LOCAL NEWS.

Mr. E. Lee Henderson is still confined to his home. His improvement is slow. Mr. B. M. Rogers, Register of Deeds, has rented the A. J. Thompson residence on Albright Ave. and will move to town.

Mr. M. L. King, of The Gleaner force, had the misfortune to fall a few days ago and received bruises about his right shoulder which interfere with his doing his regular work.

The Gleaner was pleased to have a visit from Mr. Ed. L. Tate last Thursday evening. Mr. Tate took his first lessons in the printing business with The Gleaner more than thirty years ago. Twenty years ago he spent a short while in Burlington. During the intervening years he spent about ten years in Texas—all these years, however have been devoted to the printing business. He is a good printer and an excellent man. On the first he went with the Burlington News and will handle the local and business end of that paper.

Auto Hit by Train.

Last Saturday Curtis Andrews and John Patrum of this place were on their way to High Point in auto. At the Buffalo crossing a few miles east of Greensboro the auto was struck. Both men were badly hurt. Andrews had both legs and one arm broke and was badly bruised about the head, while Patrum escaped with severe bruises. Both were brought to Rainey Hospital for attention. Patrum recently returned from overseas and was going to High Point to be married.

Two Alamance Boys Made County Supts. Schools.

Two Alamance boys have recently been elected County Superintendents of Schools for other counties. Prof. Frank Foust, for a number of years at the head of Pleasant Garden High School, goes to Hoke county, and Mr. G. O. Rogers, graded school superintendent before going to the war, goes to Dare county. Both are well equipped and experienced educators and were reared on adjoining farms a mile or so south of Graham.

Graham Boy Scouts Going to Mountains.

Graham Troop Boy Scouts, about 35 strong, Scoutmaster Lon G. Turner in charge, expect to start to the Western part of the State at 7 o'clock this evening. They will make the trip in two big trucks, carrying a full supply of provisions for the trip and a complete camp equipment. They propose to travel all night and reach Bessemer City tomorrow evening, where they will be given a reception by the Boy Scouts and Camp Fire Girls of that place. Their outing will cover about a week. They will visit Chimney Rock and other points of interest in the mountains. They are looking forward to a delightful trip, and it is hoped they will have it and that nothing may happen to mar it in the least.

Sylvan School This Year Adds Vocational Agriculture and Allied Subjects.

The long cherished hope of the patrons of Sylvan High School and Trustees of the Hammer Fund is to be accomplished this year. As a Department of the High School, Vocational Agriculture will be taught under the Smith-Hughes Act of the Federal Government. Prof. R. H. Hutchinson of Combs Co., an expert in need and trained teacher, who has been secured as Principal, will devote half of his time to teaching Vocational Agriculture. Boys fourteen years of age and over who wish to study agriculture will, besides English, Mathematics, and one other subject, take a course in Animal Husbandry, with a home application of the same. The course is primarily intended for country boys who expect to remain on the farm. Special emphasis will be laid on the fundamentals and the practical phases of farming. The final aim will be to make farming more efficient, satisfying and wholesome.

Mrs. C. C. Thompson spent a few days last week in Asheville and Winston-Salem with relatives.

Mr. John W. Stockard, near Saxapahaw, is visiting here at the home of his son, Mr. H. J. Stockard.

Mr. and Mrs. John Hout of Chapel Hill are visiting at the home of the former's sister, Mrs. R. L. Holmes.

Prof. and Mrs. L. L. White and children of Winston-Salem are visiting near her mother, Mrs. T. C. Foust, near here.

Mrs. Eugene F. Knight, who has been visiting her parents, Mr. and Mrs. Jas. P. Smith, will return to her home in Durham tomorrow.

Mrs. Riddle left Sunday for Baltimore for treatment. Her brother, Mr. J. Dolph Long, with whom she is spending some time, accompanied her.

Miss Louise Moore, who has been working in Spencer, returned to her home here Friday and has accepted a position with the L. Banks Holt Mfg. Co.

Mrs. Don. F. Noyes of Bridgewater and Miss Josephine Noyes of Brooklyn, N. Y., arrived here yesterday on a visit to the former's sister, Mrs. Chas. A. Thompson.

Mrs. Jas. D. Proctor and little Misses Elizabeth and Mary Catharine of Lumberton arrived here last Friday evening on a visit to the home of Mrs. Proctor's parents, Mr. and Mrs. J. D. Kernodle, and she and Miss Mary Catharine left Tuesday for Greensboro to spend a few days.

Medames J. L. Scott and W. R. Goley and Misses Blanche Scott and Marce Goley left Sunday afternoon for a two weeks' trip to New York, Buffalo and other northern points. They went by way of Norfolk where they took the boat for New York. They were joined by Miss Mary Lou Powell of Whiteville who arrived here Saturday.

Another High School.

A petition for a local tax election to be held in the Oakwood school district, Morton township, was presented to the County Commissioners Monday, Aug. 5, and the election was ordered for Tuesday, September 9, 1919. J. W. Gilliam, Jr., was appointed registrar and I. N. W. Garrison and R. L. Somers as poll holders. It is proposed to enlarge the present district by taking in a part of the Alamance district and some territory from the adjacent district in Guilford county. There is no doubt about the election being carried, it is learned, as the interest of the people in the proposition for a high school has already been evidenced by the large number of signatures to the petition and a bona fide subscription to the amount of \$645.00 for the purpose of running the school for the first year before the special tax will be available. As the present building will not be large enough, Gilliam's Academy will be rented, and possibly purchased. This will be the fifth rural high school for Alamance county, which puts the county towards the front in matter of secondary education.

Southwest Alamance.

So much rain hinders the cultivation of crops in our section. They will all be short. Fruit is scarce, and the scarcity of sugar is a problem the housewives cannot handle in caring for the fruit they have. Homer Foster attended the Baptist Association held with the Denim Branch church in Greensboro. Alice Foster of Greensboro is visiting relatives and friends near Oakdale. Rev. John A. Hackney will preach at Mt. Zion Baptist church on the fifth Sunday in this month. Everybody invited. Oakdale school is progressing nicely under the management of Misses Cheek and Whitmore.

KEEP STRONG

As an aid to robustness, thousands upon thousands use Scott's Emulsion as regular as clock-work the year around. A rich tonic, Scott's emulsion is abundant in elements that contribute to the up-building of strength. Be sure that you buy Scott's Emulsion. Scott & Bowne, Magnolia, N. J.

COUNTY COMMISSIONERS.

Hard Surface Road From Trolinwood to Guilford Line to be Built.

The Board met Monday. The bulk of the business was of a routine character. State Highway Project No. 22 as revised was accepted. It is for a hard surface road from Trolinwood to the Guilford line at Gibsonsburg, seven and a half miles in length, the eastern limits of Graham and the western limits of Burlington forming the connecting link, and it is to be the class of road recently completed between Graham and Burlington. Late advice from the State Highway commission is that the contract for this road will be let on Aug. 28.

Com'rs. Albright and Warren were named a committee to make arrangements for the county appraisers to visit different parts of the county in the discharge of their duties.

The Galbraith-Hawfields road is to be worked by order of the Board.

SEND HOLSTEINS TO FRANCE

Herd of Pure Breds and Grades Purchased by French Commission to Be Sent Over.

(Prepared by the United States Department of Agriculture.) American dairy cattle are to follow American soldiers to France. One hundred and four Holstein-Friesian cows—42 pure bred and 62 grades—and four pure-bred bulls are to leave this country shortly on a specially equipped transport, "Passports" have been issued to Havre, France, and from there the cattle will be sent to devastated districts where they will do their bit in bringing back health and happiness to the children of those regions. The cattle were purchased by the French high commission, and at the commission's request dairy specialists of the United States department of agriculture assisted in selecting the animals.

Efforts were made to collect the animals from herds believed to be free from contagious disease, especially tuberculosis.

Of the entire number of cattle selected from 42 herds a very low percentage reacted to the tuberculin test. Special efforts were made to select only well-grown, large, strong animals, of good conformation, which showed evidences of becoming large milk producers. In age they varied from two to four and one-half years, so that a long period of usefulness is ahead. All were due to freshen soon after arrival in France, so that milk will be available at once.

The animals were shipped from the assembling points by express to New York, where they are to be loaded on a specially equipped transport. To insure proper care throughout the ocean voyage, a dairy expert of the United States department of agriculture will accompany the shipment.

Members of the French high commission expressed themselves as being well pleased with the cattle selected. It is understood that the urgent demand for milk from the war-stricken areas.

KILL SQUIRREL-TAIL GRASS

Weed Can Be Eradicated by Preventing It From Producing Seed—It is Harmful to Stock.

Squirrel-tail grass or wild barley is a bad weed. It helps spread the seed of wheat and oats which has been on it every year for 30 years in Iowa, and it is injurious to stock, and especially horses. The awns pierce the mucous membrane of the mouth causing irritation and finally ulceration of the jawbones and teeth. The seed of this grass can be exterminated by this simple method, but it is often difficult to do on land that cannot be plowed or mowed.—North Dakota Agricultural College.

Acting upon the advice of the Mexican government, John West Thompson, an American ranchman living near Mexico City, has paid the \$500 pesos ransom demanded by bandits for the release of his 14-year-old son, the state department has been advised. The Mexican authorities, it is stated, feared the boy would be murdered before he could be rescued and advised paying the money.

A USEFUL PAIN

Graham People Should Heed Its Warning.

Have you a sharp pain or a dull ache across the small of your back? Do you realize that it is often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. See Doan's Kidney Pills Profit by a Graham resident's experience.

Mrs. Bettie L. Pickard, W. Elm St., says, "About two years ago I was troubled with a dull nagging pain in the small of my back. It was very nervous and dizzy. The black specks returned my sight. The kidney secretions passed irregularly, too. When Doan's Kidney Pills were recommended to me, I got a box from Graham Drug Co., and they cure the back-ache and rid me of the dizziness. I can't praise Doan's highly enough. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pickard had. Foster-McBurn Co., Mfgs., Buffalo, N. Y."

An attempt was made in the foreign relations committee to reduce the sum payable to Colombia from \$25,000,000 to \$15,000,000, but was defeated by 11 to 2.

The century-old senate custom of considering treaties in secret session was broken when the long pending Colombian treaty was taken up. This decision was reached by unanimous consent of the senate membership.

The special defensive treaty with France, which Republican senators have declared President Wilson is holding from the senate in violation of its own terms, will be submitted for ratification.

German cotton mills with ten million spindles estimated as still suitable for operation can consume about one million bales of American cotton during the next year, if means are found to finance the movement of the commodity from the United States, says a report from Erwin W. Thompson, commercial attaché of the bureau of foreign and domestic commerce, just made public.

Cotton experts are agreed that the cotton in public store in the United States is nearly all of grades below those desired by American cotton mills.

PUT WINGS TO YOUR CAR!

Fill up Your "Crank Case" With "Green Flag" Motor Oil, And Ride as Easy as an Airplane!

A smooth running motor, with her power up to the "top" notch, running without a "buck" or a thump or a jar, makes it a genuine pleasure in driving a car. Correct and QUALITY lubrication is the answer. It's the difference between trouble and pleasure. To those who appreciate just what correct and "quality" lubrication means, this information is superfluous. They don't have these troubles. Most of them use "GREEN FLAG" MOTOR OIL exclusively, and have forgotten what "engine troubles" are.

Your engine and motor are lubricated by a special system, provided by the manufacturer for that purpose. This system reaches every part of the motive power and its parts with minute regularity. If this automatic system of lubrication were not provided, you could not run a motor car at all. If you had to personally oil some 18 or 20 parts of the engine and motor every day before you started out, even if such a plan was necessary, and you knew exactly

where and how to distribute the oil, very few motor cars would be in operation. But the lubricating system of every car obviates any attention on your part except having the oil put in the heart of the system as you need it. That's easy. You just drive up and have the dealer put in the necessary amount. But the general falling of most drivers of cars is this—they drive up and say—"GIVE ME A QUART OF OIL." That isn't the correct way to ask for it, to get the best results. Drive up and say—"GIVE ME A QUART OF 'GREEN FLAG' OIL."

There are a number of "GREEN FLAG" MOTOR OIL stations in this county. The dealers are well-known and reliable, and you can buy "GREEN FLAG" MOTOR OIL from any one of them with the assurance that you are getting the best oil, and the grade of oil best adapted for your needs. It will pay you to drive out of your way to buy "GREEN FLAG" MOTOR OIL from any of the following well-known dealers—

CUT THIS OUT.

SPECIAL NOTICE: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritable, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant to grow strong and healthy. The lack of phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 50 percent in a few weeks' time in many instances. Dispensed by Hayes Drug Co.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone corns but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet and then lift them off. When Freezone removes warts from the toes or calluses from the bottom of the feet the skin beneath is left pink and healthy and never sore, tender or irritated.
