The Day Case.

The Supreme Court handed down its decision in the Day case Tuesday. Capt. W. H. Day is sustained in his contention for control of the Penitentiary.

It restores to Captain Day all the powers, rights and privileges conferred upon the superintendent by the act of 1897. It recognizes the Board of Directors, as increased by the recent act of the Assembly.

Justice Stephen J. Field, of the United States Supreme Court, died at his residence in Washington Sunday evening. He was appointed to the Supreme Court in 1863, and served continuously until his retirement Dec. 1st, 1897.

The city of Baltimore, Md., is engaged in a campaign in which "white supremacy and good government" is the battle cry.

If you have a cough, throat irritation, weak lungs, pain in the chest, difficult breathing, croup or hoarseness, let us suggest One Minute Cough Cure.

Mr. R. J. Reynolds, of Winston, denies that the Continental Tobacco Trust has absorbed the Reynolds tobacco factory of Winston.

A Cure for Bilious Colic. I was troubled with colic for a long time. Then I began to have bilious colic, and having learned of Liver Pills & Tonic Pills, I bought two boxes.

The Democrat says snow fell to a depth of eight inches at Boone Monday night of last week.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

Sam Parks, an old colored man of Charlotte, was cleaning out a well last week when a rock fell on his head injuring him so severely that he died next day.

Behind the discovery of One Minute Cough Cure, millions were really startled by catching colds, coughs and croup for it now.

WEEKLY WASHINGTON LETTER

From Our Regular Correspondent.

WASHINGTON, D. C., April 7, '99. No more glaring proof of the all around military incompetency of Algriman has been shown than the fact that of the 336 brought from Cuba and Porto Rico and buried in Arlington Cemetery, yesterday, after an impressive military funeral, 91 were unidentified.

Things have reached an acute stage in the beefing industry. The court has done several things this week calculated to make the public suspicious of its fairness, and believe that it had a preference as to the kind of testimony it wished to hear.

It restores to Captain Day all the powers, rights and privileges conferred upon the superintendent by the act of 1897. It recognizes the Board of Directors, as increased by the recent act of the Assembly.

Southwest Alamance.

Correspondence of The Gleaner.

The fruit crop in our section will be a total failure. On account of so much bad weather people are very much behind with their spring work.

Mr. Charley Manning has purchased property in Liberty and will permanently locate there. His stay in Greensboro was short. When he saw a wider field of business open up at Liberty he thought best to "make hay while the sun shines."

Teachers' Institute.

BY A. W. STOCKARD.

FOR THE ALAMANCE GLEANER. All life is circumscribed by environment. The smallest creature as well as the greatest man is affected by circumstances.

But environment is not all. That may be changed. Contact is the law of culture. Who can think truly, and see things in their relations without holding commerce with the minds of wise men?

For the sake of contact then and for the sake of bettering environment let the teachers of Alamance consider the helpfulness of a Teacher's Institute, or Summer School.

There seems no longer to be any doubt in the minds of the Winston people that the R. J. Reynolds factory has been bought by the American Tobacco Company. It is stated that Mr. Reynolds, accompanied by his attorney, Mr. Clement Manly, has now gone to New York to complete arrangements for the transactions of the property.

April Showers

Wash away the filth and waste that have accumulated during winter. In like manner Hood's Sarsaparilla expels from the blood impurities that have been deposited during the season when there has been but little perspiration.

It gives the blood richness and vitality, fitting it to nourish and strengthen the nerves, muscles and all the great organs of the body. It cures all spring humors and banishes that tired feeling.

It is the best medicine money can buy for all diseases caused by impure or impoverished blood. You should be taking it to-day.

The new board of directors of the Raleigh insane asylum at Raleigh met Wednesday of last week. The following executive committee was elected: Dr. James McKee, of Wake; Dr. R. H. Stancil, of Northampton, and Dr. W. P. Fort, of Wayne.

Ap't Quotations.

Proverbs, axioms and wise sayings have been uttered by Confucius and other wise men from time immemorial, but few people realize how many there are of them. C. T. Hood & Co., of Sarsaparilla fame, have over two thousand and they have originated the ingenious plan of serving them up in delectable shape in thousands of newspapers, with each one neatly turning a point as to the merit of their well known medicine.

Two cases of smallpox (colored) have been discovered a few miles from Newton. They were promptly quarantined. Compulsory vaccination has been ordered.

J. Shaver, Sedalia, Mo., conductor on electric street car line, writes that his little daughter was very low with croup, and her life saved after all physicians failed, only by using One Minute Cough Cure. J. C. Simmons, the druggist.

Whooping

One of the most distressing sights to see is a child almost choking with the spasmodic whooping-cough.

Give the child Dr. John W. Bell's Cough Syrup, relief will be obtained at once and the sufferer will soon be cured.

Great Improvement.

I had severe headaches and rheumatism and suffered intensely. I could not rest, had spells of cramping in my stomach and I began taking Hood's Sarsaparilla. I am now in better health and weigh more than ever before in my life.

That distress after eating is prevented by one or two of Hood's Pills. They don't gripe.

Raleigh Cor. Messenger: The prices of lumber have jumped up in this State and it is said the Cuban and Porto Rican demand is the cause, the Cuban price being \$60 per 1,000 for pine. There is also a large demand for cypress telegraph poles, and buyers and inspectors are busy along several of the railway lines, notably the Carolina Central and Raleigh and Augusta.

"Durability is Better Than Show."

The wealth of the multi-millionaires is not equal to good health. Riches without health are a curse, and yet the rich, the middle classes and the poor alike have, in Hood's Sarsaparilla, a valuable assistant in getting and maintaining perfect health. It never disappoints.

The Morganton News says rich gold dirt is now being taken out of the Granny Branch gold mine, five miles north of Morganton. The mine is owned by J. A. Luckey, H. W. Connelly and J. A. Perry. The News says that one day recently \$416 worth of gold was taken from four tons of ore.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or "is just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. J. C. Simmons, the druggist.
