Maxima Litvinoff, former Bolshevik ambassador at London, has sent a note to President Wilson declaring that the Bolshevik government of Russia is prepared to cease its world propaganda if the allies will agree to enter into peace negotiations with it.

Dr. Karl Liebknecht and Rosa Luxemburg have been killed. Both were in a Berlin hotel. Doctor Liebknecht was arrested and in trying to escape was shot by a soldier. Fraulein Luxemburg was roughly handled, thrown into an automobile and a man jumped on the running board and shot her through the head. It is supposed that her body was thrown into the canal, but it has not been found.

London advices are that there are apprehensions of a general strike in Germany to avenge the death of Karl Liebknecht and Rosa Luxemburg, the Spartacan leaders.

The German Spartacan bunch is apparently losing its grip. The Independent Socialists, who charge the Spartacans with being traitors to the middle classes and laborers, have determined to get rid of them one way or another, typical of the German way of settling things.

The London Central News declares that as a result of the allied discussions in Paris the whole aspect of demobilization has undergone a sudden and vital change, this being shown in the drastic conditions demanded of Germany for a renewal of the armistice. The decision is that Great Britain, in proportion to its military strength, must maintain an army of occupation on the Rhine for many months.

Marshall Foch has presented the following new armistice terms: Retribution on all Germans for murder and ill-treatment of prisoners; stolen machinery and goods to be given up; German gold amounting to more than one hundred million pounds sterling to be moved from Berlin to a safe place; Germany's 4,000,000 tons of shipping to be handed over to the allies; an U-boat on the stocks to be handed to the allies for disposal; no more submarines to be built.

The London Daily Mail says that the British navy has provided appliances to rob the submarine of its sting, but says that the use of submarines in war is original and should not be tolerated.

All American ships which were requisitioned by the United States shipping board during the war have been released to their owners with the exception of those actually engaged in army service.

DISARMAMENT IS A DELICATE PROBLEM

STATESMEN DRAWING TOGETHER
ON STRUCTURE TO HAVE
SUPPORT OF ALL

BRITISH LARGELY AFFECTED

Rejects Theory of Super-Sovereignty
of an International Police Force;
Early Return to Normal State.

Paris.—The plans for a league of nations have been reduced to very definite form. The general indications are that the statesmen of the principal nations are steadily drawing together on a structure which will have the support of all.

It is understood that the general plan which is now most approved in substance by all the parties concerned rejects the theory of the super-sovereignty of an international police force. It also contemplates the working out, as the development of the league progresses, of the most delicate question of all—disarmament—which particularly affects the British navy.

The same principle, it is proposed, shall apply to the other nations associated in the war against Germany.

Such a plan will delegate to various commissions and committees detailed problems which shall be reported with recommendations to the league itself. The probability of such a plan being adopted justifies previous forecasts that the principal accomplishments of the peace conference as it now sits in Paris will be agreement on broad general principles, leaving the details to be applied in accordance therewith and the making of a preliminary peace which will return the world at the earliest moment possible to its normal status.

**KAISER LEGALLY RESPONSIBLE
FOR CRIMES OF WORLD WAR**
Paris.—Some points in the reports to which Mr. Clemenceau referred, when he had been consulted two eminent jurists on the penal responsibility of the former German emperor, were made public. The report was drawn up by Ferdinand Lassalle, dean of the Paris law faculty, and Dr. A. G. de Lapradelle, professor of rights of nations in the same faculty.

The object of the inquiry was to investigate from a purely judicial point of view the crimes committed by the German government and army involved the penal responsibility of the former German emperor, what tribunal should judge him and whether his extradition could be demanded.

The two French jurists prove that the extradition of the former German emperor cannot be refused, as he is not a political refugee. The report says: "It is anti-judicial to assimilate war with conspiracy. Crimes of war are crimes of public law and international law, not political crimes."

PERIL OF FRANCE IS WORLD'S PERIL

THE SUPREME COUNCIL HEARS
REPORT OF AMBASSADOR ON
CONDITIONS IN RUSSIA.

THE ENEMY OF THE ENTENTE

Tyranny and Terror Should Place the
Bloody Chiefs of Moscow and
Petrograd Outside the Peace.

Paris.—The two notable events of the day were the meeting of the supreme council to consider the Russian situation and the gala luncheon to President Wilson at Luxembourg palace.

The luncheon, besides bringing together a brilliant assemblage, also brought out the declaration from President Wilson that "the peril of France if it continues, will be the peril of the world, and not only France must organize against the peril, but the world must organize against it."

The meeting of the supreme council was attended by President Wilson, Secretary Lansing and representatives of the other four great powers.

**ALL UNITED STATES TROOPS
TO WITHDRAW FROM BELGIUM**
Brussels.—In order to facilitate the reworking and reconstruction of Belgium, which has been hampered by the exclusive use of railways for military purposes, Marshal Foch, at the request of the Belgian government, has decided to withdraw the British and American forces now in Belgium and employ them elsewhere.

**DECLARES THE POORIMS
IN LEMBERG ARE TERRIBLE**
Prague.—A Jewish woman who has arrived here from Lemberg declares the poorims there are terrible. She said: "When on December 23 the Jews accompanied their dead to the tomb, the remains of the Tablets of the Law which had been buried in the synagogues were buried with them. Pogroms were also frequent in Grodek."

**LABOR SHORTAGE AND HIGH
WAGES FOR YEAR FORECAST.**
Chicago.—A continued labor shortage, with resultant high wages for at least another year, was forecast at a conference between 75 men representing the various railroads centering in Chicago and government and state employment officials.

**TURKISH LIBERALS SEND
DELEGATES TO PARIS.**
Geneva.—The congress of Turkish liberals assembled in this city today elected Chieftain Pasha to attend the Paris peace conference and give him full power to act. He has been instructed to present the rights and claims of the Turkish people and also to take up the question of food for the Turkish people.

**HEAVY VOTE IS REPORTED, AS
CAST IN GERMAN ELECTIONS.**
London.—"The course of the elections throughout the German state," says a German government wireless dispatch, "has clearly proved that the government interests the whole German nation. Participation in the elections was strong everywhere the sharpest contradiction to the indifference which vast classes, especially the bourgeoisie, have shown on the occasion of former elections."

POSTPONED ARMY REORGANIZATION

BILL OF WAR DEPARTMENT TO
BE LAID OVER TO NEXT
SESSION OF CONGRESS.

THE DECISION DEFERS DEBATE

Military Committee of House in Conference With Baker and March Practically in Agreement.

Washington.—The house military committee practically reached an agreement in conference with Secretary Baker and General March, chief military reorganization bill until the next session of Congress and with it a large part of the prospective debate over the future military policy of the country.

A suggestion by Chairman Dent that a legislative rider on the army appropriation bill continuing the existing war organization of the department and the "regular army for another year, a substitute for the reorganization measure, met with the approval of Mr. Baker and apparently with that of a majority of the committee members.

The proposal grew out of a conference at which Secretary Baker and the chief of staff explained the reorganization measure framed by the department, providing for a regular army of 500,000 men to be raised by voluntary enlistment on a flat three-year basis. The bill also would have made permanent the absolute control exercised by the chief of staff as a wartime necessity.

**PRESS RELATIONS DELICATE
WITH THE PEACE CONFERENCE**
Paris.—"The problems between the peace delegates and the press, that is, between the governments and public opinion is made particularly delicate," says The Temps, "by the following considerations:

**NECESSARY THREE-FOURTHS
FOR PROHIBITION IS SECURED**
Washington.—Ratification of the federal constitutional prohibition amendment made the United States the first great power to take legislative action to permanently stop the liquor traffic.

**GERMAN ARMISTICE IS
EXTENDED BY A MONTH**
Paris.—The German armistice has been extended by one month by the commissioners who have concluded their session at Treves.

**ROMANIAN GOVERNMENT
HAMPERED BY BOLSHEVIKI**
Bucharest.—The new liberal government which entered office under Tir stanu, after Marchelion's fall, has to cope with an extremely difficult situation owing to a shortage of fuel and the activities of German and Russian bolsheviks who are taking advantage of the present economic conditions and are trying to create anarchy with the object of frustrating the union of the sister provinces with the mother country.

**SENATOR LAFOLLETTE IS
EXONERATED BY SENATE**
Washington.—By a vote of 50 to 21, the senate adopted a resolution dismissing disloyalty charges brought against Senator LaFollette, of Wisconsin by the Minnesota Public Safety Commission, because of his speech on the war delivered before the Non-Partisan League at St. Paul, Minn. September 20, 1917. The resolution said the speech did not justify any action by the senate.

AMERICAN FORCES PRAISED BY FOCH

RIVER RHINE MUST BE MADE
BARRIER BETWEEN FRANCE
AND GERMANY.

HAVE DEVIL'S OWN PLUCK

Allies Were Magnificently Comforted
by the Presence and Virility of
the American Troops.

Treves.—It is the conviction of Marshal Foch that the Rhine must be made the barrier between Germany and France. He expressed this clearly when he received American newspaper correspondents. The marshal is here in connection with the meeting concerning the extension of the German armistice.

Marshal Foch praised the work of the American troops and said General Pershing had asked that the American forces be concentrated for an attack on one sector. The allied generalissimo admitted that the Argonne Meuse front, where the Americans began their offensive on September 26, was a "sector hard to tackle". The marshal said he had told General Pershing:

"Your men have the devil's own pluck. They will get away with all that. Go to it."

"This is for me," Marshal Foch began, "a happy opportunity to tell you of the good things I think of our American army and of the part it played on our side.

**GERMAN ARMISTICE IS
EXTENDED BY A MONTH**
Paris.—The German armistice has been extended by one month by the commissioners who have concluded their session at Treves.

**PADERWSKI FORMS NEW
POLISH CABINET IN PART**
Warsaw.—Ignaco Jan Paderewski, having reached an agreement with General Pilsudski, has succeeded partly in forming a new Polish cabinet. General Pilsudski will be foreign minister under Mr. Paderewski as premier which will permit Pilsudski to retain much of his power.

**JOINT COMMITTEE ASKS
WILSON TO RAISE EMBARGO**
Washington.—President Wilson was urged, in a cablegram sent by a joint committee from the cotton states to raise the embargo on cotton. Senator Smith, of South Carolina, who is Representative Lever, of that state, are chairmen of the senate and house committees, said the president was appealed to because it is believed impossible to enact during the present session legislation amending the cotton futures act.
