It has been said that Mr. Hughes received the votes of the most populous states of the Union and Mr. Wilson that of the less populou. There is not so mucch difference as might be ex-pected. The states which voted for Mr. Hughes had, according to the last census, 45,901,739 inhabitants. Those which voted for Mr. Wilson had 45,737,643. The difference in Mr. Hughes' favor is 164,096.

The latest returns from the close states show the following results: In California Wilson is leading by 3,431 votes, with a few scattering pre-cincts missing; in Minnesota, where some of the militiamen's votes have been counted. Hughes is still ahead by 286 votes with 27 districts missing; in North Dakota, with 14 districts miss-ing, Wilson leads by 963 votes; New Hampshire, where the count has been

completed, gives Wilson a plurality of 63 votes. # NATIONWIDE RAIL R.

UNITED STATES IS AGAIN FACING PROBLEMS WITH RAILROAD MEN.

CAN NOT REACH AGREEMENT

Application of Eight-Hour Law Still Unsolved After Important Conference.—See Different Meaning of

Provisions.

Washington.-Danger of a nation-Washington.—Danger of a nation-wide railroad strike, which was be-lieved to have been averted by the passage of the Adamsou eight-hour law, has not entirely disapposed, it developed here when representatives of the railroads and the four brother hoods, comprising 400,000 employes, failed to reach an agreement as to the proper application of the new law. The stumbling block, both sides ad-

mitted, was the existing mileage sys-tem of compensation.

The announcement of the latest deadlock between the railroads and their employes came at the conclusion of an all-day conference between the national conference committee of the railways and the brotherhood chiefs, which had been arranged in September.

"We met," said Elisha Lee, chairman of the railroad managers and the conference, "for the purpose of exchanging ideas on the application and operation of the Adamson law. We failed to reach an agreement and we are not certain that another meet-

ing will take place."
William G. Lee, president of the
Brotherhood of Railway Trainmen,
spokesmen for the employes in the
absence of A. B. Garretson, of the
Order of Railway Conductors, declared in a statement that in the even of evasion by the railroads of the Adamson law, summary action would be taken by the brotherhoods. He said that the strike order which was directly responsible for the law, was still in effect and the brotherhoods would not hesitate to enforce it if the occasion warranted it.

"The brotherhoods asked for this conference," said Mr. Lee. "At the morning session we discussed the ap-plication of the law and found that there was no basis upon which we could possibly agree. Another set-back, besides the elimination of the mileage system, was the deteermina tion of the railroads to continue their suits to determine the constitution

Washington.—President Wilson was back at his desk in the White House, after an absence of 2 months, pre pared to take up important foreign problems which have been held in abeyance pending the election as well as domestic questions. These in-cluded the German submarine question, the Mexican problem and a num-ber of Federal appointments.

The President was expected to con-

sider first the submarine situation which is admittedly serious. A sum-mary of recent developments in Ger-man submarine warfare, prepared by the state department, was ready to be laid before him and, in addition, he prrobably soon will confer again with Ambassador Gerard on the situation. The President has not even consid ered the question of changes in his cabinet, according to Administration officials, who characterize as prema
