to the front, telling his friends

you can rely on his sincerity. The

Alamance Fair is on this week It opened Tuesday and closed to morrow. A feature on yesterday was the gathering of Confederate Veterans, of whom about 150 were present. The Daughters of the Confed

dracy gave them dinner.

While the exhibits are not so nurous as they should have been, twithstanding the adverse crop ear, there are a number of very exellent exhibits worthy of more than

passing notice.

In the ladies' department the ex hibits are excellent-some as hand-

me as one will see anywhere. The exhibit by the Girls' Tomato Clubs is large and varied. It shows what can be accomplished by intelligent direction. The numerous things delightful to the taste that can be nade from tomatoes is a matter of wonder. Miss Margaret Scott supervised the work of the Clubs and the results must be very gratifying

Mr. Chas. F. Cates' had an exhibit of pickles, chowchows, jellies, caned fruits, preserves, &c from his Swarthmoor Farm that is especially fine and much admired for the excellence of the product and the at-

tractive arrangement.

In fruits and grains, farm products proper, Messrs. Levin H. Holt and J. F. Homewood have large and diversified exhibits. There are a number of other exhibits of farm products.

In live stock, Mr. R. W. Scott and Shropshire sheep; Mr. J. F Homewood, a fine herd of Devons and Mr. J. Edgar Long, a numbe of his fine Berkshire hogs and pigs

The poultry exhibit was one of th largest and best ever shown at the Fair, and there were a large number of exhibitors. Along "Midway" were plenty of

things to amuse the passers.

The attendance has been good but not as large as at some former Fairs.

DEATHS.

Mr. H. H. Thomlins lost his life at Gibsonville in a cotton mill last Saturday morning. He was putting on a belt when a nut caught in his clothes and hurled him around a shaft: His body was terribly mutilated. He died about one hour and three-quarters later. The body was embalmed and prepared for burial by Mr. Will. A. Rich of ng here Saturday at the home of Graham and was shipped to his home, at Orlando, S. C., the same evening. Mr. Thomlins was a widower, 36 years old, and had two spent Sunday here, returning home children. It is reported that he was to have been married on Sunday, the day after his death. He bore a good name among those who knew him.

Fortunes In Paces.

There's often much truth in the saying 'her face is her fortune," but it's never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at Graham Drug Co.

SOME OTHERS ON THE SIDE OF MR. SIMMONS

ce of THE GLEANER In my last, I gave some reason for the alleged Republican preference for Mr. Simmons. I will now mention some others who are on the side of Senator Simmons If you wish to a certain a man's true character-what he really is then go to the people among whom he has been reared; before whom he has gone in and out through the days and years of his life. man's home people are not often deceived as to his worth, and will not support him unless they deemed him worthy. Now, what do the people of Craven, his home county, say about this man who is the object of such relentless persecution and bitter defamation?

At the last general election, in 1908, Gov. Kitchin received 1,520 votes in that county. Some weeks ago, I am reliably informed, there were more than 1,400 names enrolled in the Simmons Club, an almost unanimous endorsement. We find then that Mr. Simmons is all right at home, and the man who is right at home is very apt to be right everywhere else.

to be right everywhere else.

At the last Democratic State
Convention, in Raleigh, when the
usual resolutions endorsing the
records of our Senators and Representatives was introduced it
was bitterly cliposed by the supporters of Governor Kitchin, and
some say, also, of Judge Clark.
Their objection was confined of
of course to the record of Senator
Stimmons. As might have been
expected the resolution was curr
ried by a very large majority, including seven out of ten Congressional Districts. This convention howed a fine herd of Jersey cows Their objection was confined of sional Districts. This convention was composed of the best representative men of the Democratic party, men of the highest intelliligence, well informed as to publie affairs, and well acquainted with the records of our public servants. This body of men gave their emphatic and authoritative endorsement of the record of Senator Simmons. Those who attack that record go back upon the action of the State Convention. They who claim to have a monopoly of Democracy are themselves out of harmony with the party.

Lastly, the alleged political sing of Mr. Simmons were against the when I took Foley Kidney Pills, tariff.
