Mr. Andrews is a college graduate himself, and is now in the prime of life hale and active. He is of pleasing address, and physically and mentally vigorous. He has been pastor of the Reformed church in Burlington for about ten years and is popular and universally esteemed. He has built up a large congregation, and if he succeeds as well as college president as he has as a pastor, and we hope he will, his college will take high stand among the State's best schools.

Elon College Closes Great Year—Fifty-two Receive Honors.

Cor. of The Gleaner.

The 24th Elon College commencement came to a close here tonight with the Alumni Banquet in the college dining hall, which followed immediately upon the Alumni Address by Mrs. J. K. Ruebush, Dayton, Va., whose theme was Universal Democracy.

The commencement began last Saturday evening with the class-day exercises of the class of 1913, a most enjoyable occasion, filled with good spirit and fine fun.

Dr. Warren H. Denison, Norfolk, Va., gave the baccalaureate sermon on Sunday morning, preaching on "Life's Great Rule," the theme being Devoted Service. President Harper that evening delivered the baccalaureate address and spoke of present day educational problems, using as his subject "The Ingredients of True Living."

The Society Representatives on Monday evening were certainly deserving the fine praise they received their essays and orations delighting the vast concourse of people who had assembled to hear them.

Dr. Charles W. Kent of the University of Virginia on Tuesday morning spoke delightfully of "The Sovereignty of Life." Dr. Kent is a great scholar and equally great orator, and was heard with great pleasure.

The Expression Recital that afternoon and the Annual Musical Concert were largely attended and thoroughly enjoyed. The Music Department enrolled just about 100 pupils this year. The Art Exhibit was also excellent.

But the great event was graduation day on Wednesday morning when 53 persons received degrees, diplomas, and certificates, the largest number so honored at any one time here.

In all the departments this year the College enrolled 355 students, from 12 States, and more than 100 countries.

Health And Hygiene.

Hot Weather Hygiene.

First of all be clean. Keep clean, inside and out. A daily bath is just as essential as the daily breakfast, if not more so.

An all-over bath in the morning and a sponge bath at night are none too much. The morning bath will put you in good condition for the day's work, and a cool sponge bath at night will enable you to sleep better.

Drink plenty of water, but don't drink ice water to excess. Most soda fountain beverages are palatable and harmless, but being sweetened they tend to produce thirst. Just plain, clean, cold water is the best of all summer drinks.

Excesses of all kinds should be avoided. If you have any regard for your physical welfare, shun over indulgence in alcoholic drinks.

As to what to eat and how much to eat in summer—too much is worse than none at all. Remember that a meat diet is heating. Most people eat too much meat, any way. Cut it out, and cut down expenses. Eat ripe fruit, but don't let it be over-ripe. Eat vegetables well cooked. Don't indulge in rich, heavy pastries.

Heat has killed more people than cold—therefore, dress lightly. Don't wear heavy clothing. Don't follow the fashion unless fashion prescribes light, cool garments.

Last, don't hurry. Start a little sooner and you won't have to run.

Blasphemy of Asheville last week appealed to the President to commute the sentence of William E. Breese, convicted of a violation of the National banking laws at Asheville. The President took the case under advisement. Gov. orator Craig, former Gov. Glenn and Senator Simmons, have appealed to the President in behalf of Breese.
