GRAHAM, N. C., Nov. 6, 1913.

The situation in Mexico is on a wire-edge. President Wilson has sent a note to Huerta, the Mexican President, telling him he must resign without loss of time and that he must not leave anyone of his official family in charge, nor anyone else that he in any way has under control. This seems to ing, the fire works will start off

News comes this morning that leading citizens and officials in high places took a hand in road working. This is as it should be. The humble citizens should not be expected to work when those "higher up" refuse to help. It is hoped that much good work will

Not only so, but he made arrangements for teams to haul. haul. Yesterday the Mayor, County of-

Yesterday the Mayor, County officials, Justices of the Peace, lawyers, doctors, preachers, bankers, business men and other patriotic citizens shouldered their picks and shovels and started out for a day's work. The crowd was not so large as to be unwieldly, but it was an exhibition of the proper spirit. Several teams were used in hauling material. To-day !t is expected the force will be right much augmented, and for hauling Saxapahaw and Virginia Cotton Mills have generously placed their large auto trucks at the disposal of the road builders of Graham. Among those at work it is noted were two Confederate soldiers, one of them, Mr. Thos. Roberson, past \$1 years of age. wife of Mr. Wm. J. Stockard, near Saxapahaw.

Dr. Albright belonged to the old school of physicians and was a successful practitioner for more than fifty years, but gave up active practice some years ago. For the past two or three years he had been feeble and went about very little. As a man he had decided convictions, and ma account of his long experience in lealing with men and his close observation, coupled with a strong aind, he was very interesting in onversation. The people of his formunity have lost a substantial cloud, and the news of his death ill be heard with regrets by his arge circle of acquaintances.

### UNCLE SAM PROTECTS BIRD National as well as State Laws Pro-tect Birds—Some Birds not to be Killed at all.

On October 1st the President approved regulations drawn up by the United States Department of Agriculture at the direction of Congress, by the terms of which the Federal government assume control of all migratory game and insectiverous birds, and fixes closed seasons for the species affected can lengthen but cannot shorten hese close seasons fixed by the

Following is a synopsis of the closed seasons set for "Zone 2", which includes North Carolina: REGULATION 2. A daily close season on all migratory game and insectiverous birds shall extend from sunset to sunrise.

REGULATION 4. A closed see son shall continue until September 11st, 1918, on the following migra-tory game birds: Band tailed pi-geons, little brown, sand hill, and whooping cranes, swans, curlew, and all other shore birds except be done before today's sun goes the black breasted and golden plover, Wilson or jack snipe woodcock, and the greater and lesser yellow legs.

REGULATOIN 9. (For the pur-

ose of this regulation, each period of time herein prescribed as a closed season shall be construed to include the first day and to exclude the last day thereof.) CLOSED SEASONS :

Waterfowl-Feb 1st to Nov. 1st Woodcock—Jan. 1st to Nov. 1st. Rails, Coots, Gallinules,—Dec. 1st Shore Birds-The closed seaso

on black breasted and golden plover, jacksnipe or Wilson snipe, and greater and lesser yellow legs, shall be Dec. 16 to Sept. 1st.

It will be noted that these reg ulations make it a violation of th Federal laws to kill at any time meadowlarks or robbins, which are recognized by our State laws as game birds, and have open seasons fixed in which they may be hunted and killed.

Now that our supreme govern ment has undertaken to protect our birds, those of us who are thoughtless enough to disregard the provisions set forth above had better look out for Uncie Sam's

Congress has taken this step to preserve to us and to future because it has been conclusively down of pestiferous bug and insect life by the birds, this world would soon become uninhabitable; and because of the rapid decrease of our migratory game birds makes it evident that uniform seasons, in which they may be killed, having regard for zones of temperature breeding habits and migration, are necessary to prevent their total
