

THE GLEANER

ISSUED EVERY THURSDAY. J. D. KERNODLE, Editor. \$1.00 A YEAR, IN ADVANCE.

Governor Bickett has written an open letter to "Mr. Average Citizen." The letter appears in full in this paper on this date.

The last Legislature passed a "child welfare" law that is now in effect. A statement by the child welfare commission is printed elsewhere in this issue.

Who Dr. Chase Is Outside of school circles not many people seem to know who the newly elected president of the University is.

Dr. Harry Woodburn Chase, the newly elected president of the University of North Carolina, was born in Groveland, Mass., 35 years ago, and was educated in the public schools of that town and at Dartmouth College.

Following the death of Dr. Edward K. Graham, Dr. Chase was named as acting dean of the College of Liberal Arts and Sciences.

Dr. Chase made a favorable impression upon the executive committee of the board of trustees, with whom he has been in conference frequently since he has been chairman of the faculty.

Mr. Liar of Yonkers has had his name changed by order of court, which will give him a proper excuse if anybody calls him "out of name."

There is one thing about this home brew, you can get a home "stew" and not have to depend upon the cook either.

The German fleet was sunk "without warning" and without honor. There may soon be "Seeing the United States" aircraft in which one may get a quick, six-hour survey of one's country for a price based upon whatever the traffic will bear.

A LETTER FROM THE GOVERNOR TO

Mr. Average Citizen.

My Dear Mr. Average Citizen:

An intimate acquaintance with you, extending over a number of years, leads me to write you this intensely personal letter. I know that you love the truth, that you are a robust champion of the square deal.

The most vital power of the State is the power to tax, and you believe that this vital power should be exercised with a full knowledge of the truth. You believe that from this full knowledge of the truth there will flow perfect equality in taxation.

For the first time in the history of the State you, Mr. Average Citizen, have it in your power to write the full truth and perfect equality in the tax books of the State. You have never been called upon to do this before; indeed, you have never been permitted to do this before.

Now, Mr. Average Citizen, you will receive a questionnaire and will be called upon to swear before God and to all your fellow-citizens what is the fair market value of your property.

When you, Mr. Average Citizen, tell the truth about your property, it will do no good for your neighbor, Mr. Undesirable Citizen, to tell a lie about his property.

And when you, Mr. Average Citizen, tell the unvarnished truth about your property, that truth will do no good for your neighbor, Mr. Undesirable Citizen, to tell a lie about his property.

When all the property in the State shall be placed on the books at its fair market value, many benefits will accrue to you, Mr. Average Citizen.

1. You will have the great satisfaction of knowing that the record written by all the people of the State is a true record and not a libel on the commonwealth.

2. You will know that every discrimination in taxation is wiped out, and that every citizen is carrying his fair part of the burden.

You, Mr. Average Citizen, will at once perceive the essential justice in thus equalizing the public burden. I call on you to lend your vigorous support, first, by example, and then by precept, to this attempt by the General Assembly to build up a taxation system in North Carolina grounded on perfect truth and perfect justice.

Sincerely yours, T. W. BICKETT, Raleigh, N. C., July 11, 1919.

Law on Child Welfare

Commission Holds in Effect July 1st - No Prosecutions for Violations Until After July 15.

The State Child Welfare Commission, composed ex-officio of Dr. E. C. Brooks, Dr. W. S. Rankin, and Commissioner R. F. Jansley, held a session late Friday afternoon for the purpose of considering questions relating to the Child Labor Law which automatically went into effect July 1.

"Sec. 5. No child under the age of fourteen years shall be employed, or permitted to work, in or about or in connection with any mill, factory, cannery, workshop, manufacturing establishment, laundry, bakery, mercantile establishment, office, hotel, restaurant, barber shop, boot-black stand, public stable, garage, place of amusement, brick yard, lumber yard, or any messenger or delivery service, except in cases and under regulations prescribed by the commission hereinafter created."

It will be seen from the concluding sentence of the last paragraph that the Commission is empowered to make exceptions and regulations of a modifying nature. The Commission takes the position that the law went into effect July 1 in all its implications and will remain so unless reasonable cause is shown why the Commission should make some modifications.

In order to be fully advised on this matter, the Commission sets August 5 and 6 for a public hearing to be held in the Hall of the House of Representatives. Any parties who believe that any modifications should be made in the law in the discretion of the Commission are invited to be present on that occasion, either in person or by representative, for the purpose of stating their position. Letters will also be accepted by the Commission from any persons who are not able to be present, and will be given due consideration. Inasmuch as the Legislature gave some degree of discretion to the Commission, the members take the position that the public should be heard in behalf of any exceptions which may be urged. It specially emphasizes the fact that the law is in full effect as written unless some modification is made as a result of the public hearing.

From letters received by the Commission, it appears that at least some parties in the State have been expecting some announcement regarding modifications of the law. The Commission therefore is of the opinion that no prosecutions for violation of the law, if there be such, should be pressed, unless occurring after July 15, 1919, by which time it is expected that this announcement will have fully reached the public. After that date, any violation of the law which comes to the attention of the Commission will have prompt attention.

Endowment Elon Goes Beyond \$300,000.

Elon College, July 12.—The special campaign for additional endowment for Elon closed officially on June 30th, but belated subscriptions from various parts of the field have been coming in almost daily ever since and for this reason public announcement of the total of the campaign has so far been withheld. It was stated at the Administration offices this morning that the total subscription has gone beyond the \$300,000 mark by several thousand dollars, and this announcement will bring great joy and satisfaction to the host of Elon friends and alumni in this and other States.

This campaign has been the most successful and at the same time the most spectacular of any that Elon has ever conducted for increased facilities for its plant or endowment. The campaign began on Feb. 16th and was prefaced by a call for twenty additional young men who should give themselves to the gospel ministry in preparation here. The whole church was called upon to pray for a week to this end, and then on the 23rd of February the campaign itself for funds was launched. At that time the local church at Elon had subscribed slightly beyond \$16,000 for the campaign and the campaign itself had been started in the most distant church of the Elon territory, in Dover, Del. The church in Dover was asked to give \$2,000 and gave \$4,200, and with that beginning it was seen that the fund was destined to meet with a hearty response in all sections of the church.

The amount asked for was \$250,000 and each church was assigned a quota based on its membership and its previous record for benevolences. When the campaign closed on June 30th every church of the two hundred and twenty-eight to which Elon ministers had been given opportunity to contribute to the fund, and practically every one of them gave its full quota, several of them doubling and four quadrupling it.

In the drive the largest contribution by a single church was given by the congregation in Suffolk, Va. The quota was \$18,750 for this church and the subscription totalled \$50,600. The pastor of this church is Dr. W. W. Staley, who was for eleven years Elon's president, and this account for the generous liberality of that congregation to the fund. The church that made the largest percentage of increase over its quota is located at Waverly, Va. It gave four times its quota and \$1,300 above that. The pastor of this church is Rev. James L. Foster who was for many years the superintendent of the Christian Orphanage here and who led the congregation in his church in a very forceful and successful manner.

The campaign was under the supervision of a Drive Committee consisting of Col. J. E. West, Hon. K. B. Johnson, Dr. R. M. Morrow, and Dr. W. W. Staley. This committee outlined the plan of the campaign and directed its work. The field men were under the direction of the president of the college and did their work in a most satisfactory manner, with the result as stated above that \$300,000 and more has been raised on a quota of \$250,000.

This money is to be used for strengthening the college internally and will aid greatly to Elon's facilities to serve her growing constituency.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned tablets are marked with the safety "Bayer Cross." Ask for and insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage. Aspirin is the trade mark of Bayer manufacturer of Monocetacilic acid ester of Salicylic acid.
