A Womad Finds all Her **Energy and Ambition** Slipping Away.

Graham women know how the aches and pains which often come when the kidneys fail, make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney disease by striking at he cause, Here's proof of their merit in a Graham woman's words:

Mrs. J. M. Perry, Washington St. Graham, says: "I think Doan's Kidney Pills prolonged my life. I suffered severely from kidney and bladder trouble. My back ached constantly and I could hardly move. I had to have some one help me dress. There were rheumatic pains in my joints and muscles. The kidney secretions were unstrung and I could not rest well. I doctored, but didn't get relief until I gave Doan's Kidney Pills a trial. A few doses improved my condition, my back got strongs, and I was finally cured of kidney trouble."
