GRAHAM, N. C., Mar. 4, 1908.

The Legislature is rushing business to get through Monday and adjourn.

The anti-trust bill has passed the Legislature, but in a form that will accomplish the desired purpose without working damage to legitimate business interests.

Last Monday a third attempt was made to sell the Industrial News printing outfit in Greensboro, but not a bid was made. Seems they have enough up that way.

The movement started in the Legislature to submit the question of moving the State Capital to Greensboro died suddenly Tuesday. It is quite certain that no one had much faith in it.

Yesterday afternoon the Eastern part of the State was swept by a terrific storm of wind, hail, rain and snow. Much damage was done. Some fatalities are reported. Detailed accounts later will tell the extent of the damage done.

The Roosevelt regime comes to an end today. President Taft will hold the reins for the next four years and he is big enough to keep the lid on unless there were a Roosevelt underneath. We hope to have peace, plenty and prosperity.

Florence Davis Coming Again.

Few of the footlight favorites of the present era in theatricals have risen as steadily and surely in a decided original and unique field as has Florence Davis, the young comedienne now in her fifth season as a star, who has extended her popularity to nearly every city East of the Mississippi, and a goodly number West of it, and her former conquests have all been surpassed this season in the new woodland comedy, "Under the Greenwood Tree," in which she will be seen at the Montwhite, March 24th.

The newspapers of other cities have been unanimous in their praise of Miss Davis and her new play, alike, pronouncing it the best vehicle she has ever appeared in, and therefore her annual visit to this city will be looked forward to with additional interest.

True to its arboral title, "Under the Greenwood Tree" is described as a sylvan comedy, original in theme, interesting in construction, unique in its setting and scintillating with the brilliant humor of Henry V. Esmond, who rose to fame on the production of his other delightful comedy, "When We Were Twenty-one," in which Nat Goodwin made his great success of a few years ago.

In support of Miss Davis this season, the Garrick Management are said to have furnished a most worthy cast of players, foremost of whom is the handsome and talented young romantic actor, Elliott Dexter, who contributed a good portion of the success to Miss Davis' former memorable presentations of "The Player Maid," "Ibsen's" "A Doll's House," Sardou's "Divorcee" and other plays. Her production of "Under the Greenwood Tree" is mounted with the same comprehensive and lavish equipment of scenery, costumes and effects which the critics pronounced most brilliant and artistic at the Lyric Theatre, London, and the Garrick Theatre, New York, last season.

Railroad Bridge Near Old Port Partially Burned.

Ashville Citizen, 1st. About 20 feet of the railroad bridge over Mill Spring creek, near Old Port, was burned shortly after 2 o'clock yesterday morning, and until it was repaired trains had to be detoured via Charlotte and Spartanburg.

As soon as the fire was discovered it was reported to the local station and a wrecking train was soon on the way. A wrecking crew was also sent out from Marion, and by 9 o'clock the entire 20 feet of the trestle had been replaced so that trains could pass. Freight traffic was completely tied up for the time the bridge was impassable.

How the fire originated is a mystery, though it is supposed to have started from a spark dropped by some train passing during the night, which is a frequent cause of fire. The bridge which spans Mill Spring creek is about sixty feet in length. The stream is a little more than a bushy, but runs through a deep gorge.

Roosevelt in Africa.

Mr. Roosevelt's license, according to the newspapers, is an ordinary one, and permits him to hunt the following: 2 Male Elephants; 2 Rhinoceroses; 10 Hippopotami; 21 Antelope, (including 2 Kudus, 2 Gemsbok and 1 Bongo); 2 Earth Hogs; 2 Earth Wolves; 10 Chevrolias; Musk Deer; 2 Colubi or other ferocious; 2 Marabou Storks; 2 Ostriches; 2 Egrets; 1 Chimpanzee.

There are no restrictions on the number of Lions, Leopards and Crocodiles that he may shoot.

He may not shoot the following: Giraffes, Wild Asses, Elephants, Zebras, Female or Young Elephants, Vultures, Saddle-billed Storks, White-headed Storks, Crowned Cranes, Oupia, Female Buffalo, Female or Young Oryxes, Speke's Fragelaphus (female).

Sir H. H. Johnston, who for many years has represented Great Britain in divers capacities in Africa, and is a mighty hunter, contributes to The Youth's Companion for March 4th a most interesting article on "What Mr. Roosevelt May See in Africa." He takes the reader step by step along the probable route of the ex-President's travels from Zanzibar through the vast inland forest regions, where game abounds, to his coming out of the dark forest at Khartoum. He tells what beasts and birds—dangerous, rare, and some almost legendary—the traveller may encounter, and gives a synopsis of his hunting license, which is an ordinary one, but sufficiently liberal to satisfy the most exacting, since it puts no limit on the number of lions, leopards and crocodiles that may be taken.

Representatives Denounce the Secret Service and the President.

By an overwhelming vote, and without party distinction, the House of Representatives Thursday sustained the committee on appropriations in again reporting a provision in the sundry civil appropriation bill, restricting the operations of the secret service detectives of the Treasury Department. The President was scathingly denounced by Mr. Cook, Republican of Colorado, while Mr. Smith, Republican of Iowa, a member of the appropriations committee, and one of those named by the President in his message of January 4th last as being responsible for the secret service limitation, seemingly employed all the invective at his command in an attack on that service. He compared the secret service detectives with "common liars," declared them to be worthless and pointed to the assassination of President McKinley as a sample of the watchfulness and capacity of those men, one of whom, he said, stood at the President's side when he was shot down and failed to observe the approach of the assassin with his supposedly bandaged hand in full view.

Jackies Parade Norfolk Streets.

Norfolk, Feb. 27.—Two thousand jackies from the Atlantic fleet, accompanied by the Norfolk military companies marched through the flag-decorated streets this morning, this being the official "welcome home" day. Federal and Confederate veterans in blue and gray formed a court of honor through which the parade passed. One hundred and fourteen officers from the fleet took part. After the parade the sailors and soldiers were served with refreshments at the new naval Y. M. C. A., built by John D. Rockefeller, at a cost of \$300,000, and a reception was tendered the officers at the Monticello Hotel.

Rear Admiral Arnold is in command of the fleet in Admiral Spery's absence in Washington.

One hundred dollars if Goose Grease Liniment or Mother's Joy doesn't prevent pneumonia. Mothers Joy is better for children. Thompson has it.

Consumption

is, by no means, the dreadful disease it is thought to be—in the beginning.

It can always be stopped—in the beginning. The trouble is: you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself and at home. Take

SCOTT'S EMULSION
of Cod Liver Oil and live carefully every way. This is sound doctrine, whatever you may think or be told; and, if heeded, will save life.

Hard Yarn Spinners to Reduce Output.

At a meeting in Charlotte last week of members of the Southern Hard Yarn Spinners Association, representing 80,000 spindles, a committee with U. S. Sergeant, of Charlotte, as chairman, was appointed to outline action. It is stated that the committee will probably recommend a curtailment of 33 1/2 per cent of the output of all mills in the association, the cut to take effect March 1 and continue for at least three months. It will also be recommended that a penalty of sufficient weight to make the spinners observe the rule strictly be imposed on any mill that shall undertake to violate the agreement for curtailment. It is also practically determined, it is said, to have an official representative of the association, whose duty it shall be to visit the mills holding membership in the association, and to ascertain beyond reasonable doubt that the mills are keeping their agreement.

The meeting is regarded as an import and indicates also that the spinners now feel that they can afford to take what may seem rather drastic action, although conditions for some weeks have been regarded as fairly promising.

Log Cabin Sayings.

Uncle Remus' Magazine.
Reason some folks aint in no hurry to go to heaven is kase dey don't want de angels ter think dey got de idee dat der treasure won't keep twel-dey come.

Hit's no wonder ol' Satan goes lak' a race boss, 'kase ever time stan's still de ol' sinners saddles all de sins on him.

I reckon we'll be too tired to do much walkin' on de golden streets in Glory, an' ef we have wings ter fly wid, Satan might set fire ter 'um 'fo' we could git back.

Judgement day looks for off ter de sinner, but hit's my opinion dat Kunnel Gabriel will wake us up all too soon.

De roundness or de flatness er de worl' don't interfere wid my feelin's; what gits me is how ter fence in one li'l' patch er it whilst de yuther folks is reachin' fer it all.

Adam was de fast man in de fruit business, but as de president of a apple trust he never would 'a' been a success.

It may be dat de po' man is de happiest, but he aint' got time to boller halleluia on de hill-top.

Like Latherus on Aberham's buzzum. I'll want ter go right ter sleep 'wen I gits dar, an' I won't leave no instructions ter wake me up sirty.

'Trouble is so sciable he'll talk to you all day long, sit up wid you at night, and go ter yo' funeral in de rain.

De married man what makes er success er his business is de same feller what listens ter what his ol' 'oman says at de supper table.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased part of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by a diseased condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a ringing sound and imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; since cases of deafness are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sold by Druggists. Free. W. H. GREENE & CO., Toledo, O.

Famous Standard Oil Case on Trial Again

In the United States District Court Judge A. B. Anderson presiding, the second trial of the rebate case against the Standard Oil Company, of Indiana, was commenced today. Great popular interest was manifested in the trial and the courtroom was crowded. At the first trial before Judge Landis the Oil Trust was convicted on 1,462 counts and \$29,240,000, the largest fine ever imposed by any court, and on January 4th last, the U. S. Supreme Court dismissed the government's appeal for a review. The case will now be retried.

It is stated that about 500 Greek refugees, who fled to Council Bluffs, Ia., from the fury of the Omaha, (Nebr.) mob, have gone to Fort Worth, Texas.

A Boston dispatch says more than 10 000 rubber mill operatives in New England, who have been idle for a month, will be at work again by the middle of next week, orders having been issued by the United States Rubber Company to resume operations at most of its idle plants.

Fire of unknown origin at Gold Hill, Roman county, Friday night destroyed two store buildings and seven dwellings, entailing a loss of \$5,000 with no insurance. Among the buildings burned was the dwelling of J. M. Proctor, where the same started while the family was absent; dwelling and office of Dr. R. A. Shipcock; two stores and a livery stable belonging to W. L. Shaver. The Methodist church was damaged \$50 and several other buildings were slightly damaged.

SWAMP-ROOT
THE GREAT REMEDY IS RECOMMENDED FOR Acute and Chronic Diseases of the Kidney, Liver, Bladder or Urinary Organs and Acute, Chronic Rheumatism, Uric acid, lumbago or gout.

BRIGHT'S DISEASE
Dissolves and expels Gravel or Gall Stones. It heals and removes Irritation, Inflammation, Ulceration or Catarrh of the Bladder.

The Test That Tells.

DOTHAN, ALA., Jan. 21, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen:—About one year ago two of my children, suffered badly from weak kidneys and diabetes; their urine was very bad and they would have severe spells of dizziness, and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results, and I decided to get some for the children. I noticed there was some improvement after they had taken two large bottles, and continued to give it to them until they had taken a half dozen bottles and were well on the road to recovery. I think Swamp-Root has done more for my children than any other medicine I have tried and I recommend it to one having children who suffered as mine did.

A Clergyman.
NEW ROADS, LA., Jan. 22, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs:—I write today to the public that your Swamp-Root cured me of kidney trouble. I was almost past going; having spasmodic spells with my kidneys that were breaking down my constitution. The best medical aid was employed and they pronounced my trouble as alkali in the kidneys, but were unable to do me any permanent good.

I took four bottles of Swamp-Root and became a well man. This was six years ago and I have had no trace of the trouble. Yours for suffering men,
REV. J. R. TAYLOR,
Pastor Baptist Church, New Roads, La.

Mail Carrier's Experience.
BLOUNTSVILLE, TENN.

I have been a rural letter carrier for over five years. Some two years ago I was taken with severe pains in my back. I used medicine for several months without any benefit. A friend, Mr. J. D. Nelson, advised me to try your Swamp-Root, but I had no faith in it. I continued to grow worse and at last decided to try this remedy and bought of Long Bros. a fifty-cent bottle which gave me great relief. I then bought two one dollar bottles, which I can truthfully say have completely cured me.

Had it not been for Swamp-Root, I would have been compelled to quit the rural free delivery service. I advise all mail carriers who get pains in their back that Swamp-Root will cure them.
I was so bad that very often my wife would have to help me to arise.
M. B. HENDRICKSON,
Rural Letter Carrier, Route No. 2.

Baptist Minister.
BRINSON, GA., Jan. 20, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen:—Some time ago I was troubled with kidney trouble; had severe pains in back and hips. Was treated by a physician, but without any benefit. I noticed some Swamp-Root advertising and resolved to give it a trial. After taking four bottles I was completely cured. Have not suffered any pain at all since and can recommend Swamp-Root to anyone suffering from kidney trouble.

Sincerely,
MRS. E. V. STEVENS.

Results After Using.
BOSTON, GA., Jan. 13, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen:—Some time ago I was troubled with kidney trouble. I thought for some time I was suffering with Diabetes. I had severe pains in my back and hips. A friend recommended Swamp-Root and I decided to give it a trial. I obtained a bottle from a druggist and after taking a few doses, felt relieved. After taking several bottles the pain was entirely gone and I have not suffered the slightest since. I cannot be too enthusiastic in my praise of this wonderful medicine and it gives me great pleasure to give my testimonial in regard to its merits.
J. B. ROUNTREE,
Former Mayor and Member Legislature.

We have sold Mr. Rountree Swamp-Root and have also sold it in a number of cases for kidney trouble and always with perfect satisfaction.
J. C. ADAMS & SON.

The Value of a Remedy is Proven by Its Cures.
ELKWOOD, ALA., Dec. 14, 1908. Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs:—I have derived such great benefit from the use of your remedy, Swamp-Root, that I believe it to be most important for the public to know its worth. For the past ten years I have been the most miserable of men. Did not know what the trouble was but had to urinate very frequently both day and night; was all puffed up generally. Could not sleep more than a couple of hours at a time, was greatly distressed after eating a meal and was about worn out. I had tried nearly everything I could see advertised and hear of, without helping me to any great extent, until finally in October last at Ripan, Wis., I purchased a one dollar bottle of Swamp-Root and commenced taking it according to directions and I followed that with another bottle and experienced such great relief and benefit from same that I purchased five dollars worth at Huntsville, Ala., and continued its use and am now taking it, but in smaller doses and twice a day in place of four times a day and believe by the time present supply is used up I will be entirely well. I am feeling better now than for ten years past. Can eat and sleep first class, in fact I am feeling so good that I cannot resist telling you about it. You are at liberty to publish this testimonial should you wish.

Very Respectfully,
THOS. STALLARD, U. S. A., Retired,
Box 7, R. R. No. 2, Elkwood, Ala.

A Contractor.
DONALSONVILLE, GA., Jan. 20, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen:—About four years ago I suffered from kidney trouble and rheumatism in my hips. The pain across my back became so severe that I could hardly straighten up and could not walk without dragging my feet. I would urinate frequently and would have to rise two or three times during the night, causing me to suffer from loss of sleep. And with the pains I was all run down and began to lose flesh. I saw Swamp-Root advertised and bought one bottle to try it. After taking it I felt better and could sleep all right at night. I continued to take it until I had taken four large bottles. I was entirely free from any pain in the back and began to gain in weight. I always recommend Swamp-Root to my friends as I think the cure in my case remarkable.
Yours very truly,
M. H. HICKSON,
Donalsonville, Ga.

DR. KILMER
Dr. Kilmer's likeness is on the outside wrapper of every bottle.

Beneficial in Severe Cases.

EDGEFIELD, TENN.
Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen:—I hardly know how to express my appreciation for the good your Swamp-Root has done me. I had been greatly troubled with my kidneys, and with pain in the back; also with what the doctors termed inflammation of the neck of the bladder. Sometimes my back would get in such shape that I was almost helpless. I had tried several doctors and medicines to no good effect, and finally I noticed in some paper where Dr. Kilmer proposed to send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received promptly a sample bottle. After taking it I found it did me good. I then purchased two bottles from our merchant, Mr. W. J. Elizer. After taking the medicine I felt like a new man, and each day rode five miles to teach school. You are at liberty to use this letter, or refer anyone to me, as I will always be glad to tell them what a wonderful remedy this Swamp-Root is. Mr. James Ivens, of Saunderville, Tenn., is taking it with good results. Very truly yours,
D. A. MONTGOMERY,
Member Tennessee Legislature,
Rural Route No. 24.
Edgefield, Tenn.

Results It Has Proved.

DOTHAN, ALA., Jan. 21, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs:—Have been suffering more or less from kidney trouble for the last five years and was induced to try your Swamp-Root. Am happy to say, or give you my testimonial, that it has cured me. I am a traveling salesman for Messrs. Colgate & Co., New York, and am always on the road. Drinking the different waters affect my kidneys.
Yours respectfully,
SAMUEL WOLF.

A Prominent Mason.
JACKSON, TENN.

According to my experience I do not consider there is anything to equal Swamp-Root for kidney affection.
Twice it relieved me when I was completely helpless.
The last time I was traveling in Texas, when my kidneys became affected, and for ten days I suffered excruciating pains, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally sought relief as before from Swamp-Root. After using four of the large size bottles, I was completely restored and went on my way rejoicing and praising Swamp-Root. This was three years ago and I have had no indication of a return of the affliction.
J. C. SMITH, Jr., 33deg. Mason.

Fully Satisfied.
WAXTONS, GA., Jan. 10, 1909. Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs:—During last October I suffered from my kidneys. I consulted my physician, who prescribed for me, but his treatment did not benefit me. After reading some Swamp-Root literature, I decided to give it a trial. After taking a few doses, I felt some relief and after two one dollar bottles had been taken, I had no pain and was completely cured. I have not had the slightest pain in my back or hips since. From my own experience, I can cheerfully recommend Swamp-Root to any one suffering from kidney trouble.
Yours very truly,
SIMON MARTIN,
Mr. Martin conducts a carting and transfer business.

Improving the Quality, Increasing the Quantity of Tobacco Crops

The ambition of every tobacco planter is to secure the largest possible crop of the best possible quality—and this is most surely, easily, and quickly accomplished by the use of

Virginia-Carolina Fertilizers

As a rule the more liberal the amount of these fertilizers used per acre, the better the results. Mr. John F. Cunningham of Cunningham, N. C., probably one of the largest tobacco growers in the world, says: "I have been using your fertilizer for twenty years. I have sold tobacco made by this fertilizer as high as 90c a lb. Virginia-Carolina Fertilizer is used by the best tobacco farmers in the Tobacco States. It stands upon its merits. There is no better fertilizer made or used in the United States. I take great pleasure in recommending it not only to the farmers of Virginia and North and South Carolina, but to all the tobacco growers in the Union."

The best results are invariably obtained with the use of Virginia-Carolina Fertilizer. Over one million tons were sold last year.

Be sure and get the 1909 Virginia-Carolina Farmers' Year Book from your fertilizer dealer, or write our nearest sales office and a copy will be sent free.

Virginia-Carolina Chemical Co.

Cavemen's Cavern Found.
Mexico City, Feb. 17.—A remarkable discovery has been made on the Isthmus of Tehuantepec of a prehistoric underground habitation, on the ranch of Juan Mateo Castellanos.

The cavern covers a great area.—Fourteen large rooms have so far been explored. These rooms are elaborately furnished with articles of the prehistoric period. The stone benches are elaborately carved, and some of them are painted. Heads of Indian chiefs, tigers and other wild animals, carved in stone hang upon the walls. Painted stone dishes and many other curious articles were found in the rooms.

The bodies of four men, all unquestioned state, were brought to light. They do not resemble any of the Indian types found in Mexico now. A large quantity of rich gold ore was also found in the cavern.
