Give Thanks.

The President has issued the following Thanksgiving proclamation: "A national custom dear to the hearts of the people, calls for the setting apart of one day each year as an occasion of special thanksgiving to Almighty God for the blessings of the preceding year. This honored observance acquires with time a tenderer significance. It enriches domestic life. It summons under the family roof absent children to a glad reunion with those they love. Seldom has this nation had greater cause for profound thanksgiving. No great pestilence has invaded our shores. Liberal employment awaits upon labor. Abundant crops have rewarded the efforts of the husbandman. Increased comforts have come to the home. The national finances have been strengthened and the public credit sustained and made firmer. In all branches of industry and trade there has been an unequalled degree of prosperity while there has been a steady gain in the moral and educational growth of our national character.

We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.
