**EUREKA
Spring Water
FROM
EUREKA SPRING,
Graham, N. C.**

A valuable mineral spring has been discovered by W. H. Ausley on his place in Graham. It was noticed that it brought health to the users of the water, and upon being analyzed it was found to be a water strong in mineral properties and good for stomach and blood troubles. Physicians who have seen the analysis and what it does, recommend its use. Analysis and testimonials will be furnished upon request. Why buy expensive mineral waters from a distance, when there is a good water recommended by physicians right at home? For further information and/or the water, if you desire if apply to the undersigned.

FREE DIARY.

We take pleasure in announcing that any of our readers can secure a pretty 1917 pocket diary, free of charge by sending the postage therefor, two cents in stamps, to D. Swift & Co., Patent Attorneys, Washington, D. C. The diary is a gold mine of useful information, contains the popular and electoral vote received by Wilson and Hughes from each State in 1916, and also by Wilson, Roosevelt and Taft in 1912; states the amount of the principal crops produced in each State in 1916; gives the census population of each State in 1910, and the population of about 600 of the largest cities in the United States, a synopsis of business laws, patent laws, household recipes and much other useful information. The diary would cost you 25c at a book store. For three cents in stamps we will send a nice wall calendar 1917 inches. Send five one-cent stamps and get the diary and calendar.

AUTOIST LEARNED TO GROAN

Sight of Road Grader in Offing Fills His Heart With Dismay—Drag Is Cause of Snares.

Speaking of grading operations, the autoist has learned to groan when he sees a road grader, manned by a half-dozen willing men, show up in the offing. He knows that the presence of the grader forecasts bad roads for weeks to come—sod, loose dirt, ruts and bumps, and when the rain comes, with little prospect of quick drying of the sodden mass. But he smiles when he sees a road drag, for he knows that means immediate improvement of the road and permanent benefit.

AMERICA FORMALLY ENTERS THE WAR WITH GERMANY

Congress Declares a State of War Exists With the Imperial Government.

HEATED DEBATE IN SENATE

La Follette, Gronna, Stone, Norris, Vandaman and Lane Veto Against Resolution—Great Majority for the Measure in the Lower House.

Washington, April 6.—The United States is now formally at war with Germany. In response to the president's message congress has adopted the resolution declaring that a state of war exists between the two countries.

The senate was the first to act on the war resolution and adopted it by a vote of 82 to 6. The six senators who voted against the resolution for war were: ASLE J. GRONNA, Republican, North Dakota; HARRY LANE, Democrat, Oregon; R. M. LA FOLLETTE, Republican, Wisconsin; G. W. NORRIS, Republican, Nebraska; WILLIAM J. STONE, Democrat, Missouri; J. K. VARDAMAN, Democrat, Mississippi.

There were eight senators absent or patred. They were: Bankhead, Goff, Gore, Hollis, Newlands, Smith of Maryland, Thomas, and Tillman. All of those absent it was announced that all except Senator Gore of Oklahoma would have voted for the resolution if present.

All six of the senators who voted against the resolution were members of the group of twelve which defeated the armed neutrality bill at the last session. There was no attempt to filibuster this time, however.

Thirteen Hour Debate.

Thirteen hours of heated debate preceded the vote. Party lines disappeared in this discussion and Republicans joined with Democrats in opposing the call to the nation to support the president unconditionally.

The little group opposed to the resolution drew fire from every side. Senator La Follette, defending Germany and heaping blame upon England, was informed by Senator Williams that Dr. von Bethmann-Hollweg, the German chancellor, would have made the same speech in the reichstag had he been imbued with sufficient effrontery.

Senator Norris, charging that the United States is going to war at the behest of the United States, said that the resolution, drawn from Senator Reed the report that such an accusation is "almost treason."

The assertion that the nation was going to war on the demand of gold, he said, was an indictment of the president of the United States, an indictment of congress, of the American people, and of the truth.

"The president is not calling America to arms for the sake of a few paltry dollars," Senator Reed continued, "but for the life, honor, and integrity of this country."

Introduced by Hitchcock. In introducing the resolution into the senate, Senator Hitchcock made a brief statement in which he said that the present time was one "for action, not discussion."

"The time for discussion has passed," he said. "The president has stated clearly, effectively, more conclusively the reasons which make this grave step necessary. The resolution provides for war against the imperial German government. It places responsibility for the war squarely upon the shoulders of the German government and the American people."

"Our non-combatant citizens, including men, women and children, are being murdered, our merchantmen are denied the freedom of the seas."

"The time for argument has passed; the time for heroic action is here, and our people will rally to the support of their government in this high and patriotic hour and meet war's sacrifices and war's perils as a brave and patriotic people should."

"We should take our stand by the side of the allied nations who have been fighting humanity's battles for two and one-half years, determined that a state of war exists between the United States and Germany. In no other way could the honor and dignity of our flag and country be maintained and our national self-respect be preserved."

WILSON IS UPHELD IN LONDON

Americans in British Metropolis Indorse Action Taken in Controversy With Germany.

London, England, April 6.—A meeting of Americans, resident or sojourning in London, was held to indorse the action of President Wilson and congress in declaring that a state of war exists between the United States and Germany. This resolution was adopted:

Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed in the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. adv.

Milk Medicine for Children.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium nor other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere. adv.

GERMAN SHIPS ARE TAKEN OVER BY U.S.

TO BE REPAIRED AT EARLIEST POSSIBLE MOMENT BY OFFICIALS.

WILL TRANSPORT SOLDIERS

All Ships Will Have to Be Dry Docked Before They Can Be Made Seaworthy—Will Be Ready For Service in Three Months.

Washington.—While a final decision has not been reached, indications after the cabinet meeting were that nearly a hundred German merchant vessels taken over in different ports will be regarded as the property of the American Government and paid for after the war.

The vessels held up in American harbors for safety at the outbreak of the war in Europe were all seized immediately after the House's passage of the war resolution. The crews will be returned to immigration detention stations, there to be treated as aliens admissible to the country if able to pass the ordinary immigration tests. The fact that many are naval reservists will not serve to bar them.

There were indications that damage done to the ships by their crews when relations between the United States and Germany were broken will be repaired as early as possible and the ships put into the transatlantic trade to transport supplies to the Allies.

The total tonnage could not be built in American yards in less than a year and some of the larger ships, notably the "Vaterland," could not be produced in the United States in several years.

All of the ships will have to be dry docked before they can be made seaworthy. The great "Vaterland," with a tonnage of 54,000, is too large to enter any of the American drydocks and will have to be towed to Balboa to be docked.

Officials said an "intelligent use" would be made of the vessels and they either could be used as Naval auxiliaries or as merchant ships. Most of them would make excellent troop transports. Fourteen of the largest and swiftest could carry 40,000 troops, which is twice as many as could be transported by the entire available American merchant fleet.

PROCLAMATION OF WAR IS ISSUED BY PRESIDENT WILSON

United States Formally Abandons Neutrality And Enters Great War.

Washington.—The United States accepted Germany's challenge to war and formally abandoned its place as the greatest neutral of a world in arms.

President Wilson at 1:13 (official time) o'clock Friday afternoon signed the resolution of Congress declaring the existence of a state of war and authorizing and directing the Chief Executive to employ all the resources of the nation to prosecute hostilities against the German government to a successful termination.

The act was done without ceremony and only in the presence of the members of the President's family. Word was flashed immediately to all Army and Navy stations and to vessels at sea.

By proclamation the President announced the state of war, called upon all citizens to manifest "their loyalty and assured Germans in this country that they would be unmolested as long as they behaved themselves. Orders were issued soon afterwards for the arrest of 60 ring leaders in German plots and intrigues.

Complete mobilization of the navy, calling all reserves and militia to the colors was ordered by Secretary Daniels. The War Department, already having taken virtually every step contemplated before the raising of a real war army is authorized, waited on Congress.

The Congress went over all of the great preparatory measures with the cabinet, discussing what has been accomplished and dwelling, it is understood, upon arrangements for co-operation with the Entente Allies against the common enemy.

ORDERS TO ARREST ALL OF GERMAN CONSPIRATORS.

Washington.—The arrest of 60 alleged ring leaders in German plots, conspiracies and machinations in the United States was ordered by Attorney General Gregory immediately after President Wilson had signed the war resolution. Every man whose arrest was ordered is a German citizen and is to have participated actively in German intrigues in this country, and is regarded as a dangerous person to be at large.

CABINET DISCUSSES METHOD OF RAISING MONEY.

Washington.—Methods of financing the war with Germany and of extending huge loans to the Allies constituted one of the chief subjects considered at the cabinet meeting. Indications are that the first year's demands upon the financial resources of the country will run far in excess of the \$2,500,000,000 already asked of Congress and may approximate \$5,000,000,000. Bonds already authorized also were discussed.

GRATIFYING REPORTS ON GERMAN-AMERICAN CONDUCT.

Washington.—Gratifying reports have been made to the Department of Justice from its agents in all parts of the country on the behavior of Germans and German-Americans following the declaration of a state of war between the two nations. While about 100 special arrests have been ordered and others are expected, Attorney General Gregory said that so far the situation is very encouraging.
