Elon College, Dec. 11, 1913.—Two games of basket ball on the local floor—one with the strong aggregation of the Greensboro Y. M. C. A. and the other with the gentlemanly-quint of the Atlantic Christian College—have been enough to be a winner of the championship or a close second. The guards, Bradford and Moriette, will give any forwards in the championship or a close second. The guards, Bradford and Moriette, will give any forwards in the state a hard tusale to score on them. The Greensboro fast quint went through all but five minutes of the two halves before getting a single field goal and the boys from Wilson only got one in the entire game to their credit, and that due to a mistaken signal in the heat of action.

The two forwards, Newman and Johnson, are tried and tested experts at their posts, having already wom many laurels for themselves in previous years. Atkinson, the big center, is as wary as he is big and brawny. No center in this section can outclass him. Then, as substitutes are Miller, who has developed into a player of great skill and who gave the guards a hard chase for their regular positions, Holland, subrorward, McCauley, sub-center, but good anywhere, and many others who give large promise for future years.
