THE PRESIDENT.

OFF ON HIS JOURNEY WEST AND SOUTH.

WASHINGTON, Sept. 30.—About fifty persons gathered in front of the White House this morning to witness the President and Mrs. Cleveland's departure on their Western trip.

The weather, which has been rainy and disagreeable for the past three days, cleared off beautifully this morning just in time to verify the proverbial good luck of the President.

At 9:45 a carriage drew up at the north front of the executive mansion and the President, Mrs. Cleveland, Mrs. Folsom and Lena, Mrs. Cleveland's maid, entered and were driven to the Pennsylvania railroad station.

The train looked very handsome in its new paint and glistening bronze fittings. Through the plate-glass windows could be seen baskets of Jacqueminot, roses and other cut flowers which had been provided by Mr. Pullman.

From the waiting-rooms a curious crowd of the train and every member of the party as they arrived. Marshal Wilson was early at the station. He was followed by Secretary Fairchild, and Mrs. Lamont with her two children arrived next and went immediately to the train.

Dr. Bryant and Mrs. Bissell had already arrived and taken their places in the train. At ten minutes to ten o'clock the President made his appearance at the station.

Baltimore, Sept. 30.—The Presidential train reached this city at 11:10 this morning. The announcement that it would arrive at that time attracted about 1,000 persons fully one-half of whom were ladies.
