

THE GLEANER

ISSUED EVERY THURSDAY.

J. D. KERNODLE, Editor.

51.00 A YEAR, IN ADVANCE. ADVERTISING RATES...

The editor will not be responsible for views expressed by correspondents.

Entered at the Postoffice at Graham, N. C., as second class matter.

GRAHAM, N. C., July 15 1915.

THE RAILWAY.

The Railway proposition to be voted on Tuesday is one that should have the earnest and intelligent consideration of every voter.

Judgment and reason should be the elements to determine the proper course.

Each voter should examine the matter for himself. Every voter in the township has been furnished with a statement in figures and just what is proposed.

Some one may say to vote the bonds will fix a burden or debt upon the next generation; but it will have something tangible and valuable as a set-off; a modern convenience for pleasure and profit, day or night, winter or summer, from the beginning to the end of the year—at all times.

A golden opportunity is held out to this community. Take it and use it and profit by it. Vote for the Alamance, Durham & Orange Railway.

College Men Without Money. C. B. Riddle, Elon College, N. C., who is author of a book known as "College Men Without Money" has rewritten it in smaller form and is sending out at cost, that being ten cents the copy.

Alamance Baseball League. The standing of the Association today is: W. L. P. Swepsonville 6 1 858 Burlington 4 2 666 Mehane 5 3 625 Githensville 3 4 429 Saxapahaw 4 4 500 Graham 0 8 000

New Advertisements. Graham Cash Store has an ad. in this issue. They tell you about every day year around prices.

J. D. Kernodle, C. S. C.—Summons by publication.

STARVE OUT THE HESSIAN FLY. The Hessian Fly being in the "flaxseed" stage in wheat stubble and in unharvested wheat from June till September, or even October in the South, can be destroyed by carrying out the following methods of control.

1. Burn, where possible and safe all stubble and ruined wheat.

2. Disk all stubble and ruined wheat immediately after harvest, is impracticable.

3. Plow under deeply all stubble land ruined wheat before August 15, harrow the ground and roll if necessary.

4. Harrow, disk pasture, or otherwise effectually destroy all volunteer wheat.

5. As a measure preparatory to sowing, plow as early and deeply as existing conditions will permit, disk harrow and roll until thoroughly pulverized and a compact seed bed is obtained.

6. Do not sow wheat until after 15 days date—October 25 to 25 in North Carolina.

7. Rotate your crops if possible.

In one thing Mexican leaders are unanimous and that is their distrust of one another.

There is evidence indicating that the writers of the papers the better they write it.

ANNUAL REPORT

Of Rural School Supervisor of Alamance County, June 1, 1914, June 1, 1915.

Total number special schools, 10. Number days spent in visiting special schools, 60.

Number days spent in visiting other than special schools, 12. Number of days devoted to community work in the special communities, 25.

Number of days devoted to community in other than special school communities, 1.

Number of demonstration lessons taught in your special schools, 50. Number Parents' Days held in special schools, 20.

Number of special schools in which boys have been enrolled in the Corn Club, 9.

Total number boys enrolled in Boys' Corn Club, 85. Number girls in special schools enrolled in sewing class, 300.

Number girls enrolled in cooking class in other than special schools, 8. Number girls enrolled in sewing classes in other than special schools, 30.

Number special schools in which music clubs have been organized, 3. Number special schools in which Country Life Clubs have been organized, 5.

Number active members belonging to these clubs—boys and girls, men and women, 211. Number meetings held by these clubs, 40 regular meetings, many social.

Number schools other than special schools in which Country Life Clubs have organized this year, 1. Number active members in this club—boys and girls, men and women, 56.

Number of meetings held by this club, 10. Number special schools in which girls have been enrolled in the Girl's Tomato Canning Club, 6.

Number girls enrolled in these canning clubs, 65. Number other than special schools in which girls have been enrolled in the Girl's Canning Club, 3.

Total number girls in Canning Clubs, 101. Number special schools in which boys have been enrolled in the Boys' Pig Club during the year, 1.

Total number boys enrolled in this club, 13. Number special schools supplied with maps this year, 2.

Number special schools equipped with maps, 4. Number special schools adequately equipped with patent desks, 7.

Number special schools adequately equipped with modern blackboards, 8. Number special schools adequately equipped with sanitary closets, 5.

Number special communities having local tax, 8. Number special communities in which local tax meetings have been held during the year, 1.

Number special communities carrying election for local tax this year, 1 district having local tax, enlarged area, and 3 adjoining districts voted tax.

Number special communities without local tax, 2. Number local tax meetings held in county this year, 2.

Total number communities in which local tax has been levied this year, 2, counting the election for High School tax at Sylvan.

Number of special communities in which meeting for consolidation have been held this year, 1. Number special schools in which consolidation has been brought about, 1.

Total number consolidations, 1. Number special communities in which Social Service meetings were held last December, 3.

Total number teachers' meetings for the professional improvement in which the Supervisor has taken part during the year, 6 regular meetings. Supervisor had primary work at regular Teachers' Institute in summer.

Number pupils receiving their diplomas from the elementary schools at the last County Commencement, 88.

Number school buildings in special communities to which another class-room has been added during the year, 1.

(b) Number to which has been added a cooking and sewing room, 1 new room added and one building repaired for use of cooking class.

Number of new buildings put up this year or in the course of erection in special communities, 1.

Number two-teacher schools in special school communities that have been developed into three-teacher schools during year, 1.

Number three-teacher schools established this year in special communities, 1, to begin next term.

Total number of three-teacher schools now established in county, 2, besides mill schools and high schools.

Summary of particular improvements of the school houses and grounds during the year by the Betterment Association in special communities:

(1) These communities have re-floored school rooms, painted, bought equipment for cooking classes, added to libraries, lengthened school terms, donated fuel and supplies, and given work on building and grounds.

(2) One community employed a third teacher by private contributions.

(3) In the special school communities the Betterment Association in these schools have raised \$1,800—small part of this given in work.

Amount raised in special school communities, as previously stated, \$1,800.

The amount of improvement work done in these special schools within the past year has more than doubled the salary paid the Supervisor.

MOTHER GRAY'S SWEET POWDER FOR CHILDREN.

OUTSIDE FACTS OF INTEREST

ON EVE OF RAILWAY BOND ELECTION.

What Carolina & Yadkin Did—With Greater Opportunities the A. D. & O. Will Greatly Surpass It.

Below we print an article written from Thomasville on July 14th, to the Greensboro Daily News.

The article gives the connections of the C. & Y., which are very limited, but limited as they are the advantages have been immensely beneficial to shippers.

It should be borne in mind that the C. & Y. did this with two tr-19 a day—the A. D. & O. will be able to confer benefits wholly beyond those possible to the C. & Y. with but a very few hours.

Another big advantage in favor of the A. D. & O. is that it will have connections with all the big railway systems which touch this State and this will give the shippers of Alamance every benefit obtainable through competitive lines.

Other cities and towns outside of Alamance and the points touched by the D. D. & O. are looking on with interest to see what Alamance will do, among which is Danville that only wants an opportunity to extend the line to that city.

It appears now that the A. D. & O. is a prime opportunity and that the time is ripe. The only thing lacking, so far as Graham is concerned, is for her voters to give the proposition an undivided support.

The article from the Greensboro News is as follows:

Connecting at High Rock with Winston-Salem, South-Boston, and other points, the proposed line will have traffic arrangements with the Norfolk and Western at Winston-Salem and similar arrangements with the Atlantic Coast Line at Greensboro, amounting almost to ownership of these lines so far as the use of their rails, the Carolina and Yadkin River Railway Company, which runs from Thomasville to High Rock, exercises an influence on freight rates of this extensive manufacturing district that is possible only by reason of its advantageous connections.

The traffic agreement of this road with the Southbound insures the manufacturers of Thomasville and High Point the same rate to Chicago, Toledo, Cleveland, Cincinnati, and all other points North and Westward, and those South, including Columbia, Charleston, Savannah, Jacksonville, Tampa, Montgomery, Pensacola, Mobile and New Orleans, that is enjoyed by Lexington, an important manufacturing center on the main line. Through shipments from and to the North and Philadelphia, Boston, and all other points East is afforded at competitive rates of freight by our comparatively new railroad.

In its importance, therefore, to the manufacturer, interest in this section is readily apparent. The great volume of freight which it handles from and to Thomasville and High Point attests its popularity with the big shippers, and is a just appreciation of its valuable service to the people.

Originally the C. & Y. Railroad was known as the Piedmont Railroad Company and extended from Thomasville to Denton only. In 1892 the Coler Interoceanic, a New York came into possession of it through purchase and immediately extended it to High Rock from Denton.

Re-Sale of Valuable Farm!

Under and by virtue of an order of the Superior Court of Alamance County made in Special Proceeding therein pending, entitled Lewis H. Holt and wife, Julia J. Holt, and others against Julia J. Holt, Claude Holt, Mary Holt, and others whereof all the tenants in common of the land hereinafter described are duly constituted parties, the undersigned Commissioner will offer for sale to the highest bidder, at the Court House door in Graham, Alamance County, on

SATURDAY, JULY 17, 1915, at 12 o'clock, noon, the following described real property, to-wit:

A certain tract of parcel of land lying and being in Alamance County, North Carolina, and bounded on the North by the lands of Mrs. Letitia Brown, Albright and Thompson, and on the East by the lands of Charles H. Russell, on the South by Big Alamance Creek and on the West by the lands of George Sykes and others, and containing

145 ACRES, more or less.

This is the land of the late Martha R. Spoon, being the Western half of the Frank Holt plantation, which by the will of the late Jeremiah Holt recorded in Will Book No. 2, at page 105, in the office of the Clerk of the Superior Court of Alamance County was devised to Sallie C. Holt and Martha R. Holt; the said original tract containing two hundred and sixty-two acres; the Eastern half of the said land being held by Sallie C. Holt for her lifetime, and at her death sold under orders of the Court and purchased by C. H. Russell; the tract above described being the Western half of the said Frank Holt place which was owned and held by the said Martha R. Spoon for and during the term of her natural life.

The above described land is located near Graham and constitutes a good farm.

TERMS OF SALE: One-third cash, the other two-thirds in equal installments due and payable in six and twelve months from day of sale, deferred payments bearing six per cent interest, and bidding will begin at \$2,500.00.

Sale subject to confirmation by the Court.

Done this 15th day of July, 1915.

LEWIS H. HOLT, Commissioner.

EXECUTOR'S NOTICE.

Having qualified as Executor of the will of Mrs. J. A. Hamilton, deceased, I hereby notify all persons holding claims against said estate to present the same by the 15th day of August, 1915, to the undersigned at his office in Graham, N. C., or to the undersigned at his residence in Graham, N. C., at which address all notices should be sent.

J. A. HAMILTON, Executor.

Mortgagee's Sale of Real Estate.

Under and by virtue of the power of sale contained in a certain mortgage executed on this day of June, 1915, by James H. Thompson to Jordan A. Inley and his wife, Clara Inley, for the purpose of securing the payment of a certain mortgage, the undersigned, as mortgagee, will sell at public sale on the 15th day of August, 1915, at 12 o'clock, noon, at the Court House door in Graham, N. C., the following described real estate, to-wit:

A certain parcel of land in the County of Alamance, State of North Carolina, in the Township of North, containing 100 acres, more or less, and bounded on the North by the lands of Mrs. Letitia Brown, Albright and Thompson, and on the East by the lands of Charles H. Russell, on the South by Big Alamance Creek and on the West by the lands of George Sykes and others, and containing

145 ACRES, more or less.

This is the land of the late Martha R. Spoon, being the Western half of the Frank Holt plantation, which by the will of the late Jeremiah Holt recorded in Will Book No. 2, at page 105, in the office of the Clerk of the Superior Court of Alamance County was devised to Sallie C. Holt and Martha R. Holt; the said original tract containing two hundred and sixty-two acres; the Eastern half of the said land being held by Sallie C. Holt for her lifetime, and at her death sold under orders of the Court and purchased by C. H.
