\$55,000 Bonds Voted.

Graham and Thompson Townships Give Good Majorities for Alameda, Durham & Orange Railway.

Elections were held in Graham and Thompson townships on the question of issuing bonds for building the Alameda, Durham & Orange Railway.

In Graham township there were 346 registered. Of these 262 voted for bonds, 4 against bonds 80 not voting, giving a clear majority of 178 for bonds.

In the township the vote was as follows: Swopeville precinct voted 55 for and 6 against; and Thompson's precinct, out of 81 registered, 71 were for and 10 against.

The bonds voted in Graham are \$35,000 and Thompson's \$20,000. The Graham township shows greater unanimity for the railroad than in any of the townships previously voted. There are yet several townships in Orange and Durham counties to vote, and we understand there is considerable enthusiasm for the road.

It now appears that the prospect is bright for the road, and it is hoped the interest will continue to grow and that the townships to vote will do as well as those did last Tuesday.
