## THE NEWS OF THE SOUTH

What is Taking Place in The Southland Will Be Found In Brief Paragraphs

To replenish his private fortunes, Secretary of the Treasury McAdoo has resigned, and his resignation will become effective just as soon as Presi-dent Wilson can find a successor.

Revelations of alleged crookedness in the prosecution of many cases, civil and criminal, in San Francisco courts, including a charge that attempts were made to manufacture evidence against Mrs. Rena Herman Mooney, ere contained in a report made public n San Francisco.

In the investigation of the Mooney case, the investigators allege that more than four hundred thousand dollars was the sum paid out in graft. In fact, it is alleged that more than this amount passed hands in one in-

tance.
Reductions aggregating five hundred million dollars in the vield from the new war revenue bill were made by the senate finance committee in re-vsling the measure downward to the six billion dollar total for 1919 propos-

GERMAN PEOPLE ARE NOT IN ANY DANGER OF STARVATION

London.-The Cologne Gazette, o ovember 16, published an article un der the caption, "Armistice and the Food Supply," written by a specialist named Octolshofen, who argued that there could be no question of a shortage of food in Germany, but that it was urgently necessary to reduce

rations. The writer maintained that Ger many could deal with the transport problem by readjustments, reducing the transport of potatoes and vege-tables and confining the transport fa-cilities to foods of greater nutritive value in proportion to their bulk.

Dealing with the harvest, Oetelsho fen estimated the bread corn harvest apart from barley and oats at not less than 12,000,000 tons and the potato harvest at about 47,500,000 tons. The writer pointed out that Germany must have an abundance of sugar, hitherto, had been used as raw material for munitions and Germany now had a sugar harvest of abou
