GRAHAM, N. C., April 24, 1913.

Davidson county people, from the returns of Tuesday's election, seem to prefer the old time dirt roads to firm macadam roads. The three hundred thousand bond issue for good roads was defeated

by a majority of not less than 1,200. The Davidsonians may be in their own light— and maybe not, for Davidson is big county and \$300,000 would not give much macadam road anywhere in the county. Perhaps the smallness of the issue defeated it, as the people realized that the

sum proposed would provide good for less than half of the people. If that be the case, then they should name a sum that would provide roads for the entire county and the people, no doubt, antil the resurrection. take a different view of vould the matter. of high speed, the

Governor Craig and the State Freight Rate Commission are having rough sailing in dealing with some of the railroads. Not all of the railroads, to be sure, are kicking over the traces. It is proposed to get together and eliminate discriminations, a reasonable propsition on the part of the State. North Carolina is asking to be treated as well by the railroads as the neighboring States are belong history of the sea. ing treated by the same railroads. That seems to be reasonable, other conditions being equal. The commission was appointed for the purpose of adjusting the differnces without resorting to drastic measures, and the r ailroads should meet the commission half

The Democratic representatives in Congress have decided to put sugar and wool on the free list. It will need the concurrence of the Senate to make the proposition effective. Of course there is opposition on the part of Congressmen coming from sections where sugar and wool are produced, but ,with these two necessities made cheaper, the entire population of the country will be benefited.
