It is at work at reasonable prices. In office Mondays and Saturday.

**Livery, Sale and Feed**

**STABLES.**

**W. C. MOORE, PROP'R.,**  
GRAHAM, N. C.

Keeps merrill teams. Good at 24 or 100 teams. Charges moderate. 2-25-97

**Russell Totes His Little Pass.**  
Charlotte Observer.

The Winston Sentinel of yesterday gives the story as coming from Railroad Commissioner Otho Wilson that a few days ago Governor Russell, Judge Robinson and Solicitor Pott got on a train at Raleigh, and the three were engaged in an animated conversation when the conductor came along. That official took up the tickets of the judge and solicitor, but the governor snorted and asked him to go on. Afterwards he exhibited his transportation to the conductor and it turned out to be a pass! It is well known that Governor Russell went to the Nashville Exposition in the private car of an officer of the Seaboard Air-Line, and as the guest of that system, but who would have believed that this arch-enemy of corporations and monopolies would have come to toting an ordinary pass!

**That Rise in Wheat.**

The average wheat productions in Europe for the last six years, and this includes all the Russian crop, has been per year, 1,428,000,000 bushels. This compelled the importation of about 300,000,000 bushels each year. The crop for 1897 falls 113,000,000 bushels below the average so that the European imports must amount to about 410,000,000 bushels. Neither India, where there is a famine, nor Australia, where an extended drought at planting time decreased the area, nor Argentina, which usually supplies a large quota, can export much wheat. So the United States, from which the average annual exportation for the preceding six years have been 165,000,000 bushels, including flour, is called upon to supply at least double that amount to make up for the wheat shortage.

**A Common Experience.**

Scene I.—Mr. Johnson is obliged to give up work, and remain in the house and take care of himself on account of a dreadful scrofula sore on one of his limbs.

Scene II.—Mr. Johnson reads a testimonial which tells of scrofula troubles cured by Hood's Sarsaparilla. He resolves to try it, sends for a bottle and begins taking it.

Scene III.—Mr. Johnson has taken six bottles of Hood's Sarsaparilla. His scrofula sore is cured. He is feeling stronger, has a good appetite and is able to attend to his work. He writes a testimonial telling of his experience with Hood's Sarsaparilla, and recommends it to others.

**The Great John Robinson & Franklin Bros. Shows, Combined.**

Never in the history of tented amusements has the world known so vast an enterprise as the one made by the combining of these two great institutions. It has brought the circus field into a new era, and placed circus exhibition upon a basis that has never before even been attempted. Two separate and distinct representative circus companies, culled from the best that the world affords have been joined together. Two massive menageries have been blended into one and the two magnificent parades have been arranged that a double parade is given daily in the cities where these combined shows are to exhibit.

It requires the largest tents that have ever been constructed to accommodate this big amusement institution, and so enormous have been the crowds attending, that it has been necessary to augment the seating capacity, for it is not the policy of these shows to so limit their seating capacity as to make those who desire to see and enjoy the wonderful performances procure reserved seats, and while there have been reserved opera chairs placed around the arena for the accommodation of those desiring them, fully eight-tenths of the seats are free to the patrons. Their day of exhibition in BURLINGTON is MONDAY, OCT. 18th, and it will surely be a gala day.

**Molasses As a Fuel.**  
Ladies' Home Journal.

The lower grades of molasses have proved unsalable at any paying price. Many Louisiana planters dumped molasses into the bayou until the authorities forbade it. It is now used as a fuel, being sprinkled by a machine over the bagasse, or the sugar cane from which the juice has been extracted. This when put into the fire, burns with a strong heat. Its coal value is greater than its value for any other use, and over a hundred thousand tons were so used last year.

The **BUCKSKIN BREECHES** are nice comfortable looking pants—so much for appearance. They are strong in seams, pockets and buttons. The best help money will hire isn't too good for us to employ in our factory. The result is—the best working pants made at the same price as common goods.

Col. C. Houk, a prominent citizen of Burke, died at his home five miles from Morganton Sunday night a week. He had represented Burke in the Legislature. At the time of his death he was about 70 years old.

**The Oldest Judge in the Country.**  
Baltimore Sun.

Judge John Jay Jackson, of the United States District Court for the western district of Virginia, who recently enjoined the striking miners from marching on the public highway, is in years of service the oldest judge in this country. He was appointed to the bench by President Lincoln on August 3, 1861. Justice Field, of the Supreme Court, holds the next oldest commission, having been appointed by Mr. Lincoln in 1863. Judge Jackson, we believe, is not the oldest American judge now living, but no other Federal judge before him was ever for so long a term on the bench. Judge Marshall was on the bench thirty-four years and Judge Jackson has served for thirty-six years and he is now seventy-six years of age. He has made many most important decisions of constitutional questions, and it is said that the Supreme Court has never reversed one of them. One of his most famous decisions was that declaring the test oath unconstitutional.

**Another Point of View.**  
Cleveland Plain Dealer.

"There's altogether too much liberty allowed in this country. Look at our public streets. There's no safety there for a man or beast."

"I thought the streets were full of safties. But what's the matter now?"

"Our pet dog went out into the roadway, where he has a perfect right to be, and because he wouldn't get out of the way quick enough to oblige a desperate wheelman he was ran over and had his tail half amputated. It's an outrage and somebody will have to pay for it."

"What are you going to do about it?"

"I'm going to sue the fellow who ran over him?"

"Where is he?"

"He's still in the hospital."

**Didn't Advertise and the Editor Couldn't Answer.**  
Southern Tobacco Journal, Winston.

An inquiry came to this office a few days ago for the names of some leaf dealers on a certain market. Our reply was we didn't know and never heard nor saw the names of a single one of them. They never advertised in this or any other paper. How can they expect to be known? Disfigurement for life by burns or scalds may be avoided by using De Witt's Witch Hazel Salve, the great remedy for piles and for all kinds of sores and skin troubles. Simmons, the Druggist.

**A Remedy for Diphtheria.**  
Scientific American.

At the first indication of diphtheria in the throat of a child make the room close, then take a tin cup and pour into it an equal quantity of tar and turpentine, then hold the cup over a fire so as to fill the room with fumes. The patient in inhaling the fumes will cough and spit up the membranous matter, and the diphtheria will pass off. The fumes of the tar and turpentine lessen the trouble in the throat and thus afford the relief that has baffled the skill of physicians.

Wilkesboro Chronicle: Old Uncle Reece Lyon, of Dockery, is having his own coffin made. He is between 70 and 80 years old, and says he does not know when the summons may come, but he expects to be ready for it.

**Croup Quickly Cured.**

MOUNTAIN GLEN, Ark.—Our children were suffering with croup when we received a bottle of Chamberlain's Cough Remedy. It afforded almost instant relief.—F. A. THORNTON. This celebrated remedy is for sale by T. A. Albright & Co.

In Sampson county Sunday a week Mrs. Mary Rayner, 80 years old, who lived alone, fell into the fire and was burned so badly that she died in a short time.

Southern and Western stock men know a good thing when they see it therefore for scratches, sweeny, ring horn, strains, sprains, bruises, saddle and harness galls and ailments of horses, they use Rice's Goose Grease Liniment, it is good for man as beast. Sold and guaranteed by all druggists and general stores.

Mr. Lawson Armstrong, of Gaston county, was in his corn mill when it caught on fire and Mr. Armstrong dropped dead. Heart disease.

When in need of a remedy to relieve pain you want the surest, quickest and best, such a one is Rice's Goose Grease Liniment, it relieves all pain at once, it cures croup, cough and colds as soon as used. For sale and guaranteed by all druggists and general stores. It relieves whooping cough.

Henry Lemly, who lives near China Grove, was thrown from his horse Wednesday of last week and killed.

We know the great cures by Hood's Sarsaparilla are genuine because the people themselves write about them.

**Royal makes the food pure, wholesome and delicious.**

The Wilkesboro Chronicle says a 10-year-old negro girl was shot and killed at Jefferson Monday a week. She and her little brother were in the house alone at the time and it is not known whether she shot herself or was shot by the boy, or whether the shooting was intentional or accidental.

**A Cure for Bilious Colic.**

Resonance, Severe Co., Ga.—I have been subject to attacks of bilious colic for several years. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the only sure relief. It acts like a charm. One dose of it gives relief when all other remedies fail.—G. D. SHARP. For sale by T. A. Albright & Co.

This is one of the incidents of the new regime in North Carolina. A lot of white convicts, in charge of a negro guard, were taken through the town of Halifax a few days ago. It is said that most of the field guards on the penitentiary farms are negroes.

You can't cure consumption but you can avoid it and cure every other form of throat or lung trouble by the use of One Minute Cough Cure. Simmons, the Druggist.

The grand jury of the Federal Court at Greensboro found true bills against the officers of the greved First National Bank of Asheville for conspiracy and embezzlement, and Judge Farnell fixed the bond at \$30,000.

You can't afford to risk your life by allowing a cold to develop into pneumonia or consumption. Instant relief and a certain cure are afforded by One Minute Cough Cure. Simmons, the Druggist.

## BURLINGTON, OCTOBER 18.

The Most Glorious, Elaborate, Expensive And Comprehensive

**Grand Free Street Parade**

Ever seen. Containing more grand new features, more sublime sights, more horses, more camels, more elephants, more men and women, more cages, chariots, tableau cars, more bands of music, more automatic music, more beautiful costumes than any other show possesses, besides a world of other sublime and startling, new and original innovations, so much grander, greater, costlier, and more meritorious than any other possession, that opposition positively pales at the thought of daring to dream of attempting even the least imitation of all this overwhelming introduction of a new and mighty gala day processional amuzement

The Grandest, Richest, Rarest Street Parade Ever Beheld—Defying All Competition. Every Morning at 10 o'clock.
