GRAHAM, N. C., Jan. 2, 1912.

Trial extending over a period of three months ended in the Federal Court at Indianapolis, Ind., last Saturday. Out of 40 men on trial for dynamiting and destroying property, 38 were convicted and sent to prison for terms ranging from one to seven years. The defendants were members of the Iron Workers' Union. It is not believed that the offenses committed by these men and their hirelings is condoned by right thinking members of other labor organizations.

The Legislature—the law-makers of North Carolina will convene in Raleigh next Wednesday.

A Genuine Service.

"I believe," says an old subscriber, "that every time The Youth's Companion enters a home it does that home a genuine service." That describes the purpose of the publishers exactly. The paper is not filled with mischievous or idle thoughts to fill an idle hour. It provides healthy pastime, recreation that builds up. It is to the minds of eager and impressionable young people that sound athletics are to their bodies.

At a cost of less than four cents a week The Youth's Companion opens the door to a company of the most distinguished men and women in America and Europe. Whether they are revealing the latest discoveries in science, or describing great industrial achievements, or telling of their wanderings in strange corners of the world, or feeding the imagination with rare stories, they are giving Companion readers the best of themselves.

Seven serials at least will be published by The Companion in 1913, and nearly 200 other complete stories, in addition to some 50 special contributions, and a treasure-box of sketches, anecdotes, expert advice as to athletic sports, ideas for handy devices round the house, and so forth—long hours of companionship with the wise, the adventurous and the entertaining. Announcement for 1913 will be sent with sample copies of the paper to any address on request.

Every new subscriber who sends \$3.00 for the fifty-two weekly issues of 1913 will receive as a gift The Companion Window Transparency and Calendar for 1913, the most exquisite novelty ever offered to Companion readers.

Ring Out, Wild Bells.

Ring out wild bells, to the wild sky The flying cloud, the frosty light: The year is dying in the night; Ring out, wild bells, and let him die.

Ring out the old, ring in the new, Ring, happy bells, across the snow; The year is going, let him go; Ring out the false, ring in the true.

Ring out the grief that saps the mind, For those that here we see no more; Ring out the feud of rich and poor, Ring in redress to all mankind.

Ring out a slowly dying cause, And ancient forms of party strife; Ring in the nobler modes of life, With sweeter manners, purer laws.

Ring out the want, the care, the sin, The faithless coldness of the times; Ring out, ring out my mournful rhymes, But ring the fuller minstrel in.

Ring out false pride in place and blood, The civic slander and the spite; Ring in the love of truth and right; Ring in the common love of good.

Ring out old shapes of foul disease; Ring out the narrow lust of gold; Ring out the thousand wars of old, Ring in the thousand years of peace.

Ring in the valiant man and free, The larger heart, the kindlier hand; Ring out the darkness of the land, Ring in the Christ that is to be.

SCHOOL NEWS

The school news of the county will be given in this column each week till the schools close in the spring. The teachers of the county are asked to send an account of the progress made in their respective schools, along any line of school work, to the Superintendent so he may report it to the paper not later than Monday of each week.

There is now a campaign on against dust in the school rooms. The Supt. is furnishing to the schools a floor oil at 20c a gallon. It requires from two to four gallons to the room. This is a cheap method of doing away with most of the dust, which is both dirty and dangerous. The schools that have already used the oil are Green, Glenwood, Brown's Chapel and Highlands. Others will use it soon.

Thirty dollar libraries were ordered just before the holidays for Glenwood, and the Fairground schools. For each of these libraries the district contributed \$10, the county \$10, and the State \$10, as the library law provides. Union Ridge and Woodlawn recently ordered \$15 supplemental libraries.

Nearly all the schools of the county celebrated "North Carolina Day" on the 6th of December and took a collection for the Aycock Monument. The proceeds are not all in yet, but Alamance will give several dollars to this worthy cause. The program for the day this year was based on the Life of Gov. Aycock.

The Supt. has put into the hands of the principal of each and every school a blank statement for showing what is donated to each school in any way, from what source it comes, and for what purpose it is spent. This is done to stimulate each school and each community to build up its school and also to see at the end of the year what has been done by each school and by the entire county. A number of schools are busy along this line—some have done special work on school grounds, some have planted trees, others have bought black-boards and other interior equipment. Several schools have given entertainments recently to raise money for this kind of endeavor. King's school raised \$23.00 at a Box party; McCray raised \$24.00 at a Box party, and a friend of the school gave \$20.00 more. So this made \$44.00 for McCray on one effort and the season not half gone yet. We shall report next week the results of the efforts of others along this line.

The next Teachers' meeting will be held in Graham, Saturday, Feb. 1st, at 11 a. m. The program will be published in next week's paper.

The colored teachers will meet in Graham, Saturday, Jan. 25, at 11 a. m.
