The County Fair.

Fine Exhibits—Large Attendance—Good Races—Excellent Free Attractions—Withal A Success.

After much hustle on the part of President S. H. Webb and Secretary McBride Holt and the cooperation of the leading citizens of the county, the Alamance Fair Association gave one of the best and cleanest fairs in the history of the Association.

Both the fair and the county are to be congratulated on having Senator Overman deliver the address.

The races make a feature which is enjoyed by all. The principal race was won in 2:11 by Giles Mebane, raised and bred on Mr. L. Banks Holt's farm.

Mr. Robt. W. Scott's show of fine Jersey cattle was especially attractive, as was also Mr. J. F. Home-wood's Devon.

The Poultry Show was greatly admired, and it is an industry that is growing in importance every year.

The exhibits of farm products were exceptionally good, especially so in view of the fact that farming this year has been no easy proposition.

In the pantry and fancy work departments the ladies excelled themselves, and gave the judges a difficult task to say which exhibits were the most meritorious.

The boys' corn contest is worthy of more notice than we can give for lack of accurate information.

Throughout in all departments there were many meritorious exhibits.

In free attractions the fair did well. The balloon ascensions and riding were especially fine.

Now, let all pull together for another big fair next year.

The Short Life of a Battleship.

Augusta Herald.

The news of the serious illness of Rear Admiral Charles E. Clarke recalls the Oregon, with which his name is inseparably associated.

This was a new battleship, which had been built in a Pacific coast shipyard. She was regarded as one of the most powerful battleships afloat.

This was only eleven years ago, and today the Oregon is obsolete and practically useless as an effective warship.

The keel of the Oregon was laid in 1891, and she was completed and put in commission some four years later.

Many Cases of Pellagra Reported.

Pellagra, the much heralded "new disease" that has invaded North Carolina and other sections and which is causing the medical profession no little concern, appears on the increase in this section of the State.

It was stated today by a gentleman well informed, that several cases of pellagra have developed in the extreme western portion of the State.

Land Sale!

By virtue of an order of the Superior Court of Alamance county, made at the September term of said court, 1909, the undersigned as commissioners of said court, will sell to the highest bidder, for cash at the court house door in Graham, on

October 30, 1909,

the tract of land known as the John Roney tract and situate in Albright Township, in Alamance county, N. C., adjoining the lands of G. F. Thompson, the late Capt. D. S. Thompson, Isaac Crabtree and others.

This tract contains about eighty-five acres and is situated within one hundred yards of the new Macadam Highway now being built leading toward Hazleton, N. C., and is about six miles south of Graham. The Macadam road will extend all the way from Graham to and beyond it. It is just about one hundred yards west of the macadam highway. It has upon it a dwelling-log house—which needs repair. A good spring near the house has a nice branch of water runs through the lands. It has upon it a large quantity of wood, both oak and pine, and some fine timber, both oak and pine. It is fine land for all kinds of crops grown in this county, and it is comparatively level—rolling enough to drain well and not enough to be a liability to be severely injured by something over eighty-five acres, but three acres was sold off from the western side of the place and these three acres are included in this sale. The title is beyond question good. No tax liens will be allowed on this sale, and successful bidder will get the tract upon complying with this bid.

This is a rare opportunity to buy a nice farm near market, good schools, churches and in a good community.
