LOCAL NEWS.

Very little coal is obtainable here. The dealers here have had none for two or three weeks. It looks like wood will be the chief fuel here this winter.

Mr. Mack May of Gibsonville and Miss Emma Bridges of this county were united in marriage Monday, T. P. Bradshaw, Esq., officiating. The ceremony took place in the office of the Register of Deeds.

Today there is little or no sugar in town. You call your grocer and he says "no sugar." Such things are forcing the realization upon everybody that this country is now at war.

The farmers this fine weather are bending their energies toward seeding the largest wheat crop ever planted. One dealer told the writer that he could not get fertilizer fast enough for the farmers—that he had never seen so great a demand. If you go to the country you will see men and teams busy plowing and seeding. Some are inclined to think it is already a little late for seeding wheat, but you can find plenty of farmers who will tell you that in many instances they have known wheat sowed the latter part of December that made just as good wheat, sometimes better, as that sown weeks earlier. To be sure it is a greater risk to sow late, but the certain demand for wheat to bread the warring nations and our own people next year more than warrants the risk one takes by late sowing.

Sunday School To Be Organized.

On next Sunday, November 11th, Mr. P. S. Dixon and Rev. D. E. Ernhart will organize a Sunday School at Mr. Bob Overman's place, near Holman's Mills, at 2:30 o'clock. Everybody invited to come.

Fine Quality of Syrup.

Mr. Henry Ray, just East of Graham, a day or so ago gave the writer a bottle of fine syrup. One rarely sees any of equal quality. It was made from some cane grown from imported seed.

Child Killed at Corn Mill.

The little child, 2 or 3 years old, of Mr. Jesse Smith, near Oaks, was killed at his corn mill last Saturday afternoon. Mr. Smith has a saw mill and corn mill. On Saturday he grinds corn for his neighbors. The child got too near and was caught by the belt and thrown some distance. The child's neck was broken.

Paris-Dixon.

Both have made their home here for a number of years and their friends extend congratulations and best wishes for long life and happiness.

Colored People Held Community Fair at Woods Chapel Last Saturday.

Reported for The Gleaner.

In obedience to the exhortation of our Honorable Governor, when he made the proclamation that every available spot should be planted that we might have food enough for our soldiers in the trenches who are protecting our flag, which has undergone so many insults from Germany, the colored citizens of Albright township, under the leadership of A. J. Corde, their pastor, who called his official board together and placed the matter before them of having a Community Fair and giving some prizes for public demonstrations. Many opponents were found in the town of Graham, but with the co-operation of the white citizens we went forward, aided by such men as Mr. A. L. Baker, Capt. Jas. N. Williamson, Sheriff C. D. Story, Register of Deeds B. M. Rogers, Mayor Heenan Hughes of Graham, ex-Sheriff R. N. Cook, Mr. P. S. Dixon, Mr. Z. T. Hadley, and others.

November 3rd, was the time appointed for the Community Fair at Woods Chapel. A. M. E. Church. The farmers met at the said place and held their second meeting with the colored Food Demonstrator for Alamance county. After the association adjourned every one went to see the exhibits and hear the orator of the day, Mr. M. C. Terrell, Supt. of Schools for Alamance county. He was introduced by Prof. Gunn, Principal of Burlington Colored Graded School. He made the speech of his life. It appeared he will be a blessing to his race. The colored people are much pleased with him.

The committee on awards consisted of Mrs. Essie Holmes, Mrs. Euna Crossen, Mrs. Beattie Holt, Mrs. Carrie Holt, Miss Maggie Belle Rogers with colored Supervisor, Mrs. Vinson. It was found the community have canned over 3,000 cans of different fruits and vegetables. Prizes were awarded to those who had canned the largest number of cans, as follows: Mrs. Mary Wood, 301 cans, rocking chair; Mrs. W. L. Keck, 279 cans, center table; Mrs. Mariah Holt, 269 cans, bowl and pitcher; Mrs. Virgil Holmes, 230 cans, water set.

Too much praise cannot be given Mr. A. L. Baker for the interest he took in the community. Woods Chapel is going to be made a great social and educational center for the colored people and no doubt a little city will spring up. It needs an industrial school to teach the young men and women to work. It is hoped the day will come when this will be a reality, all for the cause of humanity.

AN OLD MAN'S STOMACH.

As we grow older and less active and less food is required to meet the demands of our bodies. If too much is habitually taken the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a high eater. Be as careful as you can, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain poison, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Unless it can modify the world's climate humanity should quit having wars.
