#### Four Weeks' General Course Agriculture at A. & M. College.

Cor. of The Gleaner.

West Raleigh, N. C., Dec. 6.-A bulletin has just been issued by the A. and M. College announcing the four weeks' course in General Agriculture, which begins Janu-16 and ends February 13, 1917. These may be secured upon request to the Registrar. The winter course in agricul

ture is a practical course in farming, given by practical men for practical farmers. It is open to all who are engaged in or inter-ested in farming and is designed to aid the man who wishes to farm to aid the man who wishes to farm in a modern and business way, of the newspaper men will stay who wants larger and better re-through the entire six programs, turns for his labor and who wants which really cover only two days. to make a better and more comfortab

#### **Educational Column Conducted** SCHOOL. by Supt. J. B. Robertson. NOVEMBER, 1916.

Taft Thursday Night-Burlington \* Citizen Buys 25 Copies Year-Book to Send Out-Other All the white schools of Alamance Items of Interest. or, of The Gleaner.

Will Be Addressed by Ex-President

All the white schools of Alamance have libraries except two. We are exceedingly anxious that the greatest good possible be driven therefrom. We want the childr n to know that books are their post friends; that "reading n  $\bullet$  th a ready man." No school and a more precious asset than its libra-ry. Chapel Hill, N. C., Dec. 5 .- Redests for the North Carolina Club year-book have been so nu-

quests for the North Carolina ready man." No secool and a more precious asset than its libra-more precious asset than its libra-"." The interest that a school o-community manifests in its libra-"." The interest that a school o-community manifests in its libra-more precious asset than its libra-"." The interest that a school o-is due very largely to the interest and enthusiasm shown by the teacher. When a teacher enters and enthusiasm shown by the teacher. When a teacher enters and enthusiasm shown by the teacher. When a teacher enters shell, determining the best means of circulating the books among the libraries of and the people of the dispiret. It is a mistake to think the ibrary is just for the school, but it is forthe purchase of our securities; in other puschase of our securities; in other has recently been drawn up for the information of the many peo-ple from outside the State who have been writing to the University concerning its workings. Lasst

II.

have been writing to the University concerning its workings. Last year about 185 physicians took mance. II. Four books of each grade from the given list must be care-fully read to constitute a years work. III. A simple test must be taken on the books read during the year for credit. The test on each book will consist of the following sim-ble questions: this course in diseases of children, the course being given in 12 dif-

ferent towns of the State. The physicians who took the course

have been asked concerning its have been asked concerning its success. Over seventy-five per cent agreed that it was very suc-cessful and helpful. About the same per cent said that if another course in a different subject was instituted, they would take it. A formal record of attendance was kept of last summer's meetings, and an examination given in all the classes of one of the divisions. Fifty-seven stood this written test and passed on it, and were given certificates by the University. The University debaters are making preparations now to meet the debaters of George Washing ton University in Washington City on December 18. R. M. Rose.
