Modern Jacksonville Reveres His Memory At Reunion

Spirit of Great Man Militant in Confederate Reunion City-Why Jack-sonville Was Named in His Honor.

Jacksonville, Fla.—Confederate solliers, the world over, revere the name of Andrew Jackson, and in view of the fact that their next reunion is to be held in the only city in the South that was named in honor of that great and brave man, his services in freeing Florida from the blight of Indian bar-barism will be of interest. Jacksonville was named for Gen.

Andrew Jackson as a compliment and mark of appreciation for services he rendered to civilization in the Semi-nole War. There could have been no progress or civilization in Florida but for the work of Andrew Jackson. Con-ditons in this territory in 1818, nearly a hundred years ago, demanded the services of a brave and resolute man. Gen Jackson was selected by the gov-ernment as the one man above all others to head the movement against the Seminole Indians, who had beer terrorizing the territory for several years and committing atrocities of the most brutal character.
In March, 1818, Gen. Jackson was

ordered to the site of the Seminole War. He invaded East Florida, and in a campaign of less than six weeks crushed these Indians. It is related

by historians that in one village, not far removed from Jacksonville, he found 300 scalps of men, women and children, many of them still fresh, hanging on a war pole. Gen. Jackson knew that the Spaniards were in sym-pathy with the Indians in their attacks on American settlers. After cleaning up a number of Indian villages he car tured the Spanish post of St. Marks. For this act he was severely censured by his government. However, the naked fact is that "Old Hickory" was more courageous than the men who were conducting the affairs of state at Washington.

Early in May, 1818, Gen. Jackson closed his campaign against the Seminoles in East Florida. He had completely broken their power and run them out of the territory. They caused no more serious trouble

During his campaign in East Florida Gen. Jackson obtained satisfactory evidence that Spanish officers at Pensa cola were in sympathy with the In-dians. He promptly decided to march against them and teach them a lesson. The Spanish governor of West Florida, learning of Gen. Jackson's purpose, sent him a written protest against his invasion. This protest is now on file charge of the Tennessee Historical Society at Nashville. The protest was delivered to Gen. Jackson near Pensa-cola on May 23, but it had no effect on that determined man. In reply he sent a peremptory demand for the imme-diate surrender of Pensacola and Bar-rancas. Jackson advanced immediatefancas. Jackson advanced immediately on Pensacola and possessed it. Two days later the Barrancas garrison capitulated, were received as prisoners of war and sent to Havana.

Having thus snatched both East and

West Florida from the Indians and Spaniards, Gen. Jackson at once pro-ceeded to establish a provisional gov-

Having accomplished this, he returned to Tennessee, then his home.

In 1822 a number of pioneers held a meeting here and decided to start the work of building a town. The vil-lage was then known as the Cow Ford, a name given to it by the Indians. When the Confederate soldiers and their friends meet here for the 24th annual reunion Jacksonville will impress them with all the force of Andrew Jackson. It is now a modern progressive city of 85,000 population, one of the thriving business centers of the New South. Its varied attractions will delight all who attend the reunion, and no matter how large the crowd may be, Jacksonville will take care of all.

Jacksonville, Fla.—When the Confederate veterans and their friends assemble here for their 24th annual reunion, they will be introduced to a city and community, proud of the present and loyal to the ideals of the old South. The Frenchman and the Spaniard both laid claim to the Florida territory. Already the progressive, pub-lic-spirited citizens of Jacksonville are making preparations to receive and entertain the yeterans and all visitors at the reunion. It is Jacksonville's ambition to break all reunion records in point of attendance and entertain-ment, and to this end every energy of this thriving, modern city will be directed. Every effort will be put forth to make them feel at home, and to enjoy their stay in the Gateway City of Florida. Hotels, boarding-houses and private homes will be open to the reunion delegates and visitors. All who come will be cared for. The best that Jacksonville can do will no be too good for the thousands of vis-itors who will attend this reunion.

A boat ride on this river is worth coming miles to enjoy. In many respects it is the most wonderful body of water in America. It is a river of sensations, fed by never-failing springs. At points above Jacksonville it reaches a width of five or six miles, and it is doubtful if at any point between Jacksonville and Palatka it is less than a mile wide. The Indians called it Welaka, meaning, in their tongue, "chain of lakes."
The St. Johns is navigable for about 200 miles, and palatial steamers make regular trips from Jacksonville to the head of navigation. Jacksonville, Fla.—Southern social circles are again taking an interest in the great social, military and sentimental annual meeting that brings together a crowd of from 75,000 to 150,000 people to do honor to the ex-Confederate soldier—the reunion of the survivors of the Confederate arm-

There are sixteen state divisions of the United Confed erate Veterans' Association, as fol-lows: South Carolina, North Carolina, Virginia, West Virginia, Maryland, Louisiana, Tennessee, Florida, Alabama, Mississippi, Georgia, Kentucky, Texas, Oklahoma, Missouri and Arkansas. Each state sends large delegations of young women to the re-union, selected with regard to their social standing at home. In addition to the state delegations, the com-mander-in-chief has his own official ladies, chosen from the South at large. There are three departments, known as the Army of Northern Virginia de ment and Trans-Mississippi depart ment. Each department appoints maids and sponsors and sends them to all reunions. The scope of country covered by these many organizations has about half the population of the United States; hence, the interest in a Confederate reunion is always wide-spread. Society circles in all of this spread. Society circles in all of this territory are interested in the Jacksonville reunion, and the event will bring here one of the largest crowds of young people ever assembled in the South. Greater inter est attaches to the Jacksonville re-union than to any recent meeting of the Confederates, and preparations are being made to entertain a large crowd of people in May.

The population of Jacksonville is about 85,000. The assessed value of taxable property is \$58,000,000. Twelve years ago 4t was but \$13,000,000, showing an increase of more than 400 per cent for the period. The municipal tax levy is 11.5 mills, one of the lowest in the country.
