. John F. Plunkett, for \$22.50. Mr. Plunkett used a portion of this lumber in making a bureau, which is now in his furniture store and contains 180 pieces, 13 of which can be handled separately. The top leaf of the bureau contains a lead ball, supposed to weigh about one ounce and was found when sawing about 14 inches from the bark of the tree. The ball is now visible, showing half size after the work is polished and well finished up.—Kernersville News.

Millinery.

Mrs. C. P. Albright & Co. are now receiving their Spring millinery. It is cheap and attractive. They respectfully ask their friends and customers to call and examine prices and quality before purchasing elsewhere. Apr. 3, 6—4w.

THE DISTINGUISHING CHARM.—A delightful fragrance of freshly gathered flowers and spices is the distinguishing charm of Floreston Cologne.

NEW SPRING GOODS.—P. R. Harden & Son are receiving a new and complete assortment of Spring goods, consisting of Ready Made Clothing, Ladies and Gents Spring style Hats and Shoes. These goods we have made a specialty of the season.

HOW TO SAVE.—All hard workers are subject to bilious attacks which may end in dangerous illness. Parker's (ginger) Tonic will keep the kidneys and liver active, and by preventing the attack save much sickness, loss of time and expense. Delay at such times means danger.—Detroit Press. See other column.

NOTICE, NOT GONE YET! We will say to our customers and friends they will find us at the corner store, recently occupied by J. M. Turner. Our new stock of Spring Goods will be coming in soon. We will be pleased to have our friends call and examine our goods and prices. Many thanks for the very liberal patronage in the past, and hope by honest, square dealing to merit a reasonable share of the trade in the future. Very Respectfully, JNO. J. LONG & CO.

DON'T COMPLAIN OF HARD TIMES, YOUNG MAN, When you can go to J. W. Harden's and get a pair of Socks for 10 cents, a good pair of Shoes for \$1.50, a Hat for 50 cents and a good Suit of Clothes for \$7.50, a Pocket Handkerchief for 5 cents, a nice Cravat for 5 cents, and if you want something fine you can be accommodated at any price. I have always on hand for Ladies a full line of Shawls, Cloaks, Scarfs, Hose, Hoop Skirts, Underskirts, Chemises, Balmoral Skirts, and as good a line of Dress Goods as ever came to town, a full assortment of Zeigler Shoes and American Sewing Machines.

FOR THE FARMER MAN, I have a good stock of Farmers' Friend Plows, all sizes, Double Shovel Plows, Plow Irons and Bolts, Wheat Drills, Evaporator with boiler and furnace, Mattocks, Sprouting Hoes, Picks, Shovels and Forks. In fact anything the Farmer may want; also a full line of Carpenters' Tools and Builders' Hardware.

I pay the highest market price for all kinds of Country Produce.

I keep on hand the largest assortment of Furniture in town. J. W. HARDEN.

NOTICE TO FARMERS.

INCREASE OF CAPITAL STOCK!

IT HAVING been certified to the stockholders of LaFayette Mills, held at the office of the Company, in the Town of Company Shops, on the 8th day of April, 1882, at which all the stock was represented by the holders thereof, except one share, it was resolved that the capital stock of said Company be increased to thirty-five thousand dollars, the increase to be in shares the par value of one hundred dollars each. Every share of stock and every stockholder voted for the resolution save one share of stock owned by one stockholder. Notice of said increase of capital stock is hereby given and books of subscription thereto authorized to be opened. Done at office in Graham, April 17, 1882. A. TATE, O. S. C. Alamance County. 8—3w.
