DEAN STACY DEAD.

The University has had another serious loss in the death of Dr. M H. Stacy, acting President since the death of President Graham in Octo ber last. He died Tuesday morning from influenza and complica tions. He had been connected with the University for about twenty years-since his graduation there. The State Senate passed resolutions paying tribute to his memory. Dean Stacy has a brother in the State Senate and another brother on the Superior Court bench.

THOMAS SETTLE DIES IN ASHE-VILLE.

Last Monday night about o'clock Thomas Settle died at the Mission Hospital in Asheville after a brief illness from pneu monia. The passing of Mr. Settle removes one of the State's best known citizens. He was 54 years of age. Since young manhood he had been almost constantly in public life. He was a son of the late Judge Thomas Settle whom he surpassed as a public speaker. He was born in Rockingham coun ty, but spent his boyhood days in reensboro, where he lived until he moved to Asheville about 15 years ago. He was Solicitor of the 7th District for four terms: then, in 1892, he was elected to Congress and served two terms. He made the race for Governor on the Republican ticket against Gov. Locke Craig. The remains were buried in Greene Hill ceme tery, Greensboro, Wednesday evening.

LEGISLATIVE ITEMS.

On Monday the Senate and House adjourned in respect to the memory of Robert E. Lee and Stonewall Jackson, the 19th, Sunday, being the anniversary of the birth of Gen. Lee. It is Lee-Jackson day, Gen. Jackson's birthday being on 21st. Senator Scales of Guilford has

introduced a bill in the Senate to give women of the State the right to vote in legalized primaries of the State under the State-wide primary law, and provides for an amendment to Chapter 101, laws of 1915. This is in accordance with an agreement with suffragists at a conference some two weeks before and all that would be asked of this Legislature.

A joint resolution of the Senate and House has been passed to invite President Wilson to speak in Raleigh on his speaking tour when he returns from France Also another joint resolution en dorsing plan to raise funds by popular subscription to erect a memorial building in Raleigh to the memory of those who gave their lives in the war against Germany. This is a fitting thing to do, and it should be as durable as human genius can devise.

A bill is being considered to provide for a minimum six months' public school in every school district according to the constitutional amendment. The matter of teachers' salaries is inclass of educated workers whose Stop Using Dangerous Drug Before it Salivates you! responsility is so burdensome as that of the teacher, that is a poorly paid as the teacher is.

Influenza Regulations

At a meeting of the County Board of Health in Graham, January 21. 1919, the following orders were passed:

That all doctors practicing in Alamance county be required from and after this date to post a notice, in form furnished by this Board, in a public place upon each house in which there is a case of Influenza under his treatment. That all house-holders in whose house a case of Influenza exists be requir-

ed to report the same to some practicing doctor of Alamance county and procure and post a notice as provided by this Board. That said notice be kept posted so long as such case continues in said house. This order is in force from date, until repealed.

That violations of this regulation be punished as provided by law.

It is further ordered that the Chairman of the Board of Health be empowered to employ some one to see that the above regulations are carried out and to make such contract with him concerning salary and term of service as

It is ordered that it shall be the duty of each doctor practicing in Alamance county to report to the Superintendent of Health, by letter or 'phone, on each Monday and Thursday, the number of new cases of Influenza that he has seen professionally or prescribed for since the previous Monday or Thursday, as the case may be. This order shall be force from date until repealed.

It is ordered that all shows and entertainments shall be closed on and after January 27th until March 1st, unless repealed.

It is ordered that all persons, firms or corporations in Alamance county, selling, serving, or dispensing ice cream or so-called soft drinks shall only serve the same in original bottles or in sanitary, individual paper cups or saucers without holders or attachments of any kind, and that only individual sanitary one-time used spoons may be used in, at, or about the places where such re-freshments are served. That other drinking vessels or spoons, or spoon receptacles, be not used at or about said place of sale, and that such washing, as is necessary be done in running water and no basin or sink be allowed to stand full of water after it has been contaminated by any washing of cups, hands, fountains, etc. This order shall be in force from January 27th for 90 days thereafter, unless sooner repealed. Any person, firm or corporation violating this order shall be deemed guilty of a misdemeanor, and, upon conviction, shall be fined as provided by law.

The Board adjourned to meet the first Monday in February at 10 a.m. to elect a County Health and Sanitary Officer.
