GRAHAM, N. C., Nov. 1, 1917.

ITALY.

Our news columns tell of the
smashing defeat met by one division
of the Italian army at the hands of the
Germans and Austro-Hungarians. It was
awful and a big loss, but General Cadorna
of the Italian forces is still undismayed.
He is courageous and resourceful and it
is confidently predicted that he will come
back at the enemy more vigorously than
ever. For some reason the Italians
were taken unawares by an army of
vastly superior numbers.

Indications are that the maximum
Liberty Loan subscription of \$5,000,000,
asked for, has been largely over-subscribed.
The Treasury Department has not yet
straightened out the great avalanche
of subscriptions and the exact amount
of bonds subscribed for is not available.

Our American soldiers are now in
the front lines in France—more and
more of them will be going till the
war is over, then does it not behoove
those at home to save and sacrifice
for their support? They are offering
their lives—no amount in money or
other substance though at home can
give them equal the offering of our
soldier boys.

On the East front the news comes
that the Germans are still retreating
and it appears that Russia is
retreating in a measure. On the West
front the operations have been confined
to artillery duels between the Allies
and the Germans, with the French and
English holding their recently gained
advantages.

The Honors of Atrocity.

The Sultan of Turkey has graciously
conferred on the German Kaiser the
diamond star of the *Iron Cross*, Turkey's
highest war decoration, and the Kaiser
has decorated the Sultan with the star
and chain of the *Hohenzollern* Order
with diamonds.

The honors are even—the hero of
the Belgian and Lusitania murders
honors and is honored by the hero of
Armenian massacres. No one will
question the deserving of the honors
or the respective fitness of the mutual
donors and recipients.

But to the intelligence and
conscience of the world a Liberty
Loan button showing that an
American citizen has done his part
in support of our Government, is a
vastly more honorable decoration than
the diamond orders of the Sultan and
the Kaiser. It signifies only a simple
patriotic duty done; but the diamond
orders stand for colossal infamy and
murder.

Sheffield, Ala., as a site for one
of the nitrate plants for which
Congress appropriated \$20,000,000,
is announced by the War Department.
The site is on the Tennessee river,
near Muscle Shoals. The plant is to
manufacture ammonia and nitric acid.

That 2 per cent of the men be-
tween the ages of 21 and 30 called
for draft examination have been
found active tuberculosis cases
was stated by Dr. Louis I. Dublin,
New York, before the North
Atlantic Tuberculosis Conference
at Baltimore.

Settlement of the Pacific coast
shipyard strike situation by
agreement of 25,000 employees of
the Seattle (Wash.) and Portland
(Oregon) yards went back to work
Monday last week, is announced
by the shipping board. The men
agreed to abide by the decision of
the labor adjustment board.

Four masked bandits, at 3:30 in
the morning, held up a railroad
train en route from Salt Lake to
Gold Hill, Nev., robbed the passengers
and wounded Charles Barbery, who
offered resistance. They ransacked
the mail pouches and then robbed the
passengers, hundreds of dollars' worth
of jewelry and a considerable quantity
of cash being secured.

A verdict of not guilty was
returned in the trial of Gerald
Wahsh, motorman on a Boston
elevated street car which plunged
through an open draw in November,
killing 45 passengers. Wahsh
was charged with manslaughter.

The trustees of the North
Carolina Anti-Saloon League will meet
in Raleigh November 15 to elect a
successor to Rev. R. L. Davis, who
has resigned.

**The Army and Navy Insurance Law—
A Partial Summary.**

A division of military and naval
insurance of the Bureau of War
Risk Insurance has been organized
as a part of the Treasury Department
and is in active operation. A number
of policies on the lives of soldiers
have already been issued, aggregating
nearly \$25,000,000 in insurance. The
benefits of the law are available to
all of the members of the United
States Army, Navy, and Nurses' Corps.

A short summary of some of the
main features of the law follows:

Premiums for a \$10,000 policy
begin with \$6.30 per month at ages
15, 16, and 17; increase to \$6.40
per month for the ages 18, 19, and
20; to \$6.50 per month for the
ages 21, 22, and 23; to \$6.60 per
month for the ages of 24 and 25;
to \$6.70 per month for the ages of
26 and 27; to \$6.80 per month for
the age of 28; to \$6.90 per month
for the ages of 29 and 30; to \$7
per month for the age of 31, with
progressive increases for ages
above those given. The minimum
amount of insurance that may be
taken out is \$1,000.

The compulsory allotment to a
wife or children, which is separate
from the insurance, shall not be
less than \$15 a month, and shall
not exceed one-half a man's pay.
A voluntary allotment, subject to
regulations, may be as large as
the insured desires, within the
limits of his pay.

In addition, the Government
will pay monthly allowances as
follows:

Class A. In the case of a man to
his wife (including a former wife
divorced) and to his child or
children:

- (a) If there be a wife but no child, \$15.
- (b) If there be a wife and one child, \$25.
- (c) If there be a wife and two children, \$32.50, with \$5 per month additional for each additional child.
- (d) If there be no wife but one child, \$5.
- (e) If there be no wife but two children, \$12.50.
- (f) If there be no wife but three children, \$20.
- (g) If there be no wife but four children, \$30, with \$5 per month additional for each additional child.

Class B. In the case of a man
or woman, to a grandchild, a
parent, brother, or sister:

- (a) If there be one parent, \$10.
- (b) If there be two parents, \$20.
- (c) For each grandchild, brother, sister, and additional parent, \$5.
- In the case of a woman, to a child or children:
- (d) If there be one child, \$5.
- (e) If there be two children, \$12.50.
- (f) If there be three children, \$20.
- (g) If there be four children, \$30, with \$5 per month additional for each additional child.

If the man makes an allotment
to certain other dependent relatives
the Government will also pay them
an allowance which may equal the
allotment, but this shall not be
more than the difference between
\$50 and the allowance paid to the
wife and children.

The increased compensation in
case of death runs from a minimum
of \$20 monthly to a motherless
child, or \$25 monthly to a
childless widow, to a maximum of
\$75 monthly to a widow and several
children. The widowed mother
may participate in the compensation.

In case of total disability the
monthly compensation runs from a
minimum of \$30, if the injured man
has neither wife nor child living,
to a maximum of \$75 if he has a
wife and three or more children
living, with \$10 a month extra
if he has a widowed mother dependent
upon him.

The maximum is enlarged still
further, for when the disabled man
constantly requires a nurse or
attendant \$30 monthly may be
added. If the disability is due to
the loss of both feet, both hands,
or total blindness of both eyes, or
if he is helpless or permanently
bedridden, \$100 monthly is granted.

The law contemplates future
legislation for reeducation and
vocational training for the disabled.
It gives them full pay and their
families the same allowance as for
the last month of actual service
during the term of reeducation.

The Treasury report shows that
government expenditures for October,
including loans to allies, will reach
one billion dollars, or may exceed
that amount.

**Ugh! Calomel Makes
You Deathly Sick**

Stop Using Dangerous Drug
Before it Salivates you!
It's Horrible!

You're bilious, sluggish, constipated, and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Doan's Liver Tonic and take a spoonful to-night. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick, I want you to go back to the drug store and get your money.

Take calomel to-day and to-morrow you will feel weak, sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Doan's Liver Tonic tonight and wake up feeling great. It's perfectly harmless. Give it to your children any time. It can't salivate, so let them eat anything they want afterwards.

The Insolence of Germany.

That was an apt phrase used by Secretary McAdoo—"the insolence of Germany"—in describing the demand of the German Imperial Government that the United States obey the German war zone decree and refuse American citizens and American commerce the right to use the highways of the sea.

The fact is that insolence and contempt for the American nation and the American people have marked the attitude and conduct of the Imperial German Government from the beginning of the war down to the present day. It consistently showed a contempt for the courage and strength of the Nation and its willingness and its ability to maintain its honor and its rights, and a contemptuous disbelief in the integrity and loyalty of the American people toward toward their Government and toward themselves.

It was not alone that they insulted our Nation's honor by the ruthless murder of our citizens on the high seas, sending to death non-combatant men and women and children, and by denying to our commerce rights long recognized by the international law that prevails among civilized nations. They made every effort and sometimes with success, to foment strikes and disorders among factory and other workers. They sought to debauch the National spirit of the Americans. They sought to make traitors of American citizens and by a systematic campaign of falsehood and chicanery to poison the minds of the American people and more especially the people of foreign birth who were living among us.

They sought to make traitors or slackers of our people and to make enemies of friendly nations. When German representatives and citizen agents living here under our protection, secure in the honor and good faith of America, they themselves were conspiring against the peace of this country, and were in effect actually waging war on this country by giving information by which ships were sunk, and by actual acts of war in the way of the destruction of property and lives committed in this country. When Ambassador Bernstorff in Washington was asking for money to influence the American Congress Zimmerman, the foreign secretary in Berlin, was seeking to array Mexico and Japan against us. The rules of international law regarding ambassadors have been held by honorable nations to be particularly sacred; but German contempt of America violated them without scruple.

Absolute contempt of America's courage and willingness and ability to enforce our rights was shown by the German Imperial Government time and again. With one stroke of the Kaiser's pen in signing the war zone decree it was sought to destroy more than \$3,400,000 of our annual commerce.

Our exports to the nations with which Germany was at war constituted the Greater half of our exports to the entire world. Not all the German Imperial Army and Navy can damage our commerce as much as the German Imperial Government sought to do it by a simple decree which its insolent contempt of the United States led it to believe would be obeyed by us. Not yet, and never, can any nation with impunity order the vessels of the United States off the high seas.

The challenge of the Imperial German Government has been met; sea and land forces have been organized; ships have been purchased and are being built; the nation is being organized all along the line; nearly \$3,000,000,000 have been loaned the nations fighting Germany and more will be furnished them. The irresistible might of this organized invincible Republic is going to vindicate American honor and American rights and establish peace, justice, liberty and right for itself and for the world.

Berlin has invited a comparison between the German support of the seventh German war loan and the American support of the second Liberty loan. This is another evidence of German inability to appreciate American loyalty. How senseless it is, how undeserved by the people of the United States, has been shown time and again. And it is shown again by the subscriptions to the second Liberty loan bonds which overwhelmingly demonstrate that the American people are willing to back to the limit their Government in the prosecution of this just war and show respect to the world that, as the President said, the heart of the country is with our fighting men and with our country's cause.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Doan's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, and acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Under new war ration regulations England has begun the task of reducing wheat consumption for the forthcoming year to less than half the normal consumption before the war began.

WE HAVE THE EARLIEST, BIGGEST, HIGH CLASS STRAWBERRY GROW. Also the Best one or the ever-bearing kinds; bears the best fruit; bears from Spring until the snow flies. Free Booklet. Wakefield Plant Farm, Charlotte, North Carolina. *libbet*

ANGELL SPEAKS ABOUT WAR AND PEACE.

Rally Day Nov. 9 a Fair on a Scale—University to Engage in Farming.

Chapel Hill, N. C., Oct. 30.—Mr. Norman Angell, the distinguished publicist and authority on international problems, recently delivered a powerful address before the University audience on "American Policy at the Settlement." He made clear the necessity of the present war with Germany, and what it should accomplish.

"This war must be fought out and Germany must be beaten, but this will not suffice," Mr. Angell said. "If war is to be avoided in the future, he declared, we must begin now to prepare for peace. This does not mean that an early peace is desirable, but there must be a different kind of peace from those made in the past."

Mr. Angell recommended a parliament of the nations to arrange the final peace terms, the members of which should now be determined. He suggested a peace parliament of two houses—one to consist of the diplomats of the nations and the other to be made up of the representatives of all the factions of each country, as shown in their individual parliaments. In this congress national delegations would cease to vote as a unit, but similar groups from each of the nations would work together and thereby effect a more enduring peace.

Mr. Angell also insisted that many of our old political doctrines, such as the independent sovereignty of the individual State, must be much modified, and the problem of permanent peace must be approached in a new way. War has become internationalized, said the speaker, and no longer can nations wage war individually. There must be some power more than mere police power. There must be a law back of this power to be enforced. States in a society of nations cannot be independent of one another. Mr. Angell stated that Germany should pay for the damage done to Belgium, more for its moral effect than for the material side.

The Chapel Hill community will join with the people of the country-side in celebrating Rally Day here on November 9. As in the past two years, exhibits of farm and household products will be displayed in Memorial Hall and a full program of recreation, instruction and entertainment will be provided for the day. Prof. M. C. S. Noble has general direction of the exercises. A special dinner will be served on the University campus for all who come.

Many prizes have been offered for attractive exhibits of farm products, garden and orchard products, cooking, antiques and school work. Moving pictures, athletic events, will help to fill a busy day. The whole list of exhibits will afford a chance to determine what the community is doing in many fields of auxiliary war service.

According to present plans, the University of North Carolina is to engage in farming on a large scale next year. The Mason farm, the property of the University, of 750 acres, and about two miles from town, will be intensively cultivated for the growing of food crops. Students will be given an opportunity to help defray expenses by work on the farm. A capable farm manager will be in charge.

German People Face a Winter of Suffering.

A dispatch from Copenhagen, Denmark, summarizes some of the things the German people face for the winter, as follows:

There is only enough shoe leather for the use of miners, fishermen, canal workers and a few allied trades. The manufacture of leather footwear for the rest of the population will soon be suspended. They will have to get along with wooden soles and cloth uppers.

There is a big shortage in vegetables and no hope of any material improvement in the fresh vegetable supply. The turnip trust again be one of the main stays of the German diet this winter, although to a less degree than last year.

The fuel problem has not been solved, despite all the efforts made for its solution, and the city populations may expect to notice the results of this fact keenly from time to time. The coal commissioner prophesies that the pinch will be felt here and there within the next few days.

The railway administration of Saxony announces that railway travel will not be allowed without special permission.

Finally, as the fashion plates for winter are out, the government has decreed that women's skirts must be made with a reduced amount of material, which will necessitate their being made both shorter and tighter.

AN OLD MAN'S STOMACH.

As we grow older and less active less and less is required to meet the demands of our bodies. It is too much is habitually taken to the stomach will rebel. When a man reaches the advanced age of 45 or 50, you will find that he is a bit weaker. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain opium, and strengthen the stomach and enable it to take food from Spring until snow flies. Free Booklet. Wakefield Plant Farm, Charlotte, North Carolina. *libbet*

MISS MARIE BRESLIN

Miss Marie Breslin, first-class yeoman assistant to Commander G. G. Mitchell, in charge of the Charleston navy yard. This is the first of the full regulation yeoman uniforms used in the United States.

INDORSES WOMAN SUFFRAGE

PRESIDENT DECLARES IT TO BE ONE OF FUNDAMENTAL QUESTIONS OF DEMOCRACY.

Says "We Ought to Be Quickened to Give This Question of Woman Suffrage Our Immediate Consideration"—Addresses New York Delegation.

Washington.—President Wilson gave full indorsement to woman suffrage as an immediate issue in every state.

Addressing a delegation of 100 leaders of the New York state woman suffrage party who called at the white house to obtain an expression in support of the campaign in that state, the President in emphatic terms declared that woman suffrage is one of the fundamental questions of democracy whose proper settlement is demanded by the issues of the war. He praised the spirit, capacity and vision of American women in the war.

"I believe," he said, "that just because we are quickened by the questions of this war we ought to be quickened to give this question of woman suffrage our immediate consideration."

Speaking as "one of the spokesmen of a great party," the President pledged his hearty support and added:

"I want to speak for myself and say that it seems to me that this is the time for the states of this union to take this action."

Explaining his leaning toward suffrage as a state rather than national issue, he said: "I perhaps may be touched a little too much by the traditions of our politics traditions which lay such questions almost entirely upon the states, but I want to see communities declare themselves quickened at this time and show the consequences of the quickening."

The addresses were delivered in the east room of the white house, in response to remarks by Mrs. Norman De R. Whitehouse.

The suffrage delegation returned to New York confident that the President's enthusiastic indorsement would have its effect at the election November 6.

NEW DRAFT REGULATIONS ARE VIRTUALLY COMPLETED

Washington.—New regulations for applying the army draft were virtually completed at the office of the provost marshal general and probably will be submitted to President Wilson for final approval. The President already has approved the general plan, under which all registered men not yet called will be classified in five groups in accordance with their availability for military service.

AMERICAN STEAMER FIGHTS WITH U-BOAT

Washington.—An announcement by the navy department revealed that the ship which fought a battle with the submarine off the French coast was one of the American Luckenbach steamers and that the fight occurred on October 19. News of the fight was received here in a news dispatch from a French port. According to the navy's advice, nine men were wounded, seven members of the vessel's crew and two sailors.

FOOD DEALERS MUST ACCEPT FAIR PROFIT

FOOD ADMINISTRATION ANNOUNCES PROFITEERING BY RETAILERS MUST STOP. SUPPLIES WILL BE SHUT OFF

Wholesalers Will Be Prohibited From Selling to Dealers Seeking Under Profits—Guard Consumer Against High Prices.

Washington.—Profiteering by retail dealers in foodstuffs is now made impossible, the food administration announced, under a plan to cut off supplies to those not satisfied with reasonable margins. Manufacturers, wholesalers and other handlers of foods whose business will go under if license will not be permitted to sell to distributors who seek undue profits.

"This is one of the most sweeping safeguards," the announcement said, "against high prices which will be incorporated in the licensing system for which complete rules and regulations will be made known within a few days."

This plan, food administration officials believe, will give the government entire control of retail prices. Wholesale and other handlers who continue to sell to retailers at prices they are forbidden to do so by the food administration will be denied the right to sell goods under license.

Authority for extending control to the retailer is cited in the announcement as follows:

"The small retailers of food, of whom there are several hundred thousand in the country, while exempt from the licensing provisions, are nevertheless subject to other provisions of the food control act. Every retailer, as well as every other handler of food, is forbidden under the law to make any unreasonable charge, to hoard, to monopolize, waste, or destroy food, or to conspire with anyone to restrict the production, distribution or supply, or exact excessive prices on any necessities. There are no penalties provided, but the food administration hopes that the arrangement of restricting supplies to violators of the law will be of some effect, for the retailer will find himself unable to buy goods from any wholesaler or manufacturer."

State federal food administrators will be directed to keep a watch for violators and send to the food administration the names of retailers asking excessive prices.

LATEST REPORTS BRING RELIEF TO WASHINGTON

Word That the Italian Line is Holding Relieves Anxiety.

Washington.—Word from Rome that the Italian line was holding against the terrific assault of the Austro-German forces was received by official Washington with eager interest and frank relief. Military authorities here have not disguised their keen anxiety as press reports showed the Italians falling back under the crushing blows of the enemy.

Satisfaction was found also tonight in the announcement from London that steps had been taken by the French and British to support the Italian front. There was no indication of what operations that announcement might foreshadow.

Even accepting the German claims at face value, many officers here believe General Cadorna will be able to check the drive if the morale of his army was not shattered. The announcement from Rome that all elements of the Italian forces were obeying orders of the general staff was viewed as setting at rest, for the time at least, the gravest fears for the final outcome of the struggle.

AMERICAN SOLDIERS CAPTURE FIRST GERMAN PRISONER

With the American Army in France—American batteries are continuing to shell the German lines at regular intervals.

"Snow that fell interferred with all operations. The first German prisoner of war taken by the American expeditionary forces died in an American field hospital, having been shot when he attempted to escape from a post-office in 'No-Land' in front of the American trenches.

He, with another German, was discovered Saturday night by the patrol and was called upon to halt. The Germans ran; the patrol fired and one of the enemy was hit. The prisoner was treated at a dressing station and combined efforts of several surgeons failed to save his life.

The prisoner was a mail carrier, and letters of some value were found on him. He explained his presence near the American trenches, saying he had lost his way in the dark. He declared that the German soldiers did not know Americans were in front.

GAIN 20 POUNDS WOMEN TORTURED

Suffer Terribly With Corns, Because of High Heels, But Why Care Now?

Women wear high heels which buckle up their toes and their suffer terribly from corns. When they proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will on any drug store a quarter of an ounce of a drug called freeze-off is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus, and soon the entire corn or callus, root and all, lifts out without one particle of pain.

To Whom It May Concern:

This is to notify all users of automobile, bicycle and motor cycle castings and tubes that they are doing their bank account a fearful injustice in not using Pennsylvania Rubber Company's goods. The best—no others hold here equal to them. A written guarantee. Should one go bad, then the most liberal settlement. Ask those using Pennsylvania Rubber Company's goods. See me or waste your money.

Very truly,

WINS FIRST PRIZE

Industrial Exhibit for Alamance County Wins First Prize in Class B at Negro State Fair.

The Home-Makers Club, composed of the women and girls in the various school districts, made a very creditable exhibit at the Negro State Fair in Raleigh, October 22-27. Mrs. Bertha Vincent, Colored Supervisor and Industrial Worker for Alamance county, carried these exhibits, which consisted of specimens of sewing, a few handicrafts, canned fruits and vegetables, jellies and preserves, to Raleigh. Prizes were offered to the counties making the largest and best displays. Five counties representing industrial work entered by classes.

Wake county took first prize in Class A, and Alamance county took first prize in Class B. It is very gratifying to see such progress along industrial lines among the negroes of Alamance. It is hoped that the exhibits for the Home-Makers Club of Alamance county will win first prize at the Negro State Fair in 1918.

Rural Carrier Examination.

The United States Civil Service Commission has announced an examination for the county of Alamance, North Carolina, to be held at Burlington on Dec. 8, 1917, (examination starts at 12 m.) to fill the position of rural carrier at Mebane and Snow Camp, and vacancies that may later occur on rural routes from other post-offices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post-office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

The vacancy for which this examination is announced is caused by the enlistment of the carrier formerly employed on the route. Upon his honorable discharge from the military service of the Government he will be entitled to reinstatement in his former position as carrier on this route in accordance with the statute approved July 28, 1916, which is as follows:

"Any postal employee who has entered the military service of the United States or who shall hereafter enter it shall, upon being honorably discharged therefrom, be permitted to resume his position in the postal department which he left to enter such service."

However, any person appointed to this position may, in the discretion of the Post Office Department, be assigned to other parts of the postal service; or transferred to other branches of the classified service for which he is eligible.

ADMINISTRATORS' NOTICE

Having qualified as Administrators of the estate of Barbara A. Loy, deceased, the undersigned hereby notified all persons holding claims against the said estate to present the same, fully authenticated, on or before the 15th day of Oct., 1918, or this notice will be placed in bar of their recovery; and all persons indebted to the said estate are requested to make immediate settlement.

This the 10th day of Oct. 1917.
DOLPH LONG,
I. C. MOSER,
Commissioners.

ADMINISTRATORS' NOTICE

Having qualified as administrator of the estate of Thomas White, deceased this is to notify all persons holding claims against said estate to present the same, fully authenticated, on or before the 29th day of Oct., 1918, or this notice will be placed in bar of their recovery; and all persons indebted to said estate are requested to make immediate settlement.

This October 12, 1917.
CHAS. P. THOMPSON,
Adm'r of Thos. White, dec'd
