J. D. KERNODLE, Editor.

Raleigh is to have another Democratic weekly paper--The North Carolina Intelligencer. Mr. T. J. Jernigan will be its editor and owner, and the first number will be published June 21st, 1890.

Something of a "railroad war" is going on in Durham this week. It began a year or so ago, and about one year ago the first skirmish occurred. The chief belligerents appear to be the Durham & Northern and the R. & D., lessors of the N. C. R. R. A year ago a "moonshine" track was laid by the first named road, which is now having hard work to keep the other road from removing the tracks from the grounds it gained there.

Vice-President Morton recently made a trip South. In an interview with a representative of the Washington Post he says he thoroughly enjoyed himself and met with the most cordial greetings. He was surprised at the wonderful and rapid recovery of the South from the devastations of the late war.

The editor has gone out from Carr Reel that legislation is to be introduced in order to adjourn by the first of July, the Republicans began to talk of passing the naval appropriation bill, and the bill to reorganize the U. S. district courts and appoint seventeen new judges.

Political.

Judge John A. Gilmer in response to a question asked him by a reporter of the Patriot yesterday, said: "If the Democratic convention should nominate me as the candidate of the Democratic party for congress in this district, I should esteem it a duty that I owed my party, as well as a pleasure, to accept and do everything that in me lies that is honorable to carry the district."

Guilford Battle Ground Plans, May 6th.

Every man and every man's family should prepare to make on the Battle Ground May 6th. It will be the people's day. Thousands will be there from Guilford and adjoining counties. People parties will be made up and come in from all parts of the State.

Greensboro Patriot: Mr. W. U. Steiner, of Greensboro, whose various illnesses from pneumonia we mentioned some weeks ago, has been completely recovered.

Why doesn't he take Hood's Sarsaparilla? The general inquiry of friends about a person suffering from any disease of the blood, is: "Why doesn't he take Hood's Sarsaparilla?"

OUR WASHINGTON LETTER.

From our Regular Cor.

Secretary Blaine having sent for the United States minister to Brazil has been holding long conferences with him this week in order to concert a plausible statement, which is to be made public to account for the absence on the part of the Government in recognizing the Republic of Brazil.

The tariff bill, which after many hitches and delays was finally reported to the House late Wednesday afternoon, is not the measure it was when first made public by a good deal.

More About State Finances.

According to the Auditor's Report there are 62 railroads in the State, and the only ones that did not pay taxes were the Cheraw and Salisbury, the Raleigh and Gaston, the Seaboard and Jacksonville, the Wilmington and Weldon; but it appears that the N. C. R. R. paid taxes on July \$554,691 worth of property, so that reads enjoy a considerable exemption.

There were 148,627 white polls, who paid \$205,577, and there were 68,674 colored polls, who paid \$79,389; quite a number of darkeys did not pay their poll tax.

Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were maintained and death seemed impossible. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose that she slept all night and with one bottle has been miraculously cured.

The Success of these British Syndicates.

Mr. Davis Wilson a Letter in regard to the Success of these British Syndicates.

It is no reason, says Erasmus Winan, in a recent magazine article, that with a constant aggregation of capital pouring into Great Britain, with an inability to yield a profit within her own domain, and with the impossibility of finding any other country where it can be so safely invested, she should turn in the direction of the United States, which alone of all nations seems to combine all the elements of safety and profit.

While on this subject, I will mention that it did not require a law to entitle me to be put on the list of pensioners, but the rather, requires legal prohibition to deprive me of that right.

As an officer regularly mustered into the military service of the United States, and while serving as such, I was "severely wounded" in battle, and could, under the laws then existing, have applied for and received a pension. My circumstances did not require pecuniary relief from the Government, and I did not make the requisite application, therefore my name has never been upon the Roll of Pensioners and offers no obstruction to the restoration of those names which have been stricken from it.

Respectfully and truly yours, JEFFERSON DAVIS. Wheat Crop Not Much Injured. We have been told repeatedly by persons from the surrounding country, in all directions, that the wheat which many believed was badly crippled by the cold, has come out of the "kinks" so handsomely as to leave hardly any traces of the mischief.

NORTH CAROLINA NEWS.

Rev. Sam Jones begins his meetings in Charlotte to-day (Thursday, 24.) Trinity College is to have buildings at Durham to cost about \$400,000. There is a prospect of four railroads entering at the town of Madison, Rockingham county.

Five cars of freight train jumped the track between Greensboro and Summerfield last Saturday. No great damage was done. Mr. W. U. Steiner died near Flat Rock Monday morning of paralysis. He was formerly Register of Deeds of Guilford county for many years.

Securities of Tobacco Finances.

While in Roxboro Tuesday we made inquiries of quite a number of farmers from Granville, Durham, Orange, Alamance, Person and Caswell counties. They all agree in the belief that there will be a great scarcity of tobacco plants, and that it will be impossible for anything but a late crop to be planted.

A Cold Had Discovered.

Mr. W. A. Guthrie has returned from Roxboro Court. He tells us that the Lynchburg & Durham R. R. is now about seven miles from Roxboro, and track laying is progressing at the rate of half a mile a day.

All the Ladies

Who have given Ayer's Hair Vigor a trial are enthusiastic in its praise. Mrs. J. D. Jones, of Bangor, Maine, says: "I have been using Ayer's Hair Vigor with marvelous success. It restores the original color to gray hair, promotes a fresh growth, and keeps it strong and healthy. As a toilet article I have never found its equal."

Clippings and Comments.

We learn that Hon. John N. Browne, M. C., made application for membership in the Farmers' Alliance at Mt. Airy recently, but that he was unceremoniously rejected--Black ball--Greensboro Patriot.

Remainer Plumb Monday last introduced a bill to enforce the disbursement of \$500,000,000 of money which is now tied up in the treasury. The amount of currency in this country does not exceed ten dollars a head. It should be three times that amount.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla. Fresh confirmation of this statement comes to hand daily. Even the most obstinate and stubborn complaints as Rheumatism, Rheumatoid Gout, and the like, are thoroughly relieved, and the use of this wonderful alternative.

Mrs. L. A. Stark, Keokuk, N. H., writes: "About two years ago I was suffering for nearly two years from rheumatic gout, being able to walk only with great difficulty, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

ADVERTISEMENTS.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops blotches in the eyes, ears, or nose; often causing blindness or deafness; which is the origin of pimple, eruptions, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections. In every few persons are entirely free from it.

How Can CURED

By taking Hood's Sarsaparilla, which, by the remarkable cure it has accomplished, often when other medicines have failed, has proven itself to be a potent and powerful medicine for this disease. Some of these cases are truly wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofulous sore neck from the time she was three months old till she became six years of age. Lumps formed in her neck, and one of them after giving to the neck of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lumps and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLETON, Haverhill, N. H.
