Near-Beers Shut Up.
Last Saturday Sheriff Rob't N. Cook with a deputy or two in an automobile visited about eight near-beer stands and bought samples of the stuff they have been selling, such as "no-tax" and whatever other name it goes by. He went so fast they were unable to communicate with each other, and they were completely demoralized. The offenders, all but three, whose whereabouts are unknown, came before a Justice Monday and Tuesday and entered a submission. The Justice suspended judgment for two years and ordered the principals each to pay a fine of \$50 and costs and the clerks to pay a fine of \$20 and costs. It is not known, but it is strongly suspected, that most of them were selling something stronger than "no-tax". The closing up operation was effected quietly. It was a good job.
Since the above was written it is learned that every near-beer stand in the county is closed.

Tested and Proven.
There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.
For months Graham readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?
Mrs. Bryan Phillips, Main St., Graham, N. C., says: "Doan's Kidney Pills are fine and I am just as glad to recommend them now as I did in 1908. My kidneys were out of order. My back hurt me and I was often nervous and dizzy. I heard about Doan's Kidney Pills and got some at the Alamance Pharmacy. They entirely relieved my backache and made my kidneys normal. Once and awhile since then, I have taken Doan's Kidney Pills and they have kept me well."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

Mr. Robert G. Hornaday's Barn Burned.
Last Saturday morning about 6 o'clock, Mr. Robert G. Hornaday, who lives a mile and a half West of Burlington, went out to see about his feeding, and a few minutes later fire was discovered in the straw at a shed nearby. He gave the alarm and went to work to save his stock and what he could of his farm implements. He barely had time to get out his stock before the fire communicated with the barn and the flames flashed over it. All stock and machinery were saved except a binder. Several stacks of straw and a big lot of hay were burned. The barn was a very large one and practically new. The loss is about \$700, with \$200 insurance. It is believed some one had slept in the shed where the fire started during the preceding night.
