EUREKA Spring Water FROM EUREKA SPRING, Graham, N. C.

A valuable mineral spring has been discovered by W. H. Ausley on his place in Graham. It was noticed that it brought health to the users of the water, and upon being analyzed it was found to be a water strong in mineral properties and good for stomach and blood troubles. Physicians who have seen the analysis and what it does, recommend its use. Analysis and testimonials will be furnished upon request. Why buy expensive mineral waters from a distance, when there is a good water recommended by physicians right at home? For further information and for the water, if you desire it apply to the undersigned.

DESPERATE FIGHT WITH BOLSHEVIKS

AMERICAN TROOPS ENGAGE IN SEVERAL BATTLES WITH THE BOLSHEVIKI.

SNOW TWO TO FOUR FEET DEEP

Hot Artillery Fire Forces the Americans to Withdraw temporarily from Villages Occupied by Them.

With the American Army on the Dvina—American troops fighting desperately near Kadish, have driven back bolshevik troops which made an advance there. The bolsheviks also launched attacks on the Onega sector and bombarded the allied front. The Americans came into battle along the Petrograd road and in the frozen swamps that border it. The battle was fought in snow from two to four feet in depth.

American forces captured Kadish after a display of gallantry that evoked the admiration of the allied commanders. Special care has been taken of the American wounded and the body of an American officer was taken back to Archangel for burial. There were some casualties, but they were small in comparison to those inflicted upon the enemy.

On Tuesday, the bolsheviks opened a terrific fire from three and six-inch guns and launched a counter-attack against the buildings held by the Americans in Kadish. So hot was the artillery fire that the Americans were withdrawn temporarily from the village. The line, however, was not taken back very far and the new positions were firmly held. The enemy did not occupy Kadish because the barrage fire from the American guns made the place untenable. Shells falling on the frozen ground spread their own destruction twice as far as they would under normal conditions. Later, under the protection of artillery fire, American detachments again swept forward and recaptured the town. The men engaged in the advance were from infantry and trench mortar units.

REVISED STATISTICS SHOW INCREASE OF DEATHS

Washington.—The influenza epidemic which swept the country during the latter part of last year caused 111,688 deaths in the 46 largest cities and increased the combined death rate for those communities to 19.18 to 19.6 per thousand, according to statistics made public by the census bureau. Total figures for the country were not available.

Baltimore with 26.8 per thousand and Nashville with 26.4 had the highest rates of the registered cities. The white St. Paul with 13.9 and Minneapolis and Grand Rapids with 14 each had the lowest.

PROTESTANTS RECEIVED BY PRESIDENT IN CHURCH

Rome After his visit to the Vatican President Wilson returned to the American embassy, whence he drove with Mrs. Wilson, to the American Protestant Episcopal church. He was accompanied by Thomas Nelson Page, the American ambassador; Brigadier General Wm. W. Harris, U. S. A., and Count Brusch-Falgari, gentleman-in-waiting to King Victor Emmanuel and Countess Bruschi-Falgari, lady-in-waiting to Queen Helena.

In the vestry he received representatives of all the Protestant churches in Italy. They were introduced by Dr. Dexter G. Whittinghill, superintendent of the American Baptist mission; Rev. Walter Lowrie, rector of St. Paul's American church, and Francis B. Keene, the American consul general. Other bodies represented were the Waldensian church, the English Baptist missions, the Italian-American Methodist churches, the Wesleyan missions, the Presbyterian church and the British Bible Society.

ROOSEVELT WILL NOT BE CANDIDATE FOR PRESIDENT

Washington.—It is understood here that Col. Theodore Roosevelt is about to announce that he will not be a candidate for the presidency in 1920. His health is poor, and the rigors of a campaign might make it worse. If Mr. Roosevelt gets out of the way it is believed that Senators Lodge, Knox, Watson, Harding and Sherman will enter the race. That is one way of explaining the bitter attacks on the president in the senate.

MEXICAN REFUGEES SEND DELEGATES TO CONFERENCE

El Paso.—Six hundred refugees of all political factions formed an organization here and decided to send delegates to Paris during the peace congress there with a view to obtaining a permanent peace in Mexico and the repatriation of all political exiles in the United States and Europe. Delegates will also be sent to President Carranza, Francisco Villa, and other leaders in the interest of this movement.

BOLSHEVISM REAL PERIL IN EUROPE

SITUATION ASSUMES APPEARANCE OF DECLARATION OF WAR ON THE WORLD.

QUESTION ONE OF 14 POINTS

Direct and Arresting Effect is Being Had Upon the Larger Phases of World Reconstruction.

London.—As one surveys the map the truth becomes more and more obvious that the various sectors in Europe which present entirely chaotic conditions are increasing in numbers instead of decreasing. Just at present Poland looms large. Vilna, Lemberg and Warsaw rivet attention one day and Reval and Riga the next.

The fact is, the bolsheviks, having decided to enlarge their sphere of control, have declared war upon the world at large. This doubtful situation arises from the fact that bolshevism is a state of mind rather than a state of territory also from the further fact that there are hundreds of thousands of men in Russia who must either join the bolshevik forces or starve or freeze.

MUST GUARANTEE INTERESTS OF GREAT WORKING CLASSES

Milan.—President Wilson voiced again his views that the working people of the world demanded from the coming peace conference not merely treaties of peace but guarantees of the justice and the future of the peace to be made. He declared his belief that the social structure of the world rested upon the great working classes and reiterated his conviction that the peace must be made with the sentiment of these classes constantly kept in view.

The President made these declarations in his speech at the reception given him by the municipality, his principal speech of the day.

ROOSEVELT BURIED WITHOUT POMP, CEREMONY OR FLOWERS

Oyster Bay, N. Y.—Colonel Theodore Roosevelt, 26th President of the United States, who died at his home on Sagamore Hill was laid to rest without pomp or ceremony in Young's Memorial cemetery in this village. He was buried on a knoll overlooking Long Island sound, a plot he and Mrs. Roosevelt selected soon after he left the White House.

In the words of the clergyman who conducted the funeral service, "America's most typical American, known in every corner of the earth, will go to his grave as a quiet, democratic, Christian country gentleman, beloved by his neighbors."

SPREAD OF BOLSHEVISM IN NEW YORK ALARMING

New York.—Department of Justice agents in New York who have been watching German suspects in this city have been assigned to the work of frustrating the activities of five groups of bolsheviks which have established headquarters here. The spread of bolshevism was admitted to have become "alarming."

APPROPRIATIONS COMMITTEE APPROVE REQUEST OF WILSON

Washington.—By a vote described as "very close," the house appropriations committee approved the request of President Wilson that Congress appropriate \$100,000,000 for relief work in Europe, outside of Germany.

COLONEL THEODORE ROOSEVELT DIES AT HOME IN OYSTER BAY

HIS HEALTH FOR THE PAST YEAR HAD BEEN FAILING RAPIDLY

Ex-President Had Not Been Well for Many Months and Suffered Affliction New Year's Eve Which Was Pronounced as Being Sciatica, Later Diagnosed as Inflammatory Rheumatism Which Was the Immediate Cause of His Sudden Passing Away.

THEODORE ROOSEVELT

Oyster Bay, N. Y.—Colonel Theodore Roosevelt died in his sleep early Monday morning at his home on Sagamore Hill in this village. Death is believed to have been due to rheumatism which affected his heart.

The colonel suffered a severe attack of rheumatism and sciatica on New Year's day but he believed his illness would likely prove fatal. The former President sat up most of Sunday and retired at 11 p. m. About four a. m. Mrs. Roosevelt, who was the only other member of the family at Oyster Bay, went to her husband's room and found that he had died during the night.

Mrs. Roosevelt telephoned to Colonel Emilin Roosevelt, cousin of the former President, and he came to the Roosevelt home immediately. Telegrams were dispatched to the colonel's children, who were in other parts of the country. Two of the colonel's sons, Major Theodore Roosevelt, Jr., and Captain Kermit Roosevelt, are in service abroad.

Captain Archie Roosevelt and his wife left New York Sunday night for Boston, where the captain's wife's father is ill. Mrs. Ethel Derby and her two children are in Aiken, S. C.

Telegrams of condolence and sympathy began to pour in from all parts of the country as soon as the news of Colonel Roosevelt's death became known.

The former President came to his home on Sagamore Hill from the Roosevelt hospital on Christmas day, but a week later was stricken with a severe attack of rheumatism and sciatica, from which he had been suffering for some time. The rheumatism affected his right hand and it became much swollen. He remained in his room and efforts were made to check the trouble. Saturday the colonel's secretary, Miss Josephine Stricker, called to see him but the colonel was asleep in his room. Miss Stricker said no one had any idea that death was so near at hand.

Flags were placed at half mast in Oyster Bay Monday.

Been Unwell Past Year. New York.—Colonel Roosevelt's last illness may be said to date from last February. On February 5 it was announced he had been removed from his home in Oyster Bay to the Roosevelt hospital in this city, following an operation on one of his ears. Soon after his arrival at the hospital he underwent two more operations for the removal of diseased tissues in his infected ear and it was admitted at the time he was seriously ill.

ARMY TRUCKS INJURE ROADS Enormous Cars Do Almost Irreparable Damage to Highways, Improved or Unimproved.

Every state highway department which has had experience with army trucks knows that these enormous cars do almost irreparable damage to all roads, improved or unimproved. This is particularly true when the autos move in trains, as is customary.

The first international athletic contest in America since 1914 may eventually be in the next few months as the result of a formal invitation which has been extended to the Swedish Athletic Association to send a team to this country to compete in the coming indoor games.

Plans for removal of the two hundred seriously wounded soldiers who were aboard the stranded transport, Northern Pacific, were disrupted when a driving northeast snowstorm set in. The lights of the rescue fleet were obscured as the storm developed, and the powerful Fire Island light, visible under normal conditions for ten miles, could not be seen from the shore a mile away.

Remarkable as it may seem, despite the blinding storm at Fire Island, every one of the wounded soldiers were removed from the transport, Northern Pacific, without injury. Not a life was lost, and there was no untoward event except the capsizing of a lifeboat.

Rear Admiral Rodman, who commanded the American fleet in the North sea during the war, declares that the German navy is not needed, being of a different type to that of any of the allies. Therefore, he says it would be a waste of money to pay to maintain them, and advises that every one of them be sent to the bottom of the sea to keep McGilly company.

The cost of warships is 50 per cent higher. The ten battleships and six battle cruisers authorized in 1916, it is estimated, will cost nearly \$150,000,000 more than at first thought.

Plans for the routing of inland freight intended for export, including food for the American army and for starving people in Europe by way of Atlantic and gulf ports, were discussed recently in New York by army and navy officers, representatives of the federal railroad and food administration and other government bodies and trans-Atlantic steamship companies.

When these plans are adopted, which will be shortly, they will place practically an embargo on export freight from New York, Philadelphia and Boston, and will mean much for Southern ports.

Relief work being carried on in northern France by the commission for relief in Belgium and the pitiable condition of the one and a half million inhabitants of that section who escaped the German invasion are described in a cablegram received at the headquarters of the commission in Washington from Herbert C. Hoover at Paris.

The government's loss in operating the railroads in 1918 is calculated by the railroad administration officials at less than one hundred and fifty million dollars. This represents the difference between the aggregate amount the government will be compelled to pay railroad companies as rental for the use of their properties—the so-called guaranteed return—and the net income which the government will receive from the railroads.

Deportation of most of the 3,000 or 4,000 enemy aliens now interned in the United States will be recommended to congress shortly by the department of justice. Special legislation will be required for the deportations, and it was learned the department of justice will ask also for authority to prevent the reentry of these men into this country later.

With the completion of the proposed new three-year building program, adding ten dreadnaughts, six battle cruisers, ten scout cruisers and 130 smaller craft, the United States fleet will rank second in naval strength to Great Britain, said Secretary Daniels, who appeared before the committee to make his final recommendation for the 1920 naval bill which the committee is considering.
