### A LOAN FOR LIBERTY.

The loan called for in the wa in which our country is engaged is aptly called the "Liberty Loan." Money is the most necessary and powerful element in the prosecution of war, for without it war cannot be prosecuted-provisions, munitions and men cannot be had. The Secretary of the Treasury has asked for \$2,000,000,000 at once. It is the patriotic duty of every loyal citizen to help and help NOW! There are small bonds for those of small means and the payments are arranged to make the purchase easy. If all help the burden will not fall heavy on any, but each one must bear a part.

The bonds will be interest bearing and non-taxable

The flithness and beastliness of actual drunkards are seen in lesson verse 8, and those who continue such cannot enter the kingdom of heaven, but there are forgiveness and salvation for all kinds of sinners if they will only turn to the Lord, according to 1 Cor. vi. 9-11. In the next chapter (xxix 9) there are a drunkenness and a staggering with which wine and strong drink had noth-ing to do. It was the religious, schol-arly kind so prevalent today, a sleep ariy kind so prevaient today, a seep from the Lord because they turned away from His word and said that they could not understand it. He called it drawing near to Him with their mouth only, while their beart was far from Him, and they were givwas far from film, and they were giv-ing heed to precepts of men and not to His precepts (xxix, 10-13). There is no rest for weary souls but in Him who said, "Come unto me all ye that labor and are heavy laden, and I will give you rest" (Matt xi, 280- But He still has come with the come with the says ("Ye will not come unto me."). Again in chapter xxx, 15, "In returning

Does He think that we are children just weaned, that he must container just weated, that he must be ever repealing precept upon pre-cept, line upon line, not knowing that there is no other way for such slow people as we are? But they were proud and rebellious (verses 9-14). there was no remedy (II Chron, XXXVI. 15, 16). There was a restoration from Babylon after the seventy years' cap-tivity, but there is to be a greater restoration, which is ever drawing nearer, after which they shall never be scattered again nor see evil any more (1sa. xi. 10-12; Jer. xxxi, 38-40; Zeph. iii, 15). THE BATTLE OF ALAMANCE.

THE INTERNATIONAL SERIES.

The International Series.

Text of the Lesson, Isa. xxviii, 1-13.

Memory Verse, 7—Goden Text, I Cor. 9-25—Commentary Prepared by Rev. D. M. Stearns

The title of this lesson is "The Importance of Self Control," and that fits well into the last lesson, for we cannot be faithful unless Spirit controlled. According to the Golden Text and its context, the self life must be persistently reckoned dead if we would win the incorruptible crown. Paul in that passage had no thought or reference to the loss of his soul, but was speaking only of service, which he knew might be rejected or disapproved, and he suffer loss, according to I Cor. III, 14, 15.

This is called a temperance lesson is suppose because of its references to drunkards and strong drink (verses 1, 3, 7, 8), but the whole chapter and the context refer to those who soorn the word of the Lord and take refuge in lies (verses 14, 15). No doubt the priest and prophet, as well as the people, were given to wine and strong drink and thus were out of the right way, drinking themselves drunk like those the verse in the mannon of the

o indicate that his men were slo cause seemed so just. One historian states that Tryon fired the historian states that Tryon fired the historian states are all the statement raised in the watter's mind, two questions: First, now could there be prisoners when there find been no war? Second, why did he want to shoot a prisoner? Such procedure is against the rules of war; and there were those just in front of him who were not prisoners and ready to shoot a him. These two questions remained in the writer's mind for years unanswered. Since I have found manswered. Since I have found two answers varying some in their prophesis: "Trophesy hot unto us smooth things, things; speak unto us smooth things. Prophesy deceits. \* \* \* Cause the Holy One of Israel to cease from before us (sag. xxx. 8-1b. According to Ezek. xxxiii, 31, they hear, but do not; with their mouth they show much love, but their heart goeth after their covetousness. It was just the same when our Lord was on earth, for He quoted from Isaiah and said. "In vain do they worship Me. Acaching for doctrines the command/ments of men (Matt. xx, 8, 0). Alamance ne started to go to them and was killed by Tryon. How all of this actually occurred may be a matter of conjecture, but that Robert Thompson was fne first man killed all have agreed.

A beautiful and yet pathetic cto execution of the prisoners at Hillsboro, Iti is said that is small lad approached the officers in chargot the execution and said, "Let me be hanged in place of the man. And the officer turned to the boy and said, "what do you mean?" The youth responded, "That is my lather and let me be hanged in his place and let him go home to wors for mother and little brothers and sisters." The officer exclaimed, "A people made of so stern a stur win some day be free," Freedom was seen in embryo, and a propnet spoke.

Mark the fact that the Battle there is no other way for such slow people as we are? But they were proud and rebellious (verses 9-14), and the Nation did not declare independent of the messengers of 60d and despised His words and misused His prophets until the wrath of the Lord arose against His people, till there was no remedy (H Chron. xxxv.). But Revoluti bellion against the power in authority, and that is what the Battle of Alamance was. So freedom had ner birth on the Battlefield of Alamance had been leavington and the Battl mance. Long before Lexington and Concord and Bunker Hill were written in the history of warfare and bloodshed, Alamance was sealed in solid truth, and the Regulators had spoken the first word with shot and shell against British tyrany, and for eternal deliverance for the American people.
